Abdul Mumin Muhammad

Self Deception Abdul Mumin Muhammad,2019-06-03 I remember when I was mad at the world. I used to say life is not fair, nothing goes my way. I used to blame others and complain about how bad things were. I got tired of feeling like a victim, I began researching how to empower myself. This was a new energy, personal power can be an exhilarating experience. It was time to take off my mask and stop pretending that I was this victim. Becoming self aware helped me see the real enemy, which are within. The inner me is the enemy I have the power to take action without fear of failing? We can use our will to overcome any obstacle or situation. First I had to look in the mirror because I was also the cause of my many negative experiences. I was holding myself back not the world. It was easier to point the finger because doing so helped me feel like a helpless innocent person who was a victim of negative people.

Peace Comes in Pieces Abdul Mumin Muhammad,2019-07-30 My spiritual journey moved me out of who I thought I was supposed to be. Self awareness was my goal. This was due to outside influences. I thought that something was wrong with me because I had a hard time conforming to the norm. One day I began to question my personal beliefs, who is in control of my life? Was it television, governments, my parents, or other authority figures? What do I have to do to become the best me? We are all gifted, what are your natural talents or skills to share with the world? A deeper connection with God or our spirit within can eventually awaken our best selves, this way we create our own reality full of wealth and abundance. Is college my only option to find my wealth? Wealth starts with you first, hidden deep within all of us. It was time for me to take a leap of faith into the unknown, I wanted to know more about myself because I was tired of limiting myself by conforming to society's ideas. If God is rich, strong, wise, and all-powerful, then we can create success because we too share these same attributes and qualities.

Psychotherapy For Inner Peace Abdul Mumin Muhammad,2019-07-23 I believe that one divine thought burst into pieces forming spiritual beings, and we all have already existed eons ago as infinite beings with ever-lasting life. Each individual has their own consciousness connected to One Divine Consciousness. We are Spiritual beings, conscious with a mind and a spiritual body. Some later come here to experience humanity, learn from being perfect to imperfect, allow disappointments, and then mature. The more connected we are to spirit, the easier it becomes to follow our intuition. We can be our own enemy which can hold us back from our best self and new life experiences. This is about self-awareness, how much do you know yourself within the mental chatter? We can become aware of the positive and negative character flaws so that we find balance. If I was not afraid of making mistakes, and look at life as if I have nothing to prove and nothing to lose, what would I be doing right now? What actions would you take to get your goals or dreams met? I first had to become the best version of myself to achieve. Peace comes in pieces

Inner Calm Buddha Vol 3 Abdul Mumin Muhammad,2019-07-29 I believe that there are spiritual methods to unload pain from our hearts. This is why becoming self-aware is important. I believe that we came here to experience life as it is, not selfishly how we want it to be. We all must experience the positive and negative, the problem happens when we deny the bad as if we are so special. We are also able to heal and detach from past experiences when we allow ourselves to grow inwardly. Negative experiences happen to help us mature. Our personal beliefs about ourselves affect our mood and feelings. So I had to ask myself what beliefs do I have that are causing me to stay insecure, angry, or depressed? If I change my perception of myself then my feelings about my potential would change. Maybe everything is not all bad, it's how I choose to see it, this is why I stopped being so hard on myself. We did not come here to be perfect, we came here to evolve during this temporary life.

The Illusion Of Being Used Abdul Mumin Muhammad,2019-08-10 This book was written to help you get out of seeing yourself as a victim. The idea that we are being used is false. No one is forcing us to gainst our own will. We have to dig deeper into why we over sacrifice for others, why we spend so much time trying to save people for the sake of receiving love or any other mundane gratification. Working on my heart allowed me to give and wait to receive, working on strengthening my mind allowed me to remember to also give to myself. I had to learn to feel comfortable with feeling worthy of receiving love. We do not have to compromise ourselves for anyone. This book will give you the reason why some seek others' approval.

The Recovered Narcissist Revised Abdul Mumin Muhammad,2019-07-15 I am a 38-year-old man who once had narcissistic tendencies. I like sharing my experiences, I hope it can help others as it did for me. I have read and watched videos about how horrible a narcissist can be as if we are only capable of abuse and ruining other's lives. I decided now is the time for me to speak up and stand up for other narcissists. How did I recover? I have spent years working on myself to understand my past and my internal wounds, I wanted to see what was a narcissist's fullest potential. Did my personality disorder seal my fate, was I forever doomed with no hope? Eventually, after my slow recovery, I realized that I was afraid to face what I was feeling. I was afraid to feel, this was the reason why I was very selfish. Holding ourselves back keeps us looking back at ourselves so that we avoid how we truly feel. This behavior only keeps us disconnected from others because we avoid paying attention to how others feel. My spiritual practices lead me to experience genuine self-love, unconditional love then compassion for all life. I had no idea that I could reach a state of balance and harmony within. As a powerful empath, I began to see that the result of my inner work moved me to become a lightworker. My book is here to support those who feel lost or misguided by negative ideas. I know that every person has the potential to evolve to experience unconditional love and compassion, only if one genuinely chooses to. I never said that this would be easy because we are who we are. In time I realize that...Peace comes in Pieces.

Who Was The Enemy? Abdul Mumin Muhammad,2019-07-23 I used to believe that I had many enemies, but I have come to realize that the (inner me) or enemy was I all along. With narcissistic tendencies, I refused to look at my reflection, I was too proud and filled with self-importance. After a few months of practicing Buddhism, including working on self awareness, I began to see my flaws and imperfections. I was surprised by how selfish and self-centered I was towards others. I began to see that other's feelings matter, only because I was able to face my own feelings about myself without condemnation, self-ridicule. I began to see that the world does not revolve around me and that everyone is important no matter how I personally felt. I realized that I am not perfect but I can be my best. I now see that it was never about changing my personality, we can only improve ourselves. I first had to accept that I have flaws too, and that may never change, this took unconditional love. The only thing I can do is be compassionate to myself and share it with others.

Inner Calm Buddha Vol 2 Abdul Mumin Muhammad,2019-08-21 It can be challenging to be ourselves. I found myself living for the world instead of listening to my heart, this is not easy because we don't want to feel embarrassed for not fitting in. Standing out can feel scary at first, but eventually, I realized that I am not standing out, I

am simply being myself, standing out is just the result of doing so. Being a hero is not about saving others, it is simply being who we are supposed to be, being bold and authentic. In order to be authentic, we must learn to think from a place of unconditional love, not fears and insecurities. But we must look deep within to live fearlessly.

Find Your Own Path Abdul Mumin Muhammad, 2019-07-25 This is my journal based on my spiritual journey going inwards then coming out. This is not the truth just my truth, because the truth is your own. I write about letting go so that we can become who we are supposed to be. We all have the opportunity to become our greatest selves. There is a hidden power within all of us, potential energy waiting to be unlocked. My past experiences created many obstacles and challenges. I was bullied used and abused, I also hurt others too. I thought that I could bury my hurt feelings deep inside while I continued to live my life. I used to be full of ignored insecurities, regret, shame, and resentments. In 2011 I was somehow pulled into chakras, yoga, and tai chi practices. I had no idea where spirit was moving me. I have come to realize that I spent most of my life sleeping, this was an eerie feeling. I thought I knew who I was; I saw how my life was just a lie. I needed to challenge my old perception of myself and the outside world. I found myself experiencing higher consciousness as I journeyed deeper internally, inner awareness showed my external reality was all an illusion, and that the only thing that is true is what is within. I continued my quest because I wanted to experience spiritual enlightenment.

Journaling Out Of Narcissism Abdul Mumin Muhammad, 2020-03-08 This is my journal based on my spiritual journey going inwards then coming out. I was seeking self awareness. This is not the truth just my truth, because the truth is your own. I write about letting go so that we can become who we are supposed to be. We all have the opportunity to become our greatest selves regardless of our personality flaws. There is a hidden power within all of us, potential energy waiting to be unlocked. I believe that every person has the ability to evolve if one puts their mind into it! My past experiences created many obstacles and challenges. I was bullied used and abused, I also hurt others too. I was drowning from abandonment issues, this is how I developed my narcissistic personality traits. I thought that I could bury my hurt feelings deep inside while I continued to live my life. I used to be full of regret, guilt, envy, shame, grief, and resentment. In 2011 I was somehow pulled into chakras, yoga, and tai chi. I had no idea where spirit was moving me. I have come to realize that I spent most of my life sleeping, this was an eerie feeling. I thought I knew who I was; I saw how my life was just a lie. I was not being the person that I pictured in my mind, it took inner work to become my best self. I needed to challenge my perception of myself and the world outside. I found myself experiencing higher consciousness as I journeyed deeper internally, my external reality was all an illusion, and that the only thing that is true is what's within. I continued my quest because I wanted to experience spiritual enlightenment. Working on healing my chakras, I began to see how my pain and ignorance was the cause of my attractions and my life's outcome. I began to see how my low self-esteem, a lack of confidence, and selfishness were ruling my behavior. I once thought that I knew it all and that I was so special. I thought that everyone else was bad, and blamed instead of looking at my reflection for truth. I saw how the enemy was

Journaling Out Of Selfishness Abdul Mumin Muhammad, 2019-07-29 Is it safe for me to take off my mask, do I have to spend my entire life acting? I became so frustrated with keeping up with my identities. I gave up and fell to the ground, I asked myself in confusion, who am I, what am I supposed to do, and who am I supposed to be in this world? Keeping up appearances was beginning to feel exhausting. Having to perform for others approval started to become overwhelming, I started to say I can't stand humans they are fake, I needed to run away and be alone. I realized that I couldn't stand myself, I was running away from myself. My identities were a burden on my soul.

Inner Calm Buddha Abdul Mumin Muhammad, 2019-08-12 The more I became self-aware, I began to see that my personal beliefs affected the way I treated myself and others. I was not aware that I was stuck in a state of self-judgment, I reacted to things instead of responding. My beliefs affected my prosperity, morals, and values. My belief system impacted my personal happiness. Self-belief must be observed for self-improvement. I used to believe that I was more special than others, so I was mean to others. We can change to become a person by challenging our old beliefs. Do not worry about being honest with others; focus on being true to yourself, and everything else will fall into place. Trying to be honest with others will make us continue to lie. Living life honestly does not mean trying to look or sound perfect for others and for God, It simply means being yourself fully without shame.

Find Your Own Truth Abdul Mumin Muhammad, 2019-09-10 I am a seeker of truth, I believe that my life's journey is to gather as much knowledge of the universe before I pass. There is no greater knowledge than the wisdom of our being. One day I sat down and asked myself, what is the truth? If I ignored what I believed about myself and the world around me, what would I become aware of? Would my fears still be the same, would I have comfort zones, and would I have married this woman? Who Am I? I had to find my own truth?

Why Do I Think That I want to Be In A Relationship? Abdul Mumin Muhammad, 2019-07-27 Have you ever asked yourself, why do I want to be in a relationship? Why do I feel that I need a boyfriend or a girlfriend? This book will not tell you about the benefits of being in a healthy relationship. My purpose is to get you to analyze your reasoning, to become self aware, why in the first place? Now don't get me wrong, there's absolutely nothing wrong with wanting one. This book can give you more insight into other possible reasons. Believe it or not, there are many motives that drive us to seek out relationships. There's absolutely nothing strange or wrong with being single. Maybe I can be intimate with myself first, learning to love all of me. We are still learning to understand who we are, therefore we can not always tell who or what we genuinely want. I had to be honest and ask myself, what is my intent? Is there a hidden agenda behind my wanting to be liked or loved? I believe that if a person has a good relationship with themselves, then the constant desire to be in a relationship would end.

Seeking Pleasure Life Abdul Mumin Muhammad, 2019-08-05 I was told that we should be in pursuit of happiness! I discovered that this is a controlled society, meaning man's laws that cause chaos instead of balance. This great mass deception was solely created to make industries rich off of humanity, the insecure dissatisfied human ego. The ego can never be satisfied, no matter how much we feed it. So how much money are you spending a month to feel happy? This is about self-awareness so that we develop self-control. I say invest time seeking something natural such as joy! Happiness is an emotion like sadness, mad, or gladness. Happiness comes from external stimuli, whereas joy is an internal blissful feeling that is infinite. Outside things that stimulate the 5 senses give us happiness, simple things as doing what we love creates a sense of happiness. Without joy, when we are not happy we tend to feel empty as if something is missing, the mind is constantly looking to be stimulated when we are dissatisfied with ourselves. But with joy, even when we are not happy at the moment we can still laugh and share our joyful feelings with others.
