Thomas Hardy Claire Tomalin,2007-01-18 A masterful portrait (The Philadelphia Inquirer) from a Whitbread Award-winning biographer, and author of A Life of My Own. The novels of Thomas Hardy have a permanent place on every booklover's shelf, yet little is known about the interior life of the man who wrote them. A believer and an unbeliever, a socialist and a snob, an unhappy husband and a desolate widower, Hardy challenged the sexual and religious conventions of his time in his novels and then abandoned fiction to reestablish himself as a great twentieth-century lyric poet. In this acclaimed new biography, Claire Tomalin, one of today's preeminent literary biographers, investigates this beloved writer and reveals a figure as rich and complex as his tremendous legacy.

Jude the Obscure Thomas Hardy,2016-01-01 Part First AT MARYGREEN Yea, many there be that have run out of their wits for women, and become servants for their sakes. Many also have perished, have erred, and sinned, for women... O ye men, how can it be but women should be strong, seeing they do thus?—Esdras. I The schoolmaster was leaving the village, and everybody seemed sorry. The miller at Cresscombe lent him the small white tilted cart and horse to carry his goods to the city of his destination, about twenty miles off, such a vehicle proving of quite sufficient size for the departing teacher's effects. For the schoolhouse had been partly furnished by the managers, and the only cumbersome article possessed by the master, in addition to the packing-case of books, was a cottage piano that he had bought at an auction during the year in which he thought of learning instrumental music. But the enthusiasm having waned he had never acquired any skill in playing, and the purchased article had been a perpetual trouble to him ever since in moving house. The rector had gone away for the day, being a man who disliked the sight of changes. He did not mean to return till the evening, when the new school-teacher would have arrived and settled in, and everything would be smooth again. The blacksmith, the farm bailiff, and the schoolmaster himself were standing in perplexed attitudes in the parlour before the instrument. The master had remarked that even if he got it into the cart he should not know what to do with it on his arrival at Christminster, the city he was bound for, since he was only going into temporary lodgings just at

first.
