Sue Turnbull

**TV Crime Drama** Sue Turnbull,2014-06-23 This book provides an historical analysis of the TV crime series as a genre, paying close attention not only to the nature of TV dramas themselves, but also to the context of production and reception.

**The TV Detective** Helen Piper,2015-03-20 2016 Winner - BAFTSS (British Association of Film, Television and Screen Studies) Best BookWhat makes British television crime drama so perennially popular, both in the UK and internationally? What are the attractions and pleasures of these shows? How are detectives positioned in relation to viewers' national and collective experience of the 'everyday'? This book addresses these questions, examining the trends evident in a range of series - including A Touch of Frost, Lewis, Cracker, Life on Mars and the more recent Luther - in the context of their broader social meaning. Helen Piper develops a compelling argument regarding the cultural relevance of some of the more popular and powerful television detectives, claiming that theirs is a privileged role as the licensed voices of dissent. The discontented TV detective, she suggests, may serve to express a broader sense of cultural malaise.

**American TV Detective Dramas** Mareike Jenner,2015-11-08 The way detectives access and attain the 'truth' about a crime is an important indicator of how they relate to contemporary political developments. This book explores these methods of detection and positions the genre in a specific political, aesthetic, narrative and industrial context.

**The TV Detective** Simon Hall,2010-02 The TV Detective finds television reporter Dan Groves newly assigned to the crime beat, and in a state of angst about it. He needs a crash-course in police work; the solution is to shadow Detective Chief Inspector Adam Breen on a high-profile murder inquiry, which doesn't go down well with some members of the police force. The victim is a notorious local businessman, Edward Bray, a man with so many enemies that one of the problems the inquiry faces is having a surplus of suspects. Bray is killed at a prearranged meeting, in a lay-by on a dark and storm-lashed night, by a blast through the heart from a shotgun. Adam investigates and uncovers a tantalising question, which seems to be at the heart of the case: why was the killing planned for a different day, but put off apparently because the weather was sunny? Tensions abound between Dan and the police, and he comes close to being thrown off the case - until the detectives come to realise he might actually be helpful, in using the power of television to tempt the murderer into a trap.

*The Television Detectives' Omnibus* Peter Haining,1992 Detective stories are among the most popular viewing on television today. Half a century of the best television crime and detection is found in these pages, complete with details of the series they have inspired and the actors they have made famous.

TV Detectives Richard Meyers,1981 An intriguing, behind-the-scenes view of television's detective dramas, complete with chronological history, critiques, trivia, and thought-provoking insights into TV violence.--Cover.

**TV Noir** Allen Glover,2019-09-24 The pioneering, incisive, lavishly illustrated survey of noir on television—the first of its kind Noir—as a style, movement, or sensibility—has its roots in hardboiled detective fiction by writers like Chandler and Hammett, and films adapted from their novels were among the first called “film noir” by French cinéastes. But film isn’t the only medium with a taste for a dark story. Hundreds of noir dramas have been produced for television, featuring detectives and femmes fatales, gangsters, and dark deeds, continuing week after week, with a new disruption of the social order. In TV Noir, television historian Allen Glover presents the first complete study of the subject. Deconstructing its key elements with astute analysis, from NBC’s adaptation of Woolrich’s The Black Angel to the anthology programs of the ’40s and ’50s, from the classic period of Dragnet, M Squad, and 77 Sunset Strip to neo-noirs of the ’60s and ’70s including The Fugitive, Kolchak, and Harry O., this is the essential volume on TV noir.

Crime Television Douglas M. Snauffer,2006-09-30 Crime dramas have been a staple of the television landscape since the advent of the medium. Along with comedies and soap operas, the police procedural made an easy transition from radio to TV, and starting with Dragnet in 1952, quickly became one of the most popular genres. Crime television has proven to be a fascinating reflection of changes and developments in the culture at large. In the '50s and early '60s, the square-jawed, just-the-facts detectives of The Untouchables and The FBI put police work in the best light possible. As the '60s gave way to the '70s, however, the depictions gained more subtle shading, and The Streets of San Francisco, The Rockford Files, and Baretta offered conflicted heroes in more complex worlds. This trend has of course continued in more recent decades, with Steven Bochco's dramas seeking a new realism through frank depictions of language and sexuality on television. In chronicling these developments and illustrating how the genre has reflected our ideas of crime and crime solving through

the decades, author Douglas Snauffer provides essential reading for any fan. This work provides a comprehensive history of detective and police shows on television, with, among other elements, production histories of seminal programs, and interviews with some of the most important writers and producers of crime television. Besides the shows listed above, this volume will also discuss such programs as: Peter Gunn, The Mod Squad, Hawaii Five-O, Columbo, Starsky and Hutch, Charlie's Angels, Magnum P.I., Miami Vice, T.J. Hooker, Remington Steele, Cagney and Lacey, Murder, She Wrote, The Commish, Homicide: Life on the Street, Monk, and many more.

*The Television Crime Fighters Factbook* Vincent Terrace,2015-10-02 Did you know that detective Adrian Mont (Monk) is afraid of milk? That Pinky's real first name on The Roaring '20s is Delaware? That on Charlie's Angels, Sabrina was the only Angel who was never seen in a bikini or swimsuit? These are only a few of the more than 9,800 facts readers will find in this work, which presents detailed information on 134 syndicated and cable series broadcast from 1948 to 2003, plus six experimental programs broadcast from 1937 to 1946 and 204 unsold pilots broadcast from 1948 to 1996, that featured the work of television's law enforcers who risk their lives to solve crimes and bring criminals to justice. The entries are arranged alphabetically and provide such details as character names, addresses, names of pets, telephone numbers, and license plate numbers--in short, anything and everything that adds interest to a program and its characters. Many of the entries contain information about related projects, including TV movies and pilots that were broadcast as part of a series (for example, Sharon Stone's appearance as detective Dani Starr on the Hollywood Starr episode of T.J. Hooker).

*Television's Female Spies and Crimefighters* Karen A. Romanko,2016-02-24 Emma Peel wearing her kinky boots. Amanda King and her poppy seed cake. Julie Barnes at her hippie pad. Honey West with her pet ocelot. Television's female spies and crimefighters make quite an impression, yet there hasn't been a reference book devoted to them until now. This encyclopedic work covers 350 female spies, private investigators, amateur sleuths, police detectives, federal agents and crime-fighting superheroes who have appeared in more than 250 series since the 1950s, with an emphasis on lead or noteworthy characters. Entries are alphabetical by series, featuring credits and synopses, notable plot points, interesting facts and critical commentary on seminal series and characters. A brief history of female spies and crimefighters on TV places them in chronological perspective and sociological context.

**Shooting Columbo** David Koenig,2021-09-15 Columbo was arguably the most popular and most unique television mystery series ever -even though, within two minutes of the titles, the audience already knew the murderer's identity. The show captivated tens of millions of viewers for 69 adventures produced over 35 years. Yet if star Peter Falk had gotten his way, it would have run far longer.Columbo was never formally canceled, just subtly killed off. Twice. Who was to blame? The temperamental lead who would rather work in movies? The budget-conscious studio, exhausted with the star's demands? Or was it the meddling television studios, searching for a younger, hipper replacement?Discover the solution in Shooting Columbo: The Lives and Deaths of TV's Rumpled Detective. Author David Koenig takes you behind the scenes to witness the creation and making of every case, from the pilot Prescription: Murder (and its earlier incarnations on The Chevy Mystery Show and on stage) to the final special, Columbo Likes the Nightlife.You'll discover the origins of the Lieutenant's unseen wife, the lethargic Dog, the wrinkled raincoat, the wheezing 1959 Peugeot, and Just one more thing.... The narrative draws on scores of exclusive interviews with the show's writers, producers, directors and other creative personnel, as well as previously unpublished studio records, including scripts, memos, production reports, casting sheets, and business diaries. They will transport you to the harried story conferences, the heated confrontations, and take... after take... after take... of filming. The shooting of Columbo was filled with backstage intrigue and larger-than-life personalities who, through it all, created unforgettable classic television.

Detective Arthur Hailey,2015-10-20 A death row confession sparks an investigation that will tear Miami apart in this “engrossing thriller” from the #1 New York Times–bestselling author (Booklist). Detective-Sergeant Malcolm Ainslie, a former Catholic priest, is about to start his vacation when a call comes in from death row. Before serial killer Elroy Doil is taken to the electric chair, he wants to make a full confession to the cop who put him away. To close the books on additional murder cases in which Doil is a suspect, Ainslie drives four hundred miles to Florida State Prison. Although Doil confesses to ten other homicides, he insists that he didn’t commit the crime for which he will be executed the following day: the grisly slaying of a city commissioner and his wife. In his search for the real killer, Ainslie will discover that the upper levels of Miami’s government—including some of his closest colleagues—are more corrupt and dangerous than he ever imagined.

*American TV Detective Dramas* Mareike Jenner,2014-01-14 The way detectives access and attain the 'truth' about a crime is an important indicator of how they relate to contemporary political developments. This book

explores these methods of detection and positions the genre in a specific political, aesthetic, narrative and industrial context.

**The Boxtree Encyclopedia of TV Detectives** Geoff Tibballs,1992 This illustrated encyclopaedia covers more than 300 British and American television detective series. The information includes descriptions of the series, characteristics of the detectives, their working methods and styles, cast lists, episode guides, production credits and transmission dates.

**Mindhunter** John E. Douglas,Mark Olshaker,2017-10-24 Includes material on the Trailside Killer in San Francisco, the Atlanta child murderer, the Tylenol poisoner, the man who hunted prostitutes for sport in the woods of Alaska, and Seattle's Green River killer ...

The Killings at Badger's Drift Caroline Graham,2014-10-15 A quaint English village is home to a murderer in the Macavity Award-winning mystery series debut that launched the British crime drama Midsomer Murders. Badger's Drift is the ideal English village, complete with vicar, bumbling local doctor, and kindly spinster. But when the spinster dies suddenly, her best friend kicks up a fuss loud enough to attract the attention of Detective Chief Inspector Barnaby. And when Barnaby and his eager-beaver deputy start poking around, they uncover a swamp of ugly scandals and long-suppressed resentments seething below the picture-postcard prettiness. In the grand English tradition of the quietly intelligent copper, Barnaby has both an irresistibly dry sense of humor and a keen insight into what makes people tick. The Killings at Badger's Drift marks Inspector Barnaby's debut, and offers ample proof that Caroline Graham may indeed be "simply the best detective writer since Agatha Christie" (Sunday Times of London). "Murder most pleasing . . . a corking good mystery." —Los Angeles Times

The Heron's Cry Ann Cleeves,2021-09-07 New York Times bestseller Ann Cleeves returns with The Heron's Cry, the extraordinary follow-up to The Long Call, soon to be a major TV series, alongside her two hit TV shows Shetland and Vera. In Matthew Venn, Ann has created a complex, daring, subtle character. --Louise Penny A complex mystery full of surprises . . . this character-driven exploration of people's darkest flaws is a sterling example of Cleeves' formidable talents. --Kirkus Reviews North Devon is enjoying a rare hot summer with tourists flocking to its coastline. Detective Matthew Venn is called out to a rural crime scene at the home of a group of artists. What he finds is an elaborately staged murder--Dr Nigel Yeo has been fatally stabbed with a shard of one of his glassblower daughter's broken vases. Dr. Yeo seems an unlikely murder victim. He's a good man, a public servant, beloved by his daughter. Matthew is unnerved, though, to find that she is a close friend of Jonathan, his husband. Then another body is found--killed in a similar way. Matthew soon finds himself treading carefully through the lies that fester at the heart of his community and a case that is dangerously close to home. DI Matthew Venn returns in The Heron's Cry, in Ann Cleeves powerful next novel, proving once again that she is a master of her craft. A Macmillan Audio production from Minotaur Books
