Unlocking the 7 Secret Powers of the Heart Shai Tubali,2018-09-18 An invitation to discover and develop your heart powers and tap into heart energy • Features accessible yet profound wisdom about the power of the heart and approaches for tapping into heart energy • Reveals that the heart, often perceived as our most vulnerable and fragile place, is in fact the source of our greatest potential • Supports individual heart-work by offering simple and practical exercises, meditations, and visualizations proven effective through many years of practice The heart is more often associated with vulnerability than hidden powers. We generally feel the need to protect our heart, building high walls after experiences of emotional pain and hurt. This response is unconscious, and since the modern world teaches us to rely on the brain to guide our life and actions, many of us find it hard to connect to the power and skills within our own hearts. Addressing the fears and feelings of insecurity that can arise and prevent us from opening up to the treasures we hold within, Shai Tubali reveals that the heart, often perceived as our most vulnerable and fragile place, is in fact the source of our greatest potential. Providing practical advice, exercises, meditations, and visualizations proven through his own heart-work practice, he shows how to tap into the heart's energy field and easily activate its seven secret powers: wisdom, vulnerability, forgiveness, ability to love, infinite energy, transformation, and self-acceptance. He explains how our modern education system develops our mind perception only, focusing on the goal of being successful and urging us constantly to be faster and better. Not only does this not bring happiness and fulfilment, but it may even cause stress and illness. Showing how to transition from mind to heart perception, Tubali helps us understand more about our heart's skills and how to implement its powers by healing inner energetic and emotional blockages. Calling for a change from one-sided mind perception and behavior, Tubali urges us to get in touch with our core and surrender completely to our heart energy, leaving all misconceptions behind and tearing down protective walls to discover our full potential. Unlocking the seven heart powers will lead to a deep sense of peace, balance, and fulfilment and enable you to approach life from a place of trust and love.

Within You is the Power Henry Thomas Hamblin,2022-07-20 There is in man a greater Self, which transcends the finite self of the sense-man, even as the mountain towers above the plain. Henry Thomas Hamblin's inspirational book 'Within You is the Power' is written with one objective. To help men and women to bring their inward powers of mind and spirit into expression, wisely and in harmony with universal law; to build up character, and to find within themselves that wondrous Self, which is their real self, and which, when found, reveals to them that they are literally and truly sons of God and daughters of the Most High. There is no way whereby the discipline of life can be avoided. There is no means by which fate can be tricked, nor cunning device by which the great cosmic plan can be evaded. Each life must meet its own troubles and difficulties: each soul must pass through its deep waters, every heart must encounter sorrow and grief. But none need be overwhelmed in the great conflicts of life, for one who has learned the great secret of his identity with the Universal life and Power, dwells in an impregnable city, built upon and into the Rock of Truth, against which the storms of life beat in vain.

Powers Brian Michael Bendis,Neil Kleid,2016-03-15 Ever since she could walk, Homicide Detective Deena Pilgrim followed in her father's footsteps. A man with a badge, Waldo Pilgrim surrounded himself with what Deena believed to be the cream of the crop when it came to serving and protecting. These days, Deena won't discuss her father or the life she left behind in Atlanta years ago, a life before she partnered with Christian

Walker to investigate homicide cases in a city where perps and victims boast incredible, dangerous powers. Now, nearly a decade of bringing Powers to justice has broken down Deena’s resolve, along with the walls she erected long ago to protect herself from prying eyes. Walls that kept her from a past best left alone, and from those determined to get close and bring horrible, heartbreaking memories to the surface once more. But when a cold case reopens a series of unsolved murders that point back to Deena’s family tree, she is unavoidably reacquainted with a former boyfriend with ties to both sets of killings, along with her sordid past. Forced to question the choices, decisions, and steps she’s taken in life, love, and career—including her long-standing partnership with Walker, a former Power whose secret history intersects with Deena’s own—Detective Deena Pilgrim must bring a killer to justice and, in doing so, hopefully come to terms with the kind of cop she wants to be . . . assuming that she wants to continue being a cop at all. Written by Powers cocreator Brian Michael Bendis and novelist Neil Kleid, *The Secret History of Deena Pilgrim* is the first-ever prose story set in the world of the award-winning, critically acclaimed comic book series by Bendis and artist Michael Avon Oeming. Powers tells the stories of human police officers attempting to solve crimes in a world inhabited by superheroes and supervillains. In January 2015, the Playstation Network debuted it as its first-ever hour-long scripted programming, featuring characters and plots from the comic book series.

And now, the remaining one has died. Left behind to fend for themselves are the criminals’ five children, each with superpowers of their own: Birdie can communicate with animals. Brix has athletic abilities and can heal quickly. Tenner can swim like a fish and can see in the dark and hear from a distance. Seven’s skin camouflages to match whatever is around him. Cabot hasn’t shown signs of any unusual power—yet. Then one day Birdie finds a map among her father’s things that leads to a secret stash. There is also a note: Go to Estero, find your mother, and give her the map. The five have lived their entire lives in isolation. What would it mean to follow the map to a strange world full of things they’ve only heard about, like cell phones, cars, and electricity?
