

The Mystic Will

Charles Godfrey Leland

The Mystic Will Charles Godfrey Leland, 2015-07-26 During the past few years the most serious part of the author's study and reflection has been devoted to the subjects discussed in this book. These, briefly stated, are as follows: Firstly, that all mental or cerebral faculties can by direct scientific treatment be influenced to what would have once been regarded as miraculous action, and which is even yet very little known or considered. Secondly, in development of this theory, and as confirmed by much practical and personal experience, that the Will can by very easy processes of training, or by aid of Auto-Suggestion, be strengthened to any extent, and states of mind soon induced, which can be made by practice habitual. Thus, as a man can by means of opium produce sleep, so can he by a very simple experiment a few times repeated-an experiment which I clearly describe and which has been tested and verified beyond all denial-cause himself to remain during the following day in a perfectly calm or cheerful state of mind; and this condition may, by means of repetition and practice, be raised or varied to other states or conditions of a far more active or intelligent description. Thus, for illustration, I may say that within my own experience, I have by this process succeeded since my seventieth year in working all day far more assiduously, and without any sense of weariness or distaste for labour, than I ever did at any previous period of my life. And the reader need only try the extremely easy experiment, as I have described it, to satisfy himself that he can do the same, that he can continue it with growing strength ad infinitum, and that this power will unquestionably at some future time be employed with marvellous results in Education.

The Mystic Will Charles G. Leland, 2009-01-01 Many people are drawn to the idea of establishing a practice of meditation, but have difficulty turning off the constant stream of mental images, ideas, and distractions that arise whenever thoughts turn inward. In this book, mentalist Charles G. Leland presents a practical method to quiet the mind through a series of systematic exercises, allowing even the most easily distracted individual to benefit from the peace and serenity that a meditation practice can bestow.

The Mystic Will Charles Godfrey Leland, 2013-05-08 The idea of self-help is a good one, and when it is actually you who is doing the helping, you can definitely improve your life. But I am talking about helping yourself in the old-fashioned way: when you acknowledge your weaknesses, recognize your mistakes, and then try to do something about them. This is the kind of help which requires self-awareness, self-discipline, self-reliance, and--most of all--daily effort. True, meaningful change only comes gradually. But if you are able to commit yourself to some kind of genuine discipline, you will definitely change your life for the better. Which brings me to Charles Godfrey Leland's all-but-forgotten treatise on The Mystic Will. He was a man of extraordinarily varied interests and apparently lived a full, happy, and successful life. All his books make for interesting reading, but none of them contain the life-changing secret to be found in The Mystic Will.

The Mystic Will (Esprios Classics) Charles G Leland, 2020-03-19 Charles Godfrey Leland (August 15, 1824 - March 20, 1903) was an American humorist and folklorist, born in Philadelphia, Pennsylvania. He was educated at Princeton University and in Europe. Leland worked in journalism, travelled extensively, and became interested in folklore and folk linguistics. He published books and articles on American and European languages and folk traditions. He worked in a wide variety of trades, achieved recognition as the author of the comic Hans Breitmann's Ballads, and fought in two conflicts. He wrote Aradia, or the Gospel of the Witches, which became a primary source text for Neopaganism half a century later.

The Secret Knowledge - Volume 1: The Mystic Will Charles G. Leland, 2007-09-01 The Secret of the Mystic Will This book will show you the most effective means to secure your own happiness, as well as that of others. The power to transform our lives is dependent upon few and simple requirements. Any of us can achieve true life satisfaction through learning to cultivate the habit of purposeful direction of the Will. Success achieved by those receptive to the clearly articulated observations presented by the author can be immediate and ongoing. These universally valid insights and techniques help overcome failure through self-hindrance and assist in achieving a focused personal direction that guarantees the fulfilment of the individual's goals. The Mystic Will Charles G. Leland, 2015-06-17 Excerpt from *The Mystic Will: A Method of Developing and Strengthening the Faculties of the Mind, Through the Awakened Will, by a Simple, Scientific Process Possible to Any Person of Ordinary Intelligence* This wonderful treatise was first published in England several years ago, under the title of *Have You a Strong Will?* and has run through several editions there. In its original form, it was printed in quite large type, double-leaded, and upon paper which bulked out the book to quite a thick volume. Some copies have been sold in America, but the price which dealers were compelled to charge for it, in its original shape, prevented the wide circulation that it merited, and which its author undoubtedly desired for it, for it seems to have been a labor of love with him, the interest of the race in his wonderful theories evidently being placed above financial returns by Mr. Leland. Believing that the author's ideas and wishes would be well carried out by the publication of an American edition printed in the usual size type (without the expedient of double-leading unusually large type in order to make a large volume), which allows of the book being sold at a price within the reach of all, the publisher has issued this edition along the lines indicated. The present edition is identical with the original English edition with the following exceptions: (I) There has been omitted from this edition a long, tiresome chapter contained in the original edition, entitled *On the Power of the Mind to master disordered Feelings by sheer Determination*. Your Will Power, Also Called "The Mystic Will" Charles Godfrey Leland, 1918

The Mystic Will: American Edition Charles Leland, 2019-02-20 Charles Leland needs little introduction for those intrigued by folklore, fairy lore, or 19th century anthropology. For all others, he is the author of *Aradia* and a major proponent of studying the arcane in his era. While some of his conclusions remain controversial, *Mystic Will* contains materials which are more accepted in the contemporary sense. Here, Leland refers to poetry and prose alike while espousing his view that various mindfulness techniques and associated phenomena like mesmerism are of significance in spiritual and physical health. The work is predominantly a how-to guide, with specific practices and examples and relatively less theory than many of Leland's other writings.

Midnights with the Mystic Cheryl Simone, Sadhguru Jaggi Vasudev, 2008-05-16 "With the elegance of simplicity, this book takes you on an exploration of consciousness that will shift you to a higher reality." –Deepak Chopra, New York Times–bestselling author of *The Seven Spiritual Laws of Success* Constructed around a series of late-night conversations around a campfire between Cheryl Simone and Sadhguru Vasudev on an island in the middle of a Western North Carolina lake near her mountain home, *Midnights with the Mystic* is the most thorough exposition of the teachings of India's most sought-after mystic. Sadhguru challenges us to embrace the possibility that to each of us is available a higher realm of reality, a peak of consciousness—an entrée into the realm of freedom and bliss. Simone, an Atlanta real estate developer, was the typical baby boomer in search of an authentic spiritual experience. Professionally successful, yet spiritually arid, she discovered a way into what she was looking for in the teachings of Sadhguru. Concrete and down-to-earth, *Midnights with the Mystic* provides both an introduction to profound spiritual teaching and a personal glimpse of a charismatic guru. "If you read this powerful book, you will discover who you really are, who we all are." –Neale Donald Walsch, author of *Conversations with God*

Mystic Jason Denzel, 2015-11-03 *Mystic* is the start of an enchanting new epic fantasy series from Jason Denzel, the founder of Dragonmount. I called to the Myst, and it sent us you. For hundreds of years, high-born nobles have competed for the chance to learn of the Myst. Powerful, revered, and often reclusive, Mystics have the unique ability to summon and manipulate the Myst: the underlying energy that lives at the heart of the universe. Once in a very great while, they take an apprentice, always from the most privileged sects of society. Such has always been the tradition—until a new High Mystic takes her seat and chooses Pomella AnDone, a restless, low-born teenager, as a candidate. Commoners have never been welcomed among the select few given the opportunity to rise beyond even the highest nobility. So when Pomella chooses to accept the summons and journey to Kelt Apar, she knows that she will have more to contend with than the competition for the apprenticeship. Breaking both law and tradition, Pomella undergoes three trials against the other candidates to prove her worthiness. As the trials unfold, Pomella navigates a deadly world of intolerance and betrayal, unaware that ruthless conspirators intend to

make her suffer for having the audacity to seek to unravel the secrets of the Myst. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
