Minecraft: The Voyage Jason Fry,2020-05-05 Join a daring expedition into strange new lands with this official Minecraft novel! When a young man is ripped from his quiet life and stranded far from home, he must learn not only how to survive, but how to live. Stax Stonecutter has lived a peaceful—if unremarkable—life in his small town in the Overworld. The son of great adventurers and wise builders, Stax prefers an easier life. He loves to tend to his gardens and play with his cats all day, rather than venturing out to explore the surrounding lands. It’s quiet on his estate, even lonely sometimes, but it suits Stax well enough. His solitude is shattered when a mysterious stranger arrives with a band of merciless raiders. In one terrible night, Stax’s old life is taken from him, and he is left stranded in the middle of nowhere, angry and alone. He’s never left home, and now he knows why: everything beyond the boundaries of his little town is scary and dangerous! But as he begins his long journey back, Stax encounters fascinating travelers who show him that there’s more to the Overworld than marauding pirates and frightening mobs; there are beautiful lands to explore, fantastical contraptions to build, and new friends to meet. It may have taken losing everything he once knew, but on his adventure Stax finds something more valuable than all the diamonds in the Overworld: a whole wonderful world that’s just waiting to be explored.

When his friend, Austin, a crafter, joins him for the first time in search of the vast amounts of ore and treasure in the Underground, a climactic series of events is set into motion. There is something below the Underground though, and Austin is sure that the world's strongest materials are there for the taking. But so too are some of the world's most dangerous creatures, legendary items, and magical secrets. Cave-ins, explosive detonations, massive spiders, and the undead-these are all common problems for Vincent and his team of miners and crafters. Join them as they strategically battle new threats, enchant their gear with new power, and explore caves flowing with lava and teeming with darkness incarnate. Book Two: Hell and Back In the wake of finding a legendary magical stone, Vincent has been teetering on the edge of disaster at every turn. His friend, Mary, has disappeared into a trans-dimensional rift, and to save her life against a monstrous golem, he and his team of miners and crafters must follow her into the unknown. Vincent, with the help of the impulsive crafting genius, Austin, and a skilled enchanter, Anne, must tread bravely into new dimensions and overcome his greatest challenges yet. But Vincent's dreams-of black shapes, of giants, and of fire-are omens destined to fulfill themselves. As some of Vincent's team crafts new technology, Vincent decodes a ciphered tome containing secrets of worlds they have never heard of. The deeper the group delves into its pages, the more they realize that the book may be the work of a madman bent on summoning an ancient evil. And the deeper Vincent delves into the caves and portals of his world, the more he realizes that the mysteries of the Nether and the End are slowly opening up to him-though it may cost him his life. Book Three: Of Dragons and Demons The Obsidian Chronicles reaches its most climactic chapter as Vincent and his team of miners and crafters face their ultimate challenge. When Vincent and his team accidentally summon an eldritch horror to their plane of existence, all of their preparations and training gets put to the test. Magically enchanted weapons and armor are the only defenses that the strategic Vincent, the genius Austin, and their team of skilled friends have against the Wither.
