Edward Stratemeyer and the Stratemeyer Syndicate Deidre Johnson,1993 Born in 1862, this man was one of the most prolific children's writers in the United States, and he exploited the market to its fullest potential. After some publishing successes himself in the 1890s, he developed the Stratemeyer Syndicate - a type of production factory for series books. Stratemeyer would conceive ideas for series, draft an outline for each book, and hire writers to turn the outlines into full-length manuscripts, all published under pennames. The syndicate kept between 19 and 31 series in progress until Stratemeyer's death in 1930, when his daughters assumed control, publishing over 480 books. Not all the books were popular, but by experimenting with different types of series, using timely material, and reflecting prevailing social values, Edward Stratemeyer and the Syndicate offered readers vicarious wish fulfillment.--BOOK JACKET.
