### **Caribeños at the Table** Melissa Fuster, 2021-09-15

Melissa Fuster thinks expansively about the multiple meanings of comida, food, from something as simple as a meal to something as complex as one's identity. She listens intently to the voices of New York City residents with Cuban, Dominican, or Puerto Rican backgrounds, as well as to those of the nutritionists and health professionals who serve them. She argues with sensitivity that the migrants' health depends not only on food culture but also on important structural factors that underlie their access to food, employment, and high-quality healthcare. People in Hispanic Caribbean communities in the United States present high rates of obesity, diabetes, and other diet-related diseases, conditions painfully highlighted during the COVID-19 pandemic. Both eaters and dietitians may blame these diseases on the shedding of traditional diets in favor of highly processed foods. Or, conversely, they may blame these on the traditional diets of fatty meat, starchy root vegetables, and rice. Applying a much needed intersectional approach, Fuster shows that nutritionists and eaters often misrepresent, and even racialize or pathologize, a cuisine's healthfulness or unhealthfulness if they overlook the kinds of economic and racial inequities that exist within the global migration experience.

*America's White Table* Margot Theis Raven,2013-08-15 The White Table is set in many mess halls as a symbol for and remembrance to service members fallen, missing, or held captive in the line of duty. Solitary and solemn, it is the table where no one will ever sit. As a special

gift to her Uncle John, Katie and her sisters are asked to help set the white table for dinner. As their mother explains the significance of each item placed on the table Katie comes to understand and appreciate the depth of sacrifice that her uncle, and each member of the Armed Forces and their families, may be called to give. It was just a little white table... but it felt as big as America when we helped Mama put each item on it and she told us why it was so important. We use a Small Table, girls, she explained first, to show one soldier's lonely battle against many. We cover it with a White Cloth to honor a soldier's pure heart when he answers his country's call to duty. We place a Lemon Slice and Grains of Salt on a plate to show a captive soldier's bitter fate and the tears of families waiting for loved ones to return, she continued. We push an Empty Chair to the table for the missing soldiers who are not here... Margot Theis Raven has been a professional writer working in the fields of radio, television, magazines, newspapers, and children's books for 30 years. Margot's first children's book, *Angels in the Dust*, won five national awards, including an IRA Teacher's Choice Award. Her first book with Sleeping Bear Press, *Mercedes and the Chocolate Pilot*, was the runner-up for the 2004 Texas Bluebonnet Award. She lives with her family in Charleston, South Carolina. Mike Benny's illustrations have appeared in *Time*, *GQ*, *New Yorker* and *Sports Illustrated* Magazines. He has also been awarded two Gold Medals from the Society of Illustrators. This is Mike's first children's book. He lives in Austin, Texas with his wife Mary

Ann and daughter Adele.

A Seat at the Table Marc Miller, 2009 This book delivers another critical tool for connecting with decision-makers to make more and bigger sales. The book offers a new sales approach: stop selling and start helping customers win, win bigger, and win more often. Customers only care about one thing: value. And the only proven way to increase sales productivity is to deliver new and different forms of value. Salespeople must become experts in their customers' businesses and help them generate better results. Readers will learn that evolving from salespeople to businesspeople who sell will earn them a seat at the table -- the place reserved for those select people who guide the strategic direction of an enterprise. The book gives practical advice on how to better connect with executives and decision makers. When they can do this, salespeople will be in a position to create demand for their products and services, protect their core business, and close more sales.

**All Options on the Table** Rachel Elizabeth Whitlark, 2021-11-15 When is preventive war chosen to counter nuclear proliferation? In **All Options on the Table**, Rachel Elizabeth Whitlark looks beyond systemic and slow-moving factors such as the distribution of power. Instead, she highlights individual leaders' beliefs to explain when preventive military force is the preferred strategy. Executive perspective—not institutional structure—is paramount. Whitlark makes her argument through archivally based comparative case studies. She focuses on executive decision making regarding nuclear programs in China, North Korea,

Iraq, Pakistan, and Syria. This book considers the actions of US presidents John F. Kennedy, Lyndon B. Johnson, George H. W. Bush, Bill Clinton, and George W. Bush, as well as Israeli prime ministers Menachem Begin, Yitzhak Rabin, and Ehud Olmert. All Options on the Table demonstrates that leaders have different beliefs about the consequences of nuclear proliferation in the international system and their state's ability to deter other states' nuclear activity. These divergent beliefs lead to variation in leaders' preferences regarding the use of preventive military force as a counter-proliferation strategy. The historical evidence amassed in All Options on the Table bears on strategic assessments of aspiring nuclear powers such as Iran and North Korea. Whitlark argues that only those leaders who believe that nuclear proliferation is destabilizing for the international system will consider preventive force to counter such challenges. In a complex nuclear world, this insight helps explain why the use of force as a counter-proliferation strategy has been an extremely rare historical event.

#### **Hostage at the Table** George

Kohlrieser, 2011-01-06 George Kohlrieser—an international leadership professor, consultant, and veteran hostage negotiator—explains that it is only by openly facing conflict that we can truly progress through the most difficult business challenges. In this provocative book, he reveals how the proven techniques and psychological insights used in hostage negotiation can be applied successfully to any personal or business relationship. Step by step, he outlines the seven

key factors that anyone can use to remove the blocks that stand in the way of resolving tough problems and shows how business leaders, in particular, can develop and access the skills they need to create trust and a positive mind-set in their companies.

*Space at the Table* Brad Harper, Drew Harper, 2016 Love does not begin with condemnation. Can an evangelical theologian and his gay son overcome the differences in belief that threaten to destroy their relationship? For Brad and Drew Harper, that question wasn't theoretical and neither was the resounding yes they found after years of struggle. Writing to each other with compassion, grit, and humor, Brad and Drew take us on their journey as parent and child from the churches of Middle America to the penthouses of New York's party scenes, through a pastor's-kid childhood and

painful conversion therapy to the hard-won victories of their adult relationship. But *Space at the Table* is more than just a memoir. It is a guide, showing us a way through the roadblocks that threaten to devastate both families and the broader evangelical and LGBTQ communities. Speaking from their own experience, Brad and Drew offer an invitation to join them at a place where love is stronger than the beliefs that divide us.

**Our Table** Peter H. Reynolds, 2021-11-02 Creative visionary of *The Word Collector*, *Happy Dreamer*, and *The Dot*, #1 New York Times bestseller Peter H. Reynolds creates a tender, lyrical story of multigenerational love, tradition, and family coming together with gratitude and thanks. An Amazon Best Children's Book of 2021 Celebrated, bestselling creator Peter H. Reynolds brings his signature touch of love and kindness to this special, timely picture book, as families now, more than ever, are rediscovering and reevaluating what means the most: time together with one another. Violet longs for the time when her family was connected: before life, distractions, and technology pulled them all away from each other. They used to gather at the table, with food and love, to make memories, share their lives, and revel in time spent together. But now her family has been drifting apart, and with nobody to gather around it, the table grows smaller and smaller. Can Violet remind her family of the warmth of time spent together, and gather around the table once more? A mystical fable that feels at once timeless

and utterly of the present moment, *Our Table* is renowned, bestselling creator Peter H. Reynolds at his best. Exquisite, expressive watercolor tells a tender story, growing from monochrome into luscious, joyful color as Violet's family is reunited around the beloved table. An ode to traditions that unite families, *Our Table* brings readers together with a universal message of gratitude.

**The Table Comes First** Adam Gopnik, 2011-10-25 Transplanted Canadian, *New Yorker* writer and author of *Paris to the Moon*, Gopnik is publishing this major new work of narrative non-fiction alongside his 2011 Massey Lecture. An illuminating, beguiling tour of the morals and manners of our present food manias, in search of eating's deeper truths, asking Where do we go from here? Never before have so many North Americans cared so much about food. But much of our attention to it tends towards grim calculation (what protein is best? how much?); social preening (I can always score the last reservation at xxxxx); or graphic machismo (watch me eat this now). Gopnik shows we are not the first food fetishists but we are losing sight of a timeless truth, the table comes first: what goes on around the table matters as much to life as what we put

on the table: families come together (or break apart) over the table, conversations across the simplest or grandest board can change the world, pain and romance unfold around it--all this is more essential to our lives than the provenance of any zucchini or the road it travelled to reach us. Whatever dilemmas we may face as omnivores, how not what we eat ultimately defines our society. Gathering people and places drawn from a quarter century's reporting in North America and France, *The Table Comes First* marks the beginning a new conversation about the way we eat now.
