

The Vip Event

Daniel Funk,Kostas Alexandris,Heath McDonald

Events and Infrastructures Barbara Grabher, Ian R.

Lamond, 2024-05-13 Innovative and the first of its kind, this informative and multidisciplinary book explores the socio-cultural significance inherent in event infrastructures. While mainstream event management literature addresses event infrastructures mainly through its operational relevance, this carefully compiled edited volume takes infrastructures as an analytical point in respect to its social, political, economic and cultural potential of the study of events. Borrowing from the ongoing social scientific debates on the geography, sociology and anthropology of infrastructures, critical questions are posed in relation to the event contexts. With references to events in Argentina, Malawi, Spain and the UK, among others, the volume combines an international perspective with a highly relevant subject for contemporary event management education. By bringing together theoretical as well as empirical readings on the question of event infrastructures from a critical point of view, the debates are relevant to practitioners and researchers as well as undergraduate and postgraduate students in the field of events, leisure, tourism, anthropology, sociology, geography and urban planning – among others.

Managing Events Liz Quick, 2020-08-17 Combining the practical and academic aspects of event management this text presents an industry perspective, with real-life event examples and contemporary and relevant case studies. It provides lecturers with a useful platform to integrate key event topics into the learning environment. The book discusses the management process throughout the ‘event cycle’, from the pre-event planning stage; on-site delivery to the post event stage. The book is divided into 4 distinct phases, which are: The Event

cycle; Before the event; Throughout the event and Beyond the event. Within each of these 4 sections, there are 2 or 3 separate chapters, each with their own objectives. The book discusses practical and operational elements, such as project management, marketing, sponsorship deals and risk assessment, that need to be put in place both before and during the event. The final section: Beyond the event, examines current and future event trends and issues, and discusses the various career paths that exist and the skills and qualifications required to gain employment and start a successful career in events. Each chapter profiles someone currently working within the events industry, and presents a scenario of a real event challenge they have faced in their work role, relevant to the chapter. Further viewpoints from a second event practitioner and academic are included, before the final outcome is presented, showing us in each case, how real life situations develop and are resolved in practice within the events industry. The feature Event Ethics explores a topical issue that should encourage lively discussion and the Did you know? section reveals an interesting and chapter-specific event fact. At the end of every chapter students can revise and extend their event knowledge with the list of Chapter Summary Questions, which help consolidate the learning outcomes. Additionally the Key Terms section explains any terminology used within the chapter. Each chapter concludes with a section called For the Classroom, featuring discussion points and activities based around the chapter content, as well as reference sources and suggested reading. Some of the forms and inserts used to contextualise the learning, will appear as weblinks for the students to download and use throughout.

Festival and Event Tourism Impacts Dogan Gursoy,Robin

Nunkoo,Medet Yolal,2020-09-17 Festival and Event Tourism Impacts

provides a comprehensive review and analysis of the multi-faceted impacts that festival and events have on a host community, whether positive or negative, and offers recommendations for communities for the successful management of this kind of tourism. Opening chapters define festival and event tourism impact concepts utilized in the field and their evolution throughout the years, followed by an exploration of the current issues facing communities. The second part discusses sustainability and environmental issues that affect destinations and communities as a result of festival and event impacts. Subsequent chapters outline further impacts and finally address cutting-edge event tourism development and impact management strategies and considerations such as innovative management approaches, sustainability, and social responsibility, for example, and identify future trends and issues within a multidisciplinary global perspective. A variety of geographical locations are exemplified throughout as well as a range of diverse event types including the Formula One Grand Prix in Monaco, Pope Francis' visit to Mauritius in 2019, and the 29th Summer Universiade in Taiwan, among many others. Drawing on the knowledge and expertise of highly regarded academics from around the world, this will be of great interest to all upper-level students and researchers in Tourism, Hospitality, Events, and related fields.

Risk and Hazard Management for Festivals and Events Peter Wynn-Moylan, 2017-09-07 Events of all types are produced every day for all manner of purposes, attracting all sorts of people. To provide a safe and secure setting in which people gather is imperative. Event risk and hazard management must be fully integrated into all event plans and throughout the event management process. Hazard management is the planning process required for the effective

management of potential adverse incidents and areas of uncertainty. It involves intensive, detailed planning and cooperation to apply control systems to minimise hazards associated with venues, outdoor sites, work procedures, facilities, equipment and crowds of spectators. It involves planning for emergencies and security, and compliance with legal constraints and requirements. Risk and Hazard Management for Festivals and Events provides students with a comprehensive, fully integrated planning and management mechanism that can be applied to events of all types and size. The Event Safety Management System provides guidelines and processes for proactive methods to identify, assess and control hazardous conditions and practices. The system incorporates design of festival venues and sites, and unites the operational functions of crowd control, communications, security, terrorism prevention processes and emergency response protocols. Explanation of the causes of crowd disasters and studies into crowd behaviour are supported with international case studies. Written in an accessible, practical way, this book is essential reading for all events students and event managers.

Etiquette and Protocol April L. Harris, 1999 Intended for special events planners on college campuses, this book offers advice on matters of etiquette and protocol for campus events. Chapters cover the following topics: (1) invitations (e.g., the precedence of extending invitations, invitation components, formal invitations, types of invitations); (2) forms of address (with examples of appropriate uses of a variety of titles); (3) receiving guests (name badges, the receiving line, seating arrangements, and parking); (4) food and beverages (cocktails, cash bars, selecting wines and food, toasting, buffets, served meals, and teaching students to provide first-class service); (5) academic traditions (academic dress, faculty colors, symbols of office,

order of processions, commencements, and inaugurations); (6) international relations (protocol for government officials, welcoming international visitors, working with an interpreter, gifts, food, and drink); (7) hosting people with disabilities (wheelchairs and other physical aids, impairments of hands or arms, visually impaired people, and hearing or speech impairments); (8) business etiquette basics (welcoming guests in one's office, visiting another person's office, meeting manners, board meetings, telephone etiquette, professional accessories, and thank-you notes). (Contains 16 references and index.) (DB)

Consumer Behaviour in Sport and Events Daniel Funk, Kostas Alexandris, Heath McDonald, 2008-10-23 Consumer Behaviour in Sport and Events emphasises the role of consumer behaviour in sport marketing. Given the social, economic, and environmental benefits of sport events, the challenge for marketers is to understand the complexity of sport and event participation. Through a heightened understanding of consumer behaviour, marketers are able to develop communication strategies to enhance the experience, while identifying key elements of the consumer's decision-making process. This book provides students and industry professionals with the knowledge and skills necessary to meet the current marketing challenges facing professionals working in the sport and event industries. This comprehensive text covers a wide range of determinants that influence both active recreation and passive spectator participation, and offers the reader: A detailed understanding of the personal, psychological and environmental factors that influence sport and event related consumer behaviour A basis for the development of marketing actions useful in sport and related business, community and government sectors A comprehensive understanding

of how individuals associate themselves with sport and event products and services A quick and simple segmentation tool to guide discussion of marketing actions and strategies for four stages of involvement with sport and events A comprehensive events checklist to help understand marketing actions related to the development, promotion and delivery of a sport event. Sport and event consumer behaviour is a rapidly growing area of interest and this book is considered a valuable resource for those involved in the sport and events industries from students to marketers to academics.

Ciottone's Disaster Medicine E-Book Gregory R. Ciottone,Paul D Biddinger,Robert G. Darling,Saleh Fares,Mark E Keim,Michael S Molloy,Selim Suner,2015-09-24 The most comprehensive resource of its kind, Ciottone's Disaster Medicine, 2nd Edition, thoroughly covers isolated domestic events as well as global disasters and humanitarian crises. Dr. Gregory Ciottone and more than 200 worldwide authorities share their knowledge and expertise on the preparation, assessment, and management of both natural and man-made disasters, including terrorist attacks and the threat of biological warfare. Part 1 offers an A-to-Z resource for every aspect of disaster medicine and management, while Part 2 features an exhaustive compilation of every conceivable disaster event, organized to facilitate quick reference in a real-time setting. Quickly grasp key concepts, including identification of risks, organizational preparedness, equipment planning, disaster education and training, and more advanced concepts such as disaster risk reduction, tactical EMS, hazard vulnerability analysis, impact of disaster on children, and more. Understand the chemical and biologic weapons known to exist today, as well as how to best manage possible future events and scenarios for which there is no precedent. Consult this title on your favorite e-reader. Be prepared for man-made

disasters with new sections that include Topics Unique to Terrorist Events and High-Threat Disaster Response and Operational Medicine (covering tactical and military medicine). Get a concise overview of lessons learned by the responders to recent disasters such as the earthquake in Haiti, Hurricane Sandy, the 2014 Ebola outbreak, and active shooter events like Sandy Hook, CT and Aurora, CO. Learn about the latest technologies such as the use of social media in disaster response and mobile disaster applications. Ensure that everyone on your team is up-to-date with timely topics, thanks to new chapters on disaster nursing, crisis leadership, medical simulation in disaster preparedness, disaster and climate change, and the role of non-governmental agencies (NGOs) in disaster response – a critical topic for those responding to humanitarian needs overseas.

Attaining Ultimate Results from your Loyalty Club Trevor Taylor, 2015-06-15 Attaining Ultimate Results from your Loyalty Club is a book that uncovers the secrets used in casinos in driving revenue and extra visitation from members. It describes the best strategies in retaining your members and how to attract new members or activate extra visitation from your existing members. A number of strategies in the book describe how you can increase your revenue from a well-designed loyalty Club. If you looking at launching a loyalty club, then this book is a must to read, as it shows you the correct steps to follow, in creating the correct benefits needed to drive members and revenue into your business and more importantly what financial data mining you need to carry out with your members to manage your data base correctly. Marketing today is moving away from once off transactional marketing to more long term profitable relationship marketing. This book uncovers those secrets that companies should be using to gain market share.

Craft Beverages and Tourism, Volume 2 Susan L. Slocum, Carol Kline, Christina T. Cavaliere, 2017-07-31 This volume applies a mix of qualitative and quantitative research and case studies to analyze the role that the craft beverage industry plays within society at large. It targets important themes such as environmental conservation and social responsibility, as well as the psychology of the craft beer drinker and their impact on tourism marketing. This volume advances marketing, hospitality, and leisure studies research for academics, industry experts, and emerging entrepreneurs.

The Road Crew Gabrielle Kielich, 2023-12-28 The Road Crew: Live Music and Touring is an in-depth study of the road crew – the group of workers who handle the logistical and technical requirements of popular music concert tours – that provides an extensive look at the activities and personnel involved in the daily operation of these events. Using interviews with road crew members, participant observation at concert venues and archival research, this book covers a range of topics, including how they learn their roles and maintain work through networks and informal practices, the experience of being on tour and the workplace culture of road crews, the daily tasks and necessary documents that contribute to the realisation of concert events, and the integral role that tour managers play in the working lives of musicians. The book also provides important insights into the experience of women working in a male-dominated field, the ways in which hierarchy shapes the working lives of “support” workers and the effects of touring on road crew members. The Road Crew will be of interest to scholars and students of popular music, live music and the creative industries, as well as music fans, journalists, and professionals and practitioners in the music industries.

Managing Tourism and Hospitality Services B. Prideaux, Gianna

Moscardo, Eric Laws, 2006-09-14 The aim of this book is to enhance theoretical and practical understanding of quality management in tourism and hospitality. It provides a benchmark of current knowledge, and examines the range of research methods being applied to further develop tourism and hospitality service management research. It is hoped that this book will stimulate new research questions by highlighting tensions and challenges in the area.

Seamless Anders Sorman-Nilsson, 2017-01-17 Achieve brand success with smarter change management and seamless transformation Seamless is a guide for transforming your brand and heroically taking your business into the future. Customers are sick and tired of the inconvenience, friction, arrogance and grating seams they experience on their customer journeys caused by brands undergoing awkward and haphazard change. This book shows you how to remove the external and internal seams for a smooth transition between marketing channels, to provide a transformative customer journey. Anders Sörman-Nilsson, futurist and author of Digilogue (Wiley 2013), reveals the key factors to designing a cohesive and agile brand that is fit for the future. This book looks at on-the-ground implementation of Digilogue ideas, giving you a first-hand account of how emerging technology has evolved and disrupted the business landscape since 2013. You'll learn the trials and tribulations of omnichannel marketing, change leadership, start up thinking versus a heritage (and family) business legacy and why there has never been a better time to implement seamless technologies in your business. The future doesn't unfold neatly — in fact, it's often a disruptive slap in the face. Seamless is the key to a successful business future, and this book shows you how to make seamlessness work for your company,

starting today. Design away the friction with transformative customer experiences Weave disparate channels and parts of a brand together into a seamless whole Take an integrative, rather than additive, approach to communications Achieve the highest level of customer intimacy, the key to customer loyalty Drive seamless change inside your organisation by designing journeys of constant adaptation Communication channels continue to proliferate, and simply adding every new flash in the pan is a sure path to ruin. You need to bring together every part of your brand into a cohesive whole, one with deliberate, strategic structure and wholeheartedly gather all your stakeholders around it. Seamless shows you how to remove the scar tissue, reveal your brand's fresh edge and meet the future curious, agile and open-minded.

Critical Thinking for Multiple Learning Styles Teacher Created Resources,2004-10-13

Sport Promotion and Sales Management Richard L. Irwin,William Anthony Sutton,Larry M. McCarthy,2008 This is a guide to promotion and sales in the sport industry. Experts from the classroom and sports field offer insights and experiential data on the skills needed to succeed in sports promotion and sales.

Managing Major Sports Events Milena M. Parent,Aurélia Ruetsch,2020-11-29 Managing Major Sports Events: Theory and Practice is a complete introduction to the principles and practical skills that underpin the running and hosting of major sports events, from initial bid to post-event legacy and sustainability. Now in a fully revised and updated new edition, the book draws on the latest research from across multiple disciplines, explores real-world situations, and emphasises practical problem-solving skills. It covers every key area in the event management process, including: •

Bidding, leadership, and planning; • Marketing and human resource management; • Venues and ceremonies; • Communications and technology (including social media); • Functional area considerations (including sport, protocol, and event services); • Security and risk management; • Games-time considerations; • Event wrap-up and evaluation; • Legacy and sustainability. This revised edition includes expanded coverage of cutting-edge topics such as digital media, culture, human resources, the volunteer workforce, readiness, security, and managing Games-time. Each chapter combines theory, practical decision-making exercises, and case studies of major sports events from around the world, helping students and practitioners alike to understand and prepare for the reality of executing major events on an international scale. Also new to this edition is an Outlook, Trends, and Innovations section in each chapter, plus tips from leading events professionals. *Managing Major Sports Events: Theory and Practice* is an essential textbook for any course on sports event management or international sports management, and an invaluable resource for all sport management researchers, practitioners and policymakers. Online resources include PowerPoint slides, multiple choice questions, essay questions, stories, and decision-making exercises.

Mass Gathering Medicine William J. Brady, Mark R. Sochor, Paul E. Pepe, John C. Maino II, K. Sophia Dyer, 2024-04-18 Mass medical deployments to large events, such as music festivals or sporting events, are increasing in number, size, and complexity. This textbook provides guidance and direction for rational, effective, and practical medical management of mass gathering events for medical leaders. This is the first authoritative text on mass event medicine, filling a much-needed gap in a large and important area of the specialty. An

international group of contributors introduce the specialty and cover topics such as general deployment, staffing, equipment, and resources, moving on to more complex issues such as the business aspect of mass gathering medicine and the legal implications. There are also practical chapters on specific types of events and adverse events such as terrorism, severe weather, and civil disobedience. An invaluable text for all healthcare professionals planning for and attending mass events, particularly EMS professionals, large event planners and administrators, and law enforcement and security personnel.

Event Studies Donald Getz, 2010-08-31 Many books exist on various aspects of event management, reflecting growing academic and professional interest, but there has not been a book written on Event Studies until now. As the event management field expands, there is a growth in demand for advanced texts, particularly with a multidisciplinary research and theoretical orientation. Event Studies is the first text to embrace this new direction in the field of event management providing: students and practitioners with an explanation of why planned events are important from a social/cultural, economic and environmental perspective. readers with an understanding of how various disciplines and other professional fields view planned events, and the contributions they make to understanding events. research students with a detailed evaluation of research issues and challenges, and of methodologies and theories applicable to event studies. The bibliography is extensive and numerous research examples are provided. professionals with a tool to expand their knowledge well beyond the art and science of producing events to include the philosophical and scientific foundations of event studies. For the event management student, and for professionals, Event Studies provides the necessary body of knowledge and

theoretical /methodological underpinnings on the subject of planned events.

The Routledge Handbook of Business Events Charles

Arcodia,2022-09-08 A timely and up-to-date go-to reference work for business events, *The Routledge Handbook of Business Events* explores and critically evaluates the key debates and controversies inherent to this rapidly expanding subject of study and industry. The volume brings together leading specialists from a range of disciplinary backgrounds and geographical regions, to provide state-of-the-art theoretical reflection and empirical research on management aspects as well as economic, social and environmental impacts and external factors such as transportation. The book incorporates the varied expertise of some 30 expert authors to provide a definitive collection of statements in this field, accompanied by illustrative and engaging case studies embodying real-life scenarios and examples on an international scale. This book is an excellent resource for students, researchers and academics of Events, as well as those of related studies in particular Tourism, Hospitality, Sport, Leisure, Marketing, Business and Development Studies.

1536 Free Waters and Other Blackjack Endeavors Glen

Wiggy,2012-09 Why is there a twelve on the cover of this blackjack book instead of the usual twenty-one? No blackjack author in their right mind would put a hand of twelve on the cover. Glen Wiggy did—he is full of surprises like that. Part how-to manual, part memoir, *1536 Free Waters and Other Blackjack Endeavors—Finding Profit and Humor in Card-Counting* chronicles Wiggy's amusing experiences while playing blackjack during more than eight hundred casino visits from January 2001 until June 2008. It also introduces blackjack card-counting in a fun and easy-to-learn format. In addition to the

everyday casino patrons, starving puppies, angry pit bosses, French doughnuts, talking sea gulls, and 1536 bottled waters make unforgettable appearances in these entertaining stories tailored for casual blackjack gamblers. For players pursuing the game for serious profit, Wiggy also presents practical tips on • Aspects of blackjack basic strategy • Fundamentals of card-counting • Techniques for managing money • Dangers of greedy gambling behavior Unlike most blackjack strategy guides, 1536 Free Waters and Other Blackjack Endeavors won't teach you how to "kill" the dealer or make a living playing the game. Instead, you'll learn basic strategy and introductory card-counting skills that give you enough confidence to approach the table with a positive attitude and reasonable expectation of winning. Plus, you'll learn what to expect from the cards and the wonderfully strange people and places you may encounter. Enjoy the ride. "Undoubtedly, the most enjoyable blackjack book I've read in my twenty years as the editor of a gambling publishing company. It had me laughing out loud." —Deke Castleman, editor for Huntington Press Read more at www.blackjackstories.com.

Koenig and Schultz's Disaster Medicine Kristi L. Koenig, Carl H. Schultz, 2016-04-18 This is the definitive reference on disaster medicine, outlining areas of proficiency for health care professionals handling mass casualty crises.
