**Secrets of the Millionaire Mind** T. Harv Eker, 2009-10-13 #1 New York Times, Wall Street Journal, and USA Today Bestseller! *Secrets of the Millionaire Mind* reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking *Secrets of the Millionaire Mind*, T. Harv Eker states: Give me five minutes, and I can predict your financial future for the rest of your life! Eker does this by identifying your money and success blueprint. We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. *Secrets of the Millionaire Mind* is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and revise it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen Wealth Files, which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

**The Millionaire Mind** Thomas J. It's an inspiration for anyone who has ever been told that he wasn't smart enough or good enough.” —Associated Press “A high IQ isn't necessarily an indicator of financial success . . . Stanley tells us that the typical millionaire had an average GPA and frugal spending habits—but good interpersonal skills.” —Entertainment Weekly “Ideas bigger than the next buck.” —Orlando Sentinel

Yet few people have become wealthy. In *The Millionaire Real Estate Mindset*, Russ Whitney asks, "Why isn't everyone rich?" and perhaps more important, "Why aren't you rich?" What is missing in most people's real estate strategy, Whitney says, is the millionaire real estate mindset. And, in this book, he tells readers exactly how to develop one. Whitney explains how you can break free of the fears that hold so many people back. A key part of succeeding in real estate, Whitney claims, is a willingness to spend time educating yourself about the various techniques, options, insights, and possibilities it entails. Other professions and trades require years of education and practice before you can hope to generate significant income. Building wealth in real estate requires similar focus and dedication. He provides specific investing strategies that can work in virtually any market, whether you have cash to start, or not. Once you have a few successes under your belt, he encourages investors to move up to larger deals. He explains the complexities of raw land investing and development as well as international real estate investing. He examines a variety of funding techniques, from no-money-down to syndications to make the wisest use of your cash. Whitney candidly discusses what can go wrong and how to anticipate and address unpleasant surprises. From invaluable insights into personal motivation, to advice on improving one's communication skills, strengthening relationships, and building personal financial strategies, Whitney helps readers overcome feelings of insecurity about investing and move into the market with certainty and self-assurance. With its unique focus on the psychological aspects of investing—an ingredient missing from other how-to real-estate investment guides—*The Millionaire Real Estate Mindset* will enable readers to break through the "poverty" mentality, take advantage of the booming real estate market, and join the ranks of the rich and superrich.
