*Oedipal God* Meir Shahar,2015-08-31 Oedipal God offers the most comprehensive account in any language of the prodigal deity Nezha. Celebrated for over a millennium, Nezha is among the most formidable and enigmatic of all Chinese gods. In this theoretically informed study Meir Shahar recounts Nezha’s riveting tale—which culminates in suicide and attempted patricide—and uncovers hidden tensions in the Chinese family system. In deploying the Freudian hypothesis, Shahar does not imply the Chinese legend’s identity with the Greek story of Oedipus. For one, in Nezha’s story the erotic attraction to the mother is not explicitly acknowledged. More generally, Chinese oedipal tales differ from Freud’s Greek prototype by the high degree of repression that is applied to them. Shahar argues that, despite a disastrous father-son relationship, Confucian ethics require that the oedipal drive masquerade as filial piety in Nezha’s story, dictating that the child-god kill himself before trying to avenge himself upon his father. Combining impeccable scholarship with an eminently readable style, the book covers a vast terrain: It surveys the image of the endearing child-god across varied genres from oral and written fiction, through theater, cinema, and television serials, to Japanese manga cartoons. It combines literary analysis with Shahar’s own anthropological field work, providing a thorough ethnography of Nezha’s flourishing cult. Crossing the boundaries between China’s diverse religious traditions, it tracks the rebellious infant in the many ways he has been venerated by Buddhist monks, Daoist priests, and possessed spirit mediums, whose dramatic performances have served to negotiate individual, familial, and collective tensions. Finally, the book offers a detailed history of the legend and the cult reaching back over two thousand years to its origins in India, where Nezha began as a mythological being named Nalakūbara, whose sexual misadventures were celebrated in the Sanskrit epics as early as the first centuries BCE. Here Shahar reveals the long-term impact that Indian mythology has exerted—through the medium of esoteric Buddhism—upon the Chinese imagination of divinity. A tour de force of literary analysis, ethnographic research, psychological insight, and cross-cultural investigation, Oedipal God is a must read for anyone interested in Chinese studies and the historical connection between India and China. Shahar’s broad reach and engaging approach will appeal to specialists and students in a variety of disciplines including Chinese religion, Chinese literature, anthropology, Buddhist studies, psychology, Indian studies, and cross-cultural history.

*The Poppy War* R. F. Kuang,2018-05-01 “I have no doubt this will end up being the best fantasy debut of the year [...] I have absolutely no doubt that [Kuang’s] name will be up there with the likes of Robin Hobb and N.K. Jemisin.” -- Booknest A Library Journal, Paste Magazine, Vulture, BookBub, and ENTROPY Best Books pick! Washington Post 5 Best Science Fiction and Fantasy Novel pick! A Bustle 30 Best Fiction Books pick! A brilliantly imaginative talent makes her exciting debut with this epic historical military fantasy, inspired by the bloody history of China’s twentieth century and filled with treachery and magic, in the tradition of Ken Liu’s Grace of Kings and N.K. Jemisin’s Inheritance Trilogy. When Rin aced the Keju—the Empire-wide test to find the most talented youth to learn at the Academies—it was a shock to everyone: to the test officials, who couldn’t believe a war orphan from Rooster Province could pass without cheating; to Rin’s guardians, who believed they’d finally be able to marry her off and further their criminal enterprise; and to Rin herself, who realized she was finally free of the servitude and despair that had made up her daily existence. That she got into Sinegard—the most elite military school in Nikan—was even more surprising. But surprises aren’t always good. Because being a dark-skinned peasant girl from the south is not an easy thing at Sinegard. Targeted from the outset by rival classmates for her color, poverty, and gender, Rin discovers she possesses a lethal, unearthly power—an aptitude for the nearly-mythical art of shamanism. Exploring the depths of her gift with the help of a seemingly insane teacher and psychoactive substances, Rin learns that gods long thought dead are very much alive—and that mastering control over those powers could mean more than just surviving school. For while the Nikara Empire is at peace, the Federation of Mugen still lurks across a narrow sea. The militarily advanced Federation occupied Nikan for decades after the First Poppy War, and only barely lost the continent in the Second. And while most of the people are complacent to go about their lives, a few are aware that a Third Poppy War is just a spark away . . . Rin’s shamanic powers may be the only way to save her people. But as she finds out more about the god that has chosen her, the vengeful Phoenix, she fears that winning the war may cost her humanity . . . and that it may already be too late.

Animation in China Sean Macdonald,2015-11-06 By the turn of the 21st century, animation production has grown to thousands of hours a year in the People’s Republic of China (PRC). Despite this, and unlike American blockbuster productions and the diverse genres of Japanese anime, much animation from the PRC remains relatively unknown. This book is an historical and theoretical study of animation in the PRC. Although the Wan Brothers produced the first feature length animated film in 1941, the industry as we know it today truly began in the 1950s at the Shanghai Animation Film Studio (SAFS), which remained the sole animation studio until the 1980s. Considering animation in China as a convergence of the institutions of education, fine arts, literature, popular culture, and film, the book takes comparative approaches that link SAFS animation to contemporary cultural production including American and Japanese animation, Pop Art, and mass media theory. Through readings of classic films such as Princess Iron Fan, Uproar in Heaven, Princess Peacock, and Nezha Conquers the Dragon King, this study represents a revisionist history of animation in the PRC as a form of postmodernism with Chinese characteristics. As a theoretical exploration of animation in the People’s Republic of China, this book will appeal greatly to students and scholars of animation, film studies, Chinese studies, cultural studies, political and cultural theory.

The Rape of Nanking Iris Chang, 2014-03-11 The New York Times bestselling account of one of history's most brutal—and forgotten—massacres, when the Japanese army destroyed China's capital city on the eve of World War II, piecing together the abundant eyewitness reports into an undeniable tapestry of horror. (Adam Hochschild, Salon) In December 1937, one of the most horrific atrocities in the long annals of wartime barbarity occurred. The Japanese army swept into the ancient city of Nanking (what was then the capital of China), and within weeks, more than 300,000 Chinese civilians and soldiers were systematically raped, tortured, and murdered. In this seminal work, Iris Chang, whose own grandparents barely escaped the massacre, tells this history from three perspectives: that of the Japanese soldiers, that of the Chinese, and that of a group of Westerners who refused to abandon the city and created a safety zone, which saved almost 300,000 Chinese. Drawing on extensive interviews with survivors and documents brought to light for the first time, Iris Chang's classic book is the definitive history of this horrifying episode.

**Chinese Animation** Rolf Giesen, 2014-12-19 With an output of more than 250,000 minutes annually, and with roughly 5,000 producers and production units, the Chinese are leading the field of animated films. Although it is almost impossible to completely cover 90 years of filmmaking, this book provides a comprehensible introduction to the industry's infancy, its Golden Age (Shanghai Animation Film Studio) and today's Chinese animation (in feature films, television series and student films). There are classics such as Princess Iron Fan (made at the time of the Japanese occupation) and the color Havoc in Heaven, both starring the Monkey King Sun Wukong, as well as countless TV stars (Blue Cat, Pleasant Goat and Big Big Wolf) and many almost unknown works by young filmmakers who are not focusing on an audience of children (like most of the industry output).

*In Manchuria* Michael Meyer, 2015-02-17 In the tradition of *In Patagonia* and *Great Plains*, Michael Meyer's *In Manchuria* is a scintillating combination of memoir, contemporary reporting, and historical research, presenting a unique profile of China's legendary northeast territory. For three years, Meyer rented a home in the rice-farming community of Wasteland, hometown to his wife's family. Their personal saga mirrors the tremendous change most of rural China is undergoing, in the form of a privately held rice company that has built new roads, introduced organic farming, and constructed high-rise apartments into which farmers can move in exchange for their land rights. Once a commune, Wasteland is now a company town, a phenomenon happening across China that Meyer documents for the first time; indeed, not since Pearl Buck wrote *The Good Earth* has anyone brought rural China to life as Meyer has here. Amplifying the story of family and Wasteland, Meyer takes us on a journey across Manchuria's past, a history that explains much about contemporary China—from the fall of the last emperor to Japanese occupation and Communist victory. Through vivid local characters, Meyer illuminates the remnants of the imperial Willow Palisade, Russian and Japanese colonial cities and railways, and the POW camp into which a young American sergeant parachuted to free survivors of the Bataan Death March. *In Manchuria* is a rich and original chronicle of contemporary China and its people.

*Chinese Gods* Jonathan Chamberlain, 1987 This is an introduction to the most frequently encountered Chinese deities focusing on those gods which express the most common concerns of the Chinese people.

Luck of the Titanic Stacey Lee, 2021-05-04 From the New York Times bestselling author of *The Downstairs Girl* comes the richly imagined story of Valora and Jamie Luck, twin British-Chinese acrobats traveling aboard the Titanic on its ill-fated maiden voyage. Valora Luck has two things: a ticket for the biggest and most luxurious ocean liner in the world, and a dream of leaving England behind and making a life for herself as a circus performer in New York. Much to her surprise though, she's turned away at the gangway; apparently, Chinese aren't allowed into America. But Val has to get on that ship. Her twin brother Jamie, who has spent two long years at sea, is there, as is an influential circus owner, whom Val hopes to audition for. Thankfully, there's not much a trained acrobat like Val can't overcome when she puts her mind to it. As a stowaway, Val should keep her head down and stay out of sight. But the clock is ticking and she has just seven days as the ship makes its way across the Atlantic to find Jamie, perform for the circus owner, and convince him to help get them both into America. Then one night the unthinkable happens, and suddenly Val's dreams of a new life are crushed under the weight of the only thing that matters: survival.

The Green Hand and Other Stories Nicole Claveloux, 2017-11-28 Now in paperback, a collection of “darkly humorous, existential, erotic, trance inducing” (The New York Times) short stories by the lauded French comics artist Nicole Claveloux. Nicole Claveloux's short stories—originally published in the late 1970s and never before collected in English—are among the most beautiful comics ever drawn: whimsical, intoxicating, with the freshness and splendor of

dreams. In hallucinatory color or elegant black-and-white, she brings us into lands that are strange but oddly recognizable, filled with murderous grandmothers and lonely city dwellers, bad-tempered vegetables and walls that are surprisingly easy to fall through. In the title story, written with Edith Zha, a new houseplant becomes the first step in an epic journey of self-discovery and a witty fable of modern romance—complete with talking shrubbery, a wisened-up genie, and one very depressed bird. This selection, designed and introduced by Daniel Clowes, presents the full achievement of an unforgettable, unjustly neglected master of French comics.
