Handling the Hard Stuff Bryce David Blankenship, 2021-12-14 Handling the Hard Stuff: Conversations on the Philosophy of Alcohol provides students with a collection of articles that helps them consider the implications of living in an alcohol-saturated world. The anthology marries discussions on various styles of alcohol with readings on the nature of identity, responsibility, freedom, sex, gender, and virtue. Throughout, students are invited to explore a number of thought-provoking questions such as: Are humans evolutionarily programmed to desire the taste of fermenting fruit? Do we fundamentally change our identity when we are inebriated? How responsible, both legally and morally, are we for what we do while inebriated? What role does alcohol play in the dating ritual? What are the dangers of an addiction to alcohol? Each unit includes pre-reading questions and prompts to introduce key topics and prepare students for greater levels of engagement and questioning. Written to help students engage more thoughtfully, concertedly, and diligently with the concept of alcohol not just as a crutch or a treat-but as something that can offer philosophical investigation and discernment, Handling the Hard Stuff is an ideal resource for courses and programs in philosophy.

Blackout Sarah Hepola, 2015-06-23 *A NEW YORK TIMES BESTSELLER* For Sarah Hepola, alcohol was the gasoline of all adventure. She spent her evenings at cocktail parties and dark bars where she proudly stayed till last call. Drinking felt like freedom, part of her birthright as a strong, enlightened twenty-first-century woman. But there was a price. She often blacked out, waking up with a blank space where four hours should be. Mornings became detective work on her own life. What did I say last night? How did I meet that guy? She apologized for things she couldn't remember doing, as though she were cleaning up after an evil twin. Publicly, she covered her shame with self-deprecating jokes, and her career flourished, but as the blackouts accumulated, she could no longer avoid a sinking truth. The fuel she thought she needed was draining her spirit instead. A memoir of unblinking honesty and poignant, laugh-out-loud humor, BLACKOUT is the story of a woman stumbling into a new kind of adventure--the sober life she never wanted. Shining a light into her blackouts, she discovers the person she buried, as well as the confidence, intimacy, and creativity she once believed came only from a bottle. Her tale will resonate with anyone who has been forced to reinvent or struggled in the face of necessary change. It's about giving up the thing you cherish most--but getting yourself back in return. *Includes Reading Group Guide*

The Alcohol Textbook K. A. Jacques, T. P. Lyons, D. R. Kelsall, 2003

Alcohol in America United States Department of Transportation, National Research Council, Division of Behavioral and Social Sciences and Education, Commission on Behavioral and Social Sciences and Education, Elizabeth Hanford Dole, Dean R. Gerstein, Steve Olson, 1985-02-01 Alcohol is a killer—of every 13 deaths in the United States is alcohol-related. In addition, 5 percent of the population consumes 50 percent of the alcohol. The authors take a close look at the problem in a classy little study, as The Washington Post called this book. The Library Journal states, ...[T]his is one book that addresses solutions....And it's enjoyably readable....This is an excellent review for anyone in the alcoholism prevention business, and good background reading for the interested layperson. The Washington Post agrees: the book ...likely will wind up on the bookshelves of counselors, politicians, judges, medical professionals, and law enforcement officials throughout the country.

A Sober Society Ernest Allen, 2021-06-09 For some forty years, my life was consumed by the effects of drugs and alcohol abuse. When life finally appeared, all was gone: jobs, family (wife and kids) were gone, so was my good health, money, my home. There was no other choice but to get help for my problems. Years passed before I received the help I really needed. So when the time came to prepare for my new life, recovery had to be taken quite seriously. No more hanging out with the boozin' crowd. No more hanging out at the bars and nightclubs. No more deception dodging the truth. The story is one of hundreds thousands of stories told every day. This struggle all but killed me. It took the very soul of me. Helping others became an obsession to prove to the drug addicts and alcoholics that life will be better only if they would make up their minds to join others to form a strong support group of individuals who have experienced the same losses but gained their common sense approach by making positive lifestyle changes and encouraging others to join in on the journey to a heavenly path to end the slavery and once and for all be able to accept freedom on its own terms. This story reaches out to all who search for an end but in the past was unable to find the peace and joy they yearned for. The positive is understanding why acceptance must be positive in order to give oneself the opportunity to pass on their blessings to others, which

is a joy in itself to behold. This is meant to bless, not impress, to inspire the deepest desires of God's gift of love and freedom. Sobriety is a freedom of expression, fresh start approach to bringing misery, and paint to an end.

Last Call Nancy L. Carr,2017-06-20 Memoir SynopsisThat evening I wanted to go to a teenage party, and I wanted to drink alcohol, the grownup beverage of choice, the potion glamorized on TV and in movies, the stuff the older cool kids were drinking every weekend. I wanted to be cool. I wanted to fit in. Whatever it took. She was attractive, popular and determined to grow up in a hurry. How would she have known that at age thirteen, during her first teenage drinking party, her life would play out in such a way that it would rule her life decisions going forward? The handsome boys and pretty girls were guzzling a certain punch, and she wanted to be like them. Tentatively, she ladled the jungle juice from the punch bowl and had her first sip of alcohol. She wanted more. It couldn't have come at a better time. This is what she'd been searching for -relief. Instant relief. Getting drunk becomes her rite of passage as she careens through junior and senior high school caving in to peer pressure for her need to feel accepted. Through secretarial school and early jobs, her twenties are a blur. Quicker than she can take a tequila shot in a Mexican café, change her lovers weekly, and party with the dregs of society, as well as the socialites and future executives - Nancy finds a lifestyle that seems to work for her. She continues on and drinks and uses cocaine through the snows of Aspen, the desert heat of Scottsdale, the California coast and her Pennsylvania homelands, only to find herself alone and desperate in her quest for love and her own identity. Milk, she decides, has a longer shelf life than her romantic interludes. Surfer Boy, Boston Boy, Blondie Boy. Her big question becomes, who is going to marry her? As she approaches her early 30's, she thinks getting married will fix her. I am sitting on my couch finishing up a second bottle of Two Buck Chuck, watching Sarah Jessica Parker on Sex and the City, crying and wondering why I'm still single. I understand why Sarah is single. She spends too much money on shoes, and no one wants to marry a shoe whore. She had the perfect man too. She was a fool to let Aidan get away. Ever since high school the perennial question from my parents and friends was always the same, Are you going to marry him? It never occurred to Nancy to blame her loneliness on her beverages of choice. She'd kept her career going. She wasn't an alcoholic. In fact, she relished hearing confessions of real alcoholics so she could assure herself that they--and not she--had a problem. Hello, Black Kettle? This is Pot calling! Terribly alone after receiving her second DUI at age 37, Nancy experiences a moment of clarity. She's been looking for answers everywhere but the place she least wants to examine: the mirror. What glares back at her is over twenty-four years of living life in the fast lane, zooming by all the red flags. Sitting in the jail cell I thought about hitting bottom. I could stop digging now. My life couldn't get any worse....How could years of my free-wheeling lifestyle as a partier, mainly a social drinker, bring me to this place? Compelled by a judge, Nancy walks into an Alcoholics Anonymous meeting and begins the hellacious journey of rethinking her life to finally find what she'd been searching for - her true self. Now sober for over ten years, married and with a thriving career, Nancy wants to tell other young women what she wishes someone had told her.

Sober Curious Ruby Warrington,2018-12-31 Would life be better without alcohol? It's the nagging question more and more of us are finding harder to ignore, whether we have a "problem" with alcohol or not. After all, we yoga. We green juice. We meditate. We self-care. And yet, come the end of a long work day, the start of a weekend, an awkward social situation, we drink. One glass of wine turns into two turns into a bottle. In the face of how we care for ourselves otherwise, it's hard to avoid how alcohol really makes us feel... terrible. How different would our lives be if we stopped drinking on autopilot? If we stopped drinking altogether? Really different, it turns out. Really better. Frank, funny, and always judgment free, Sober Curious is a bold guide to choosing to live hangover-free, from Ruby Warrington, one of the leading voices of the new sobriety movement. Drawing on research, expert interviews, and personal narrative, Sober Curious is a radical take down of the myths that keep so many of us drinking. Inspiring, timely, and blame free, Sober Curious is both conversation starter and handbook-essential reading that empowers readers to transform their relationship with alcohol, so we can lead our most fulfilling lives.

Drunk Edward Slingerland,2021-06-01 An entertaining and enlightening deep dive into the alcohol-soaked origins of civilization--and the evolutionary roots of humanity's appetite for intoxication (Daniel E. Lieberman, author of *Exercised*). While plenty of entertaining books have been written about the history of alcohol and other intoxicants, none have offered a comprehensive, convincing answer to the basic question of why humans want to get high in the first place. Drunk elegantly cuts through the tangle of urban legends and anecdotal impressions that surround our notions of intoxication to provide the first rigorous, scientifically-grounded explanation for our love of alcohol. Drawing on evidence from archaeology, history, cognitive neuroscience, psychopharmacology, social psychology, literature, and genetics, Drunk shows that our taste for chemical intoxicants is not an evolutionary mistake, as we are so often told. In fact, intoxication helps solve a number of distinctively human challenges: enhancing creativity, alleviating stress, building trust, and pulling off the miracle of getting fiercely tribal primates to cooperate with strangers. Our desire to get drunk, along with the individual and social benefits provided by drunkenness, played a crucial role in sparking the rise of the first large-scale societies. We would not have civilization without intoxication. From marauding Vikings and bacchanalian orgies to sex-starved fruit flies, blind cave fish, and problem-solving crows, Drunk is packed with fascinating case studies and engaging science, as well as practical takeaways for individuals and communities. The result is a captivating and long overdue investigation into humanity's oldest indulgence--one that explains not only why we want to get drunk, but also how it might actually be good for us to tie one on now and then.

Drinking In America Mark Edward Lender,James Kirby Martin,1987-05-22 Newly revised and updated, this engaging narrative chronicles America’s delight in drink and its simultaneous fight against it for the past 350 years. From Plymouth Rock, 1621, to New York City, 1987, Mark Edward Lender and James Kirby Martin guide readers through the history of drinks and drinkers in America, including how popular reactions to this ubiquitous habit have mirror and helped shape national response to a number of moral and social issues. By 1800, the temperance movement was born, playing a central role in American politics for the next 100 years, equating abstinence with 100-proof Americanism. And today, the authors attest, a “neotemperance” movement seems to be emerging in response to heightened public awareness of the consequences of alcohol abuse.

Vodka Victorino Matus,2014-07-01 Vodka began as rotgut medicine in Medieval Russia, but this neutral grain alcohol has become our uncontested king of spirits, with over 1,000 brands fighting for market share. But it wasn’t always thus. For two centuries, America drank the brown stuff: rum and whiskey. So how did Russia’s “little water” unseat our favorite hooch? Vic Matus takes us on an incredible visual journey from vodka’s humble American origins in a Depression-era Connecticut factory—using the family recipe of a poor Russian exile named Vladimir Smirnov—through its glamorous rise to fame at the hands of James Bond and Sex and the City to today’s craft distillery movement. You’ll see in clear, intoxicating detail how hippie culture, women’s lib, and an absolutely ingenious Swedish company all played their part, transforming the booze into a status symbol. By 1975, the war had ended: Vodka officially became our favorite spirit. Today, a third of all cocktails contain it, and last year 140 million gallons of the stuff racked up \$20 billion in sales. Here is the crisply distilled, bracing story of how entrepreneurs defied the odds and turned medieval medicine into a multibillion-dollar industry.
