**Twelve Powers in You** David Williamson D. Min., Gay Lynn Williamson M.A. Psy., Robert Knapp M.D., 2000-04-28 Twelve Powers in You re-introduces the idea popularized by Unity Church leader Charles Fillmore that the body has twelve powers: faith, wisdom, enthusiasm, power, imagination, understanding, love, order, life, strength, release and will. These twelve powers are not separate from the physical body, but are expressed through it. This fascinating book teaches readers how to access these dynamic powers to bring them healing, love and success. Authors David Williamson, a minister, Gay Lynn Williamson, a psychotherapist, and Robert Knapp, a medical doctor, have spent most of their lives exploring the terrain of our whole being. Now, they've incorporated their comprehensive and unique blend of skills to help readers-as they have helped thousands of others in their practices and ministry-explore and develop the Twelve Powers inherent within everyone. Using a whole-brain learning approach that incorporates visualizations, affirmations, exercises

and case studies, the book is comprehensive yet easily accessible. Readers will learn how others have healed themselves by harnessing their twelve powers, learn how to express each power in themselves in a healthy way and gain medical expertise on how each power externalizes within a particular organ or body system. This must-have book makes a marvelous self-study course on self-improvement for the whole year.

In *Christ Enthroned in Man*, Mrs. Fillmore helps the reader put the twelve powers to practical use by outlining exercises to develop faith and willpower, recognize and use intuition, and let go of unwanted conditions in the body and in life situations.

Twelve by Twelve Bill Powers, 2010 Why would a successful American physician choose to live in a twelve-foot-by-twelve-foot cabin without running water or electricity? To find out, writer and activist William Powers visited Dr. Jackie Benton in rural North Carolina. No Name Creek gurgled through Benton's permaculture farm, and she stroked honeybees' wings as she shared her wildcrafter philosophy of living on a planet in crisis. Powers, just back from a decade of international aid work, then accepted Benton's offer to stay at the cabin for a season while she traveled. There, he befriended her eclectic neighbors — organic farmers, biofuel brewers, eco-developers — and discovered a sustainable but imperiled way of life. In these pages, Powers not only explores this small patch of community but draws on his international experiences with other pockets of resistance. This engrossing tale of Powers's struggle for a meaningful life with a smaller footprint proposes a paradigm shift to an elusive "Soft World" with clues to personal happiness and global healing.

*Mysteries of Genesis* Charles Fillmore, 2014-05-12 THE BOOK OF GENESIS is the key to the Bible. In the New Testament it is quoted twenty-seven times literally and thirty-eight times substantially. It tells in a very few words how God first imaged

man and the universe and then turned the development over to Jehovah, who has been in a process of manifestation for ages and aeons. The Five Books of Moses, of which Genesis is the first, have always been credited to Moses, but that he was the author seems doubtful in the face of the many stories of creation found in the legends and hieroglyphs of ancient Egypt, Chaldea, and other nations that are almost identical with those of Genesis. It would thus seem that Moses edited the legends of the ages and compiled them into an allegorical history of creation. The truths in this book will be revealed to the reader through his own spiritual unfoldment. Spiritual things are spiritually discerned. The spiritual revelations that you seem to get from books and teachers already existed as submerged experiences in your own soul. The essential truths have been worked out in this or previous incarnations, and when you were reminded of the buried idea it blazed forth as a light from without. So all that you are or ever will be must come from your own spiritual achievements.

Unity Metaphysics Charles Fillmore, 2015-11-16 This book, first published more than 70 years ago, is the key to the metaphysical teachings of Charles Fillmore, the co-founder of Unity. In it you will find fascinating quotations and comments on metaphysical subjects including the reality of God, the nature of humankind, and the purpose of Mind. You will find that Mind does two crucial things: it creates and emits Divine Ideas. You will see that true, perfect nature is what metaphysical thinkers know as an idea. The Divine Idea for human beings is given a special term, the Christ. Divine Ideas form the pattern from which things in the material world are expressed. These are fascinating metaphysical ideas from the heart and pen of America's preeminent metaphysician-Ideas from God-Mind.

A Twelve-Power Meditation Exercise Charles Roth, 2005-09 Long after Unity cofounder Charles Fillmore wrote about the twelve powers, people today continue to study these faculties and body centers. Author Charles Roth provides an easy-to-

understand introduction to Fillmore's philosophies. Each lesson is dedicated to a specific power and its relative physical location in the body.
