J. P. Devine

Touched by Darkness Catherine Spangler,2007-01-02 Dr. Kara Cantrell settled in the sleepy town of Zorro, Texas, convinced she and her child had escaped the sinister reach of a supernatural underworld. But now dark forces may jeopardize her new life. Her only hope is Damien Morgan, a dangerous, alluring man with superhuman abilities. He and Kara share a mystical link that triggers desires they must ignore. But as they work together to protect her son, and begin tracking the evil stalking them, something threatens to push them toward the edge...of darkness.

The Stranger in the Woods Michael Finkel,2018-01-30 NEW YORK TIMES BESTSELLER • The remarkable true story of a man who lived alone in the woods of Maine for 27 years, making this dream a reality—not out of anger at the world, but simply because he preferred to live on his own. “A meditation on solitude, wildness and survival.” —The Wall Street Journal In 1986, a shy and intelligent twenty-year-old named Christopher Knight left his home in Massachusetts, drove to Maine, and disappeared into the forest. He would not have a conversation with another human being until nearly three decades later, when he was arrested for stealing food. Living in a tent even through brutal winters, he had survived by his wits and courage, developing ingenious ways to store edibles and water, and to avoid freezing to death. He broke into nearby cottages for food, clothing, reading material, and other provisions, taking only what he needed but terrifying a community never able to solve the mysterious burglaries. Based on extensive interviews with Knight himself, this is a vividly detailed account of his secluded life—why did he leave? what did he learn?—as well as the challenges he has faced since returning to the world. It is a gripping story of survival that asks fundamental questions about solitude, community, and what makes a good life, and a deeply moving portrait of a man who was determined to live his own way, and succeeded.

The Sentinel Lee Child,Andrew Child,2020-10-27 #1 NEW YORK TIMES BESTSELLER • THE BLOCKBUSTER JACK REACHER SERIES THAT INSPIRED TWO MAJOR MOTION PICTURES AND THE STREAMING SERIES REACHER Jack Reacher is back! The “utterly addictive” (The New York Times) series continues as acclaimed author Lee Child teams up with his brother, Andrew Child, fellow thriller writer extraordinaire. “One of the many great things about Jack Reacher is that he’s larger than life while remaining relatable and believable. The Sentinel shows that two Childs are even better than one.”—James Patterson As always, Reacher has no particular place to go, and all the time in the world to get there. One morning he ends up in a town near Pleasantville, Tennessee. But there’s nothing pleasant about the place. In broad daylight Reacher spots a hapless soul walking into an ambush. “It was four against one” . . . so Reacher intervenes, with his own trademark brand of conflict resolution. The man he saves is Rusty Rutherford, an unassuming IT manager, recently fired after a cyberattack locked up the town’s data, records, information . . . and secrets. Rutherford wants to stay put, look innocent, and clear his name. Reacher is intrigued. There’s more to the story. The bad guys who jumped Rutherford are part of something serious and deadly, involving a conspiracy, a cover-up, and murder—all centered on a mousy little guy in a coffee-stained shirt who has no idea what he’s up against. Rule one: if you don’t know the trouble you’re in, keep Reacher by your side.

Letters to Martin Randal Maurice Jelks,2022-01-11 You'll find hope in these pages. —Jonathan Eig, author of *Ali: A Life* Letters to Martin contains twelve meditations on contemporary political struggles for our oxygen-deprived society. Evoking Martin Luther King Jr.'s Letter from Birmingham Jail, these meditations, written in the form of letters to King, speak specifically to the many public issues we presently confront in the United States—economic inequality, freedom of assembly, police brutality, ongoing social class conflicts, and geopolitics. Award-winning author Randal Maurice Jelks invites readers to reflect on US history by centering on questions of democracy that we must grapple with as a society. Harkening to the era when James Baldwin, Dorothy Day, Reinhold Niebuhr, and Richard Wright used their writing to address the internal and external conflicts that the United States faced, this book is a contemporary revival of the literary tradition of meditative social analysis. These meditations on democracy provide spiritual oxygen to help readers endure the struggles of rebranding, rebuilding, and reforming our democratic institutions so that we can all breathe.

Winter Dana Wilde,2021-05-20 The naturalist, says Emerson, must satisfy all the demands of the spirit. Dana Wilde does that by uniquely unifying acute perception with that transcendental metaphysic that Emerson unabashedly called Love. Wilde is the poet of facts, his science always in the service of reverence and his universal intimations of spirit never the easy gold of fay or elf, as Robert Frost praised a practice of the natural supernatural. Wilde is not an excursionist, but a seer who observes the comprehensive, year round fluidity of nature surrounding him and the eternal cosmos above him from his backyard in Troy, Maine. He is the best of the real thing, letting the obdurate bleakness and the rampant beauty of Maine inform each other in wit that is invariably wise and intimate. Every essay in this book can teach us like parables of understanding and reason how to unite devotion and thought to be whole people in our waking lives. --William Hathaway, author of *Dawn Chorus* and *The Right No From* first signs or

unseen sense of Fall's closing in, to the certain loosening thaws and drips prefacing ice out, from First Peoples' tellings and showings to the habits of next inhabitants here, now, and in whatever untamed future survives the changing climate, this book is a fire for the darks and lights of winter in Maine. And a source, as any fire is, of realization, solace, and meditation burning perfectly, steadfastly, through Winter's grief and any joy to be found. Season by season, discovery by revelation, no one in Maine works harder, truer, nor more beautifully and imaginatively than Dana Wilde. --Patricia Ranzoni, author of *Settling and Bedding Vows*

The Fastest Hound Dog in the State of Maine John Gould,2021-09-15 Part fable, part folklore, *The Fastest Hound Dog in the State of Maine* is Yankee story telling at its very best. A man needs a dog to catch long-legged rabbits, so he buys a hound with longer legs than the rabbits. It's the fastest dog he's ever seen--the fastest dog anyone has ever seen. The dog is so fast, in fact, the man takes on the Bangor & Aroostook Railroad in some friendly competition. Hilarity ensues. Based on Maine folklore, and told as only John Gould can tell it, this story rightfully belongs to the times before television, before radio, when folks sat and talked and told stories. Yet it is a story for all times with its humor--warm as a Maine hearth--and distinct Yankee voice.

The Goose Lady Barbara A Walsh,2021-05-28 For 23 years, Marjorie Bean Scott dressed a cement goose on her front lawn in Augusta, Maine. She made over 100 outfits for the friend she affectionately called, 'Goosey.' Thousands of tourists, children, and grownups photographed the goose and gave it gifts. People wrote letters thanking The Goose Lady for putting a smile on their faces and stirring joy in their hearts. TV reporters and local papers wrote stories about the goose and *Down East Magazine* listed The Augusta Goose as one of Maine's treasured monuments in its June 1999 edition. Marjorie helped pick out the goose's outfits until her death in December, 2014 just a few weeks before her 96th birthday. Goose now resides at Farrington Elementary School, a mile from Marjorie's home. Each day, school children choose outfits to dress Goose.

This Day in Maine Joseph Owen,2021-08-03 Since achieving statehood in 1820, Maine has developed into a sometimes mythical vacationland of moose and lobsters and lighthouses set against breathtaking vistas and endless natural beauty. But the state's history is more real than postcards; replete with tragedy and triumph, and boasting powerful politicians, brilliant inventors, successful athletes, and talented creative professionals. Although a small state, it has often touched the world in an outsized way, from the heroics of Joshua Lawrence Chamberlain at Little Round Top during the Civil War to the inspiration and sadness of young Samantha Smith during the Cold War. Along the way, Margaret Chase Smith has inspired, Stephen King has scared, and the Ice Storm challenged. This fascinating book from Joseph Owen, a long-time newspaperman, chronicles day-by-day, from January 1 to December 31, the highlights and lowlights, the famous and infamous, and the big and small of everyday life in Maine. Perfect for history buffs, lovers of Maine, and those looking to learn more about the state during its bicentennial.

Ben and Emma's Big Hit Gavin Newsom,Ruby Shamir,2021-12-07 From California Governor Gavin Newsom comes an empowering picture book about a young boy with dyslexia who discovers a new way to look at reading. Ben loves baseball. He loves the lines of diamond-shaped field and the dome of the pitcher's mound. What Ben doesn't like is reading. Ben has dyslexia, which means letters and sounds get jumbled up in his brain, and then the words don't make sense. But when Ben starts looking at reading like he looks at baseball, he realizes that if he keeps trying, he can overcome any obstacle that comes his way. In this empowering story by California Governor Gavin Newsom, inspired by his own childhood diagnosis of dyslexia, readers will learn that kids with the determination to try (and try again) can do big things. *This book is set in a font specifically designed to be easier for people with dyslexia to read.

The Sentinel Jeffrey Konvitz,2016-01-12 Jeffrey Konvitz's New York Times--bestselling horror novel about a young woman descending into demonic madness who discovers it's not simply in her mind Aspiring model Allison Parker finally moves into her dream apartment: a brownstone on Manhattan's Upper West Side. But her perfect home quickly turns hellish. The building is filled with a cast of sinister tenants, including a reclusive blind priest, who seems to watch her day and night through an upstairs window. Eventually, Allison starts hearing strange noises from the empty apartment above hers. Before long, she uncovers the building's demonic secret and is plunged into a nightmare of sinful misdeeds and boundless evil. In the tradition of *Rosemary's Baby*, this gripping novel was adapted into a feature film starring Ava Gardner, Cristina Raines, and Chris Sarandon. *The Sentinel* is classic horror at its best.

Birds of Maine Peter D. Vickery,Charles D. Duncan,Jeffrey V. Wells,William J. Sheehan,2020-11-03 A comprehensive and beautifully illustrated overview to the birds of Maine The first comprehensive overview of Maine's incredibly rich birdlife in more than seven decades, *Birds of Maine* is a detailed account of all 464 species recorded in the Pine Tree State. It is also a thoroughly researched, accessible portrait of a region undergoing rapid

changes, with southern birds pushing north, northern birds expanding south, and once-absent natives like Atlantic Puffins brought back by innovative conservation techniques pioneered in Maine. Written by the late Peter Vickery in cooperation with a team of leading ornithologists, this guide offers a detailed look at the state’s dynamic avifauna—from the Wild Turkey to the Arctic Tern—with information on migration patterns and timing, current status and changes in bird abundance and distribution, and how Maine's geography and shifting climate mold its birdlife. It delves into the conservation status for Maine's birds, as well as the state's unusually textured ornithological history, involving such famous names as John James Audubon and Theodore Roosevelt, and home-grown experts like Cordelia Stanwood and Ralph Palmer. Sidebars explore diverse topics, including the Old Sow whirlpool that draws multitudes of seabirds and the famed Monhegan Island, a mecca for migrant birds. Gorgeously illustrated with watercolors by Lars Jonsson and scores of line drawings by Barry Van Dusen, *Birds of Maine* is a remarkable guide that birders will rely on for decades to come. Copublished with the Nuttall Ornithological Club

The Sentinel T. M. Haviland,2021-06-30 As we begin to dip our toe into the deep waters of space, The Sentinel is a reminder that the laws of nature are indifferent to life and competition is a cold rule of the game that we should heed. - TM HavilandThe year is 2124. Jonathan and his mining team in Antarctica discover an unusual object over a mile and a half beneath the surface. At first, they think it might be the remains of a meteor but, when they discover subtle but sentient behaviors, they must consider the possibility that this is the work of an alien technology. Backed by a consortium of countries developing Mars, Commander Rousseau and her engineers discover a similar object and soon international governments, big business, and the world of science are fighting over the correct actions to take. Their decision will affect the future of humankind forever.

Will Write for Food J. P. Devine,2015-11-01 At last! The best of JP, captured in a book that will make long-time fans smile all over again and newcomers thrill in the discovery of an authentic American storyteller. Enjoy delightful satire in the fashion of Art Buchwald and Andy Rooney, and appreciate a special brand of insightful humor that is filled with surprises and often tinged with melancholy. It is simply Devine. --Earl Smith, author of *The Dam Committee* and *More Dam Trouble*

True Story Michael Finkel,2015-06-09 The improbable but true story of a man accused of murdering his entire family and the journalist he impersonated while on the run In 2001, Mike Finkel was on top of the world: young, talented, and recently promoted to a plum job at the New York Times Magazine. Then he made an irremediable slip: Under extraordinary pressure to keep producing blockbuster stories, he fabricated parts of an article. Caught and excommunicated from the Times, he retreated to his home in Montana, swearing off any contact with the media. When the phone rang, though, he couldn’t resist. At the other end was a reporter from the San Francisco Chronicle, whom Finkel congratulated on being the first in what was sure to be a long and bloodthirsty line of media watchdogs. The reporter was puzzled. In Waldport, Oregon, Christian Longo had killed his young wife and three children and dumped their bodies into the bay. With a stolen credit card, he fled south, making his way to Cancun, where he lived for several weeks under an assumed identity: Michael Finkel, journalist for the New York Times. *True Story* is the tale of a bizarre and convoluted collision between fact and fiction, and a meditation on the slippery nature of truth. When Finkel contacts Longo in jail, the two men begin a close and complex relationship. Over the course of a year, they exchange long letters and weekly phone calls, playing out a cat-and-mouse game in which it’s never quite clear if the pursuer is Finkel or Longo—or both. Finkel’s dogged pursuit of the true story pays off only at the end, in the gripping trial scenes in which Longo, after a lifetime of deception, finally tells the whole truth. Or so he says.
