Putin's People Catherine Belton,2020-06-23 A New York Times and Sunday Times bestseller | A New York Times Book Review Editors' Choice Named a best book of the year by The Economist | Financial Times | New Statesman | The Telegraph [Putin's People] will surely now become the definitive account of the rise of Putin and Putinism. —Anne Applebaum, The Atlantic This riveting, immaculately researched book is arguably the best single volume written about Putin, the people around him and perhaps even about contemporary Russia itself in the past three decades. —Peter Frankopan, Financial Times Interference in American elections. The sponsorship of extremist politics in Europe. War in Ukraine. In recent years, Vladimir Putin's Russia has waged a concerted campaign to expand its influence and undermine Western institutions. But how and why did all this come about, and who has orchestrated it? In Putin's People, the investigative journalist and former Moscow correspondent Catherine Belton reveals the untold story of how Vladimir Putin and the small group of KGB men surrounding him rose to power and looted their country. Delving deep into the workings of Putin's Kremlin, Belton accesses key inside players to reveal how Putin replaced the freewheeling tycoons of the Yeltsin era with a new generation of loyal oligarchs, who in turn subverted Russia's economy and legal system and extended the Kremlin's reach into the United States and Europe. The result is a chilling and revelatory exposé of the KGB's revanche—a story that begins in the murk of the Soviet collapse, when networks of operatives were able to siphon billions of dollars out of state enterprises and move their spoils into the West. Putin and his allies subsequently completed the agenda, reasserting Russian power while taking control of the economy for themselves, suppressing independent voices, and launching covert influence operations abroad. Ranging from Moscow and London to Switzerland and Brooklyn's Brighton Beach—and assembling a colorful cast of characters to match—Putin's People is the definitive account of how hopes for the new Russia went astray, with stark consequences for its inhabitants and,

increasingly, the world.

Know Your Rights and Claim Them Amnesty International, Angelina Jolie, Geraldine Van Bueren, 2021-09-17 A timely look at children's rights, the young activists who fought for them, and how readers can do the same by Amnesty International, Angelina Jolie, and Geraldine Van Bueren

Beyond Elite Law Samuel Estreicher, Joy Radice, 2016-04-26 Are Americans making under \$50,000 a year compelled to navigate the legal system on their own, or do they simply give up because they cannot afford lawyers? We know anecdotally that Americans of median or lower income generally do without legal representation or resort to a sector of the legal profession that - because of the sheer volume of claims, inadequate training, and other causes - provides deficient representation and advice. This book poses the question: can we - at the current level of resources, both public and private - better address the legal needs of all Americans? Leading judges, researchers, and activists discuss the role of technology, pro bono services, bar association resources, affordable solo and small firm fees, public service internships, and law student and nonlawyer representation.

Information Needs of Communities Steven Waldman, 2011-09 In 2009, a bipartisan Knight Commission found that while the broadband age is enabling an info. and commun. renaissance, local communities in particular are being unevenly served with critical info. about local issues. Soon after the Knight Commission delivered its findings, the FCC initiated a working group to identify crosscurrent and trend, and make recommendations on how the info. needs of communities can be met in a broadband world. This report by the FCC Working Group on the Info. Needs of Communities addresses the rapidly changing media landscape in a broadband age. Contents: Media Landscape; The Policy and Regulatory Landscape; Recommendations. Charts and tables. This is a print on demand report.
