**The Fantastic Made Visible** Matthew Wilhelm Kapell, Ace G. Pilkington, 2015-10-14 Fantasy and science fiction began in print, and from the first films to the latest blockbusters, print stories have provided the inspirations, the ideas, and in some cases the detailed blueprints. Adaption Studies has long been an area of intense debate in literature and film studies, but no single work has ever approached fantasy and science fiction texts as unique and important areas of inquiry by themselves. The Fantastic Made Visible with 16 fresh essays is the first book to do exactly that. From the earliest adaptations of Jules Verne, Robert A. Heinlein, and Shakespeare to recent films based on The Hobbit, Planet of the Apes, and The Hunger Games, this book offers a wide range of critical approaches and films from around the world.

**Голодные игры: И вспыхнет пламя / The Hunger Games: Catching Fire** Сьюзен Коллинз, 2019-03-10 Вопреки всему, Китнисс и Питу удастся выжить в безжалостных Голодных Играх. Однако дерзкая выходка с ядовитыми ягодами, позволившая им обоим вернуться домой, не проходит бесследно. Ведь если одна простая девочка может бросить вызов Капитолию, чтобы защитить своих любимых, и уйти невредимой... Что мешает остальным сделать то же самое? Текст произведения снабжен грамматическим комментарием и словарем, в который вошли все слова, содержащиеся в тексте. Благодаря этому книга подойдет для любого уровня владения английским языком.

How Stella Learned to Talk Christina Hunger, 2021-05-04 INSTANT NEW YORK TIMES BESTSELLER An incredible, revolutionary true story and surprisingly simple guide to teaching your dog to talk from speech-language pathologist Christina Hunger, who has taught her dog, Stella, to communicate using simple paw-sized buttons associated with different words. When speech-language pathologist Christina Hunger first came home with her puppy, Stella, it didn't take long for her to start drawing connections between her job and her new pet. During the day, she worked with toddlers with significant delays in language development and used Augmentative and Alternative Communication (AAC) devices to help them communicate. At night, she wondered: If dogs can understand words we say to them, shouldn't they be able to say words to us? Can dogs use AAC to communicate with humans? Christina decided to put her theory to the test with Stella and started using a paw-sized button programmed with her voice to say the word "outside" when clicked, whenever she took Stella out of the house. A few years later, Stella now has a bank of more than thirty word buttons, and uses them daily either individually or together to create near-complete sentences. How Stella Learned to Talk is part memoir and part how-to guide. It chronicles the journey Christina and Stella have taken together, from the day they met, to the day Stella "spoke" her first word, and the other breakthroughs they've had since. It also reveals the techniques Christina used to teach Stella, broken down into simple stages and actionable steps any dog owner can use to start communicating with their pets. Filled with conversations that Stella and Christina have had, as well as the attention to developmental detail that only a speech-language pathologist could know, How Stella Learned to Talk will be the indispensable dog book for the new decade.

The Ballad of Songbirds and Snakes (A Hunger Games Novel) Suzanne Collins, 2020-05-19 Ambition will fuel him. Competition will drive him. But power has its price. It is the morning of the reaping that will kick off the tenth annual Hunger Games. In the Capitol, eighteen-year-old Coriolanus Snow is preparing for his one shot at glory as a mentor in the Games. The once-mighty house of Snow has fallen on hard times, its fate hanging on the slender chance that Coriolanus will be able to outcharm, outwit, and outmaneuver his fellow students to mentor the winning tribute. The odds are against him. He's been given the humiliating assignment of mentoring the female tribute from District 12, the lowest of the low. Their

fates are now completely intertwined - every choice Coriolanus makes could lead to favor or failure, triumph or ruin. Inside the arena, it will be a fight to the death. Outside the arena, Coriolanus starts to feel for his doomed tribute . . . and must weigh his need to follow the rules against his desire to survive no matter what it takes.

**Events That Changed the Course of History** Kimberly Sarmiento,2017-01-17 It's been 75 years, and yet December 7, 1941, is still a date that will go down in the memories of Americans as one of the most devastating parts of World War II. Learn about the surprise attack on Pearl Harbor and how this event would lead the United States to declare war on Japan, Germany and Italy, joining World War II two years after it began.

Catching Fire Suzanne Collins,2009 Katniss Everdeen continues to struggle to protect herself and her family from the Capitol in this second novel from the bestselling Hunger Games trilogy.

**Battle Royale: The Novel** Koushun Takami,2009-11-17 In an alternative future Japan, junior high students are forced to fight to the death! L to R (Western Style). Koushun Takami's notorious high-octane thriller is based on an irresistible premise: a class of junior high school students is taken to a deserted island where, as part of a ruthless authoritarian program, they are provided arms and forced to kill one another until only one survivor is left standing. Criticized as violent exploitation when first published in Japan-- where it then proceeded to become a runaway bestseller--Battle Royale is a Lord of the Flies for the 21st century, a potent allegory of what it means to be young and (barely) alive in a dog-eat-dog world. Made into a controversial hit movie of the same name, Battle Royale is already a contemporary Japanese pulp classic, now available for the first time in the English language. A group of high school students are taken to small isolated island and forced to fight each other until only one remains alive! If they break the rules a special collar blows their heads off. Koushun Takami's brutal, high-octane thriller is told in breathless, blow-by-blow fashion. Battle Royale is a contemporary Japanese pulp classic now available for the first time in English.

**The Daughter of Time** Josephine Tey,2009-09-14 Inspector Alan Grant of Scotland Yard, recuperating from a broken leg, becomes fascinated with a contemporary portrait of Richard III that bears no resemblance to the Wicked Uncle of history. Could such a sensitive, noble face actually belong to one of the world's most heinous villains, a venomous hunchback who may have killed his brother's children to make his crown secure? Or could Richard have been the victim, turned into a monster by the usurpers of England's throne? Grant determines to find out once and for all, with the help of the British Museum and an American scholar, what kind of man Richard Plantagenet really was and who killed the Princes in the Tower.

In protecting his camp from starvation, raids from other factions and the threat of being kidnapped, he has enough to worry about before he finds Grace. Noise, Water, Meat Douglas Kahn,2001-08-24 An examination of the role of sound in twentieth-century arts. This interdisciplinary history and theory of sound in the arts reads the twentieth century by listening to it—to the emphatic and exceptional sounds of modernism and those on the cusp of postmodernism, recorded sound, noise, silence, the fluid sounds of immersion and dripping, and the meat voices of viruses, screams, and bestial cries. Focusing on Europe in the first half of the century and the United States in the postwar years, Douglas Kahn explores aural activities in literature, music, visual arts, theater, and film. Placing aurality at the center of the history of the arts, he revisits key artistic questions, listening to the sounds that drown out the politics and poetics that generated them. Artists discussed include Antonin Artaud, George Brecht, William Burroughs, John Cage, Sergei Eisenstein, Fluxus, Allan Kaprow, Michael McClure, Yoko Ono, Jackson Pollock, Luigi Russolo, and Dziga Vertov.
