*The Morning After* Katie Roiphe,1994-09-07 When Katie Roiphe arrived at Harvard in the fall of 1986, she found that the feminism she had been raised to believe in had been radically transformed. The women's movement, which had once signaled such strength and courage, now seemed lodged in a foundation of weakness and fear. At Harvard, and later as a graduate student at Princeton, Roiphe saw a thoroughly new phenomenon taking shape on campus: the emergence of a culture captivated by victimization, and of a new bedroom politics in the university, cloaked in outdated assumptions about the way men and women experience sex. Men were the silencers and women the silenced, and if anyone thought differently no one was saying so. Twenty-four-year-old Katie Roiphe is the first of her generation to speak out publicly against the intolerant turn the women's movement has taken, and in *The Morning After* she casts a critical eye on what she calls the mating rituals of a rape-sensitive community. From Take Back the Night marches (which Roiphe terms march as therapy, and rhapsodies of self-affirmation) to rape-crisis feminists and the growing campus concern with sexual harassment, Roiphe shows us a generation of women whose values are strikingly similar to those their mothers and grandmothers fought so hard to escape from - a generation yearning for regulation, fearful of its sexuality, and animated by a nostalgia for days of greater social control. At once a fierce excoriation of establishment feminism and a passionate call to our best instincts, *The Morning After* sounds a necessary alarm and entreats women of all ages to take stock of where they came from and where they want to go.

The Morning After Lisa Jackson,2020-12-01 HIS VICTIMS . . . A woman is frantic as she awakens in a dark, closed space. From above her comes the muffled sound of cruel laughter, followed by the hard splatter of dirt. Pure terror takes over as she realizes she's being buried alive—and her last breath is a scream that no one but a sadistic killer will hear . . . WILL TAKE HIS SECRETS . . . To journalist Nikki Gillette, this disturbing story is a ticket out of small-town Savannah and on to the big time. She's already given the killer a nickname—The Grave Robber—and she's spending every minute dogging tough cop Pierce Reed's investigation, trailing him through Savannah's deep thickets and crumbling cemeteries...even though she's starting to wonder about the secrets he's keeping . . . TO THE GRAVE Another body is found. And another. Each gruesome discovery unnerves Nikki a little more...there's something familiar about it, something she should know. Now, as a serial killer pulls her ever deeper into his sick game, she has no idea how close she's getting to the truth—or how deadly it will be . . .

*The Morning After* Chantal Hébert,2015-09-01 A #1 national bestseller, winner of the QWF Mavis Gallant Prize for Non-Fiction, and finalist for the BC National Award for Canadian Non-Fiction and the Shaughnessy Cohen Prize for Political Writing, *The Morning After* is a sly, insightful and wonderfully original book from one of Canada's most popular political analysts, Chantal Hébert, and one of Quebec's top political broadcasters, Jean Lapierre. Only the most fearless of political journalists would dare to open the old wounds of the 1995 Quebec referendum, a still-murky episode in Canadian history that continues to defy our understanding. The referendum brought one of the world's most successful democracies to the brink of the unknown, and yet Quebecers' attitudes toward sovereignty continue to baffle the country's political class. Interviewing seventeen key political leaders from the duelling referendum camps, Hébert and Lapierre begin with a simple premise: asking what were these political leaders' plans if the vote had gone the other way. Even two decades later, their answers may shock you. And in asking an unexpected question, these veteran political observers cleverly expose the fractures, tensions and fears that continue to shape Canada today.

*The Morning After* Heather Munro Prescott,2011-09-15 Since 2006, when the “morning-after pill” Plan B was first sold over the counter, sales of emergency contraceptives have soared, becoming an \$80-million industry in the United States and throughout the Western world. But emergency contraception is nothing new. It has a long and often contentious history as the subject of clashes not only between medical researchers and religious groups, but also between different factions of feminist health advocates. *The Morning After* tells the story of emergency contraception in America from the 1960s to the present day and, more importantly, it tells the story of the women who have used it. Side-stepping simplistic readings of these women as either radical feminist trailblazers or guinea pigs for the pharmaceutical industry, medical historian Heather Munro Prescott offers a portrait of how ordinary women participated in the development and popularization of emergency contraception, bringing a groundbreaking technology into the mainstream with the potential to alter radically reproductive health practices.

The Morning After George F. Will,1986 With a zesty blend of skepticism and candor, *The Morning After* presents Will's inimitable insights on everything from the shortfalls of conservatism in power--especially in an era that purports to exalt its truths--to the 100th anniversary of Mark Twain's birthday.

Hungover Shaughnessy Bishop-Stall,2018-11-20 “Bishop-Stall insists that hangovers... [are] worthy of a cure. After years of dogged research around the globe, he finds one — just in time for the holidays.” —Washington Post “[An] irreverent, well-oiled memoir...Bishop-Stall packs his book with humorous and enlightening asides about alcohol.” —The Wall Street Journal One intrepid reporter's quest to learn everything there is to know about hangovers, trying all of the cures he can find and explaining how (and if) they work, all so rest of us don't have to. We've all been there. One minute

you're fast asleep, and in the next you're tumbling from dreams of deserts and demons, into semi-consciousness, mouth full of sand, head throbbing. You're hungover. Courageous journalist Shaughnessy Bishop-Stall has gone to the front lines of humanity's age-old fight against hangovers to settle once and for all the best way to get rid of the aftereffects of a night of indulgence (short of not drinking in the first place). Hangovers have plagued human beings for about as long as civilization has existed (and arguably longer), so there has been plenty of time for cures to be concocted. But even in 2018, little is actually known about hangovers, and less still about how to cure them. Cutting through the rumor and the myth, *Hungover* explores everything from polar bear swims, to saline IV drips, to the age-old hair of the dog, to let us all know which ones actually work. And along the way, Bishop-Stall regales readers with stories from humanity's long and fraught relationship with booze, and shares the advice of everyone from Kingsley Amis to a man in a pub.

Like a Beggar Ellen Bass,2015-10-15 Featured on NPR's The Writer's Almanac "Ellen Bass's new poetry collection, *Like a Beggar*, pulses with sex, humor and compassion."—The New York Times "Bass tries to convey everyday wonder on contemporary experiences of sex, work, aging, and war. Those who turn to poetry to become confidants for another's stories and secrets will not be disappointed."—Publishers Weekly "In her fifth book of poetry, Bass addresses everything from Saturn's rings and Newton's law of gravitation to wasps and Pablo Neruda. Her words are nostalgic, vivid, and visceral. Bass arrives at the truth of human carnality rooted in the extraordinary need and promise of the individual. Bass shows us that we are as radiant as we are ephemeral, that in transience glistens resilient history and the remarkable fluidity of connection. By the collection's end—following her musings on suicide and generosity, desire and repetition—it becomes lucidly clear that Bass is not only a poet but also a philosopher and a storyteller."—Booklist Ellen Bass brings a deft touch as she continues her ongoing interrogations of crucial moral issues of our times, while simultaneously delighting in endearing human absurdities. From the start of *Like a Beggar*, Bass asks her readers to relax, even though bad things are going to happen, because the bad gets mined for all manner of goodness. From *Another Story*: After dinner, we're drinking scotch at the kitchen table. Janet and I just watched a NOVA special and we're explaining to her mother the age and size of the universe— the hundred billion stars in the hundred billion galaxies. Dotty lives at Dominican Oaks, making her way down the long hall. How about the sun? she asks, a little farmshit in the endlessness. I gather up a cantaloupe, a lime, a cherry, and start revolving this salad around the chicken carcass. This is the best scotch I ever tasted, Dotty says, even though we gave her the Maker's Mark while we're drinking Glendronach... Ellen Bass's poetry includes *Like A Beggar* (Copper Canyon Press, 2014), *The Human Line* (Copper Canyon Press, 2007), which was named a Notable Book by the San Francisco Chronicle, and *Mules of Love* (BOA, 2002), which won the Lambda Literary Award. She co-edited (with Florence Howe) the groundbreaking *No More Masks! An Anthology of Poems* by

Women (Doubleday, 1973). Her work has frequently been published in The New Yorker, American Poetry Review, The New Republic, The Sun and many other journals. She is co-author of several non-fiction books, including The Courage to Heal: A Guide for Women Survivors of Child Sexual Abuse (HarperCollins, 1988, 2008) which has sold over a million copies and been translated into twelve languages. She is part of the core faculty of the MFA writing program at Pacific University.
