**The House of Twenty Thousand Books** Sasha Abramsky, 2017-03-28 A tender and compelling memoir of the author's grandparents, their literary salon, and a way of life that is no more. The House of Twenty Thousand Books is the story of Chimen Abramsky, an extraordinary polymath and bibliophile who amassed a vast collection of socialist literature and Jewish history. For more than fifty years Chimen and his wife, Miriam, hosted epic gatherings in their house of books that brought together many of the age's greatest thinkers. The atheist son of one of the century's most important rabbis, Chimen was born in 1916 near Minsk, spent his early teenage years in Moscow while his father served time in a Siberian labor camp for religious proselytizing, and then immigrated to London, where he discovered the writings of Karl Marx and became involved in left-wing politics. He briefly attended the newly established Hebrew University in Jerusalem, until World War II interrupted his studies. Back in England, he married, and for many years he and Miriam ran a respected Jewish bookshop in London's East End. When the Nazis invaded Russia in June 1941, Chimen joined the Communist Party, becoming a leading figure in the party's National Jewish Committee. He remained a member until 1958, when, shockingly late in the day, he finally acknowledged the atrocities committed by Stalin. In middle age, Chimen reinvented himself once more, this time as a liberal thinker, humanist, professor, and manuscripts' expert for Sotheby's auction house. Journalist Sasha Abramsky re-creates here a lost world, bringing to life the people, the books, and the ideas that filled his grandparents' house, from gatherings that included Eric Hobsbawm and Isaiah Berlin to books with Marx's handwritten notes, William Morris manuscripts and woodcuts, an early sixteenth-century Bomberg Bible, and a first edition of Descartes's Meditations. The House of Twenty Thousand Books is a wondrous journey through our times, from the vanished worlds of Eastern European Jewry to the cacophonous politics of modernity. The House of Twenty Thousand Books includes 43 photos.

**A Thousand No's** DJ Corchin, 2020-08-04 This empowering picture book teaches readers that even great ideas sometimes get a NO—but that NO can actually help great ideas become the best ideas! There was a little girl who had a great idea. She had the most amazing, superb, best idea ever! NO? Wait, what do you mean NO? NO again? What is she supposed to do with all these NO's? NO after NO after NO come the little girl's way, twisting and squishing her idea. But by persevering, collaborating and using a little imagination, all those NO's become the building blocks for the biggest YES ever! A Thousand NO's is a story about perseverance and innovation. It shows what amazing things can happen if we work with others and don't give up, and teaches kids not to let expectations of how things should be get in the way of what could be.

**The Thousand** Kevin Guilfoile, 2010-08-24 Kevin Guilfoile's riveting follow-up to *Cast of Shadows* ("spellbinding"—Chicago Tribune; "a masterpiece of intelligent plotting"—Salon) centers on an extraordinary young woman's race to find her father's killer and to free herself from the cross fire of a centuries-old civil war in which she has unknowingly become ensnared. In 530 B.C., a mysterious ship appeared off the rainy shores of Croton, in what is now Italy. After three days the skies finally cleared and a man disembarked to address the curious and frightened crowd that had gathered along the wet sands. He called himself Pythagoras. Exactly what he said that day is unknown, but a thousand men and women abandoned their lives and families to follow him. They became a community. A school. A cult dedicated to the search for a mathematical theory of everything. Although Pythagoras would die years later, following a bloody purge, his disciples would influence Western philosophy, science, and mathematics for all time. Chicago, the present day. Canada Gold, a girl both gifted and burdened by uncanny mental abilities, is putting her skills to questionable use in the casinos and courthouses of Las Vegas when she finds herself drawn back to the city in which her father, the renowned composer Solomon Gold, was killed while composing his magnum opus. Beautiful, brilliant, troubled, Canada has never heard of the Thousand, a clandestine group of powerful individuals safeguarding and exploiting the secret teachings of Pythagoras. But as she struggles to understand her father's unsolved murder, she finds herself caught in the violence erupting between members of the fractured ancient cult while she is relentlessly pursued by those who want to use her, those who want to kill her, and the one person who wants to save her. In an irresistibly ambitious novel that fuses historical fact with contemporary suspense, Kevin Guilfoile delivers an erudite, propulsively entertaining thriller that seamlessly traverses the realms of math, science, music, and philosophy. The Thousand is ringing confirmation of Guilfoile's enormous talent. From the Hardcover edition.

**A Thousand Ways Denied** John T. Arnold, 2020-11-11 From the hill country in the north to the marshy lowlands in the south, Louisiana and its citizens have long enjoyed the hard-earned fruits of the oil and gas industry's labor. Economic prosperity flowed from pioneering exploration as the industry heralded engineering achievements and innovative production technologies. Those successes, however, often came at the expense of other natural resources, leading to contamination and degradation of land and water. In *A Thousand Ways Denied*, John T. Arnold documents the oil industry's sharp interface with Louisiana's environment. Drawing on government, corporate, and personal files, many previously untapped, he traces the history of oil-field practices and their ecological impacts in tandem with battles over regulation. Arnold reveals that in the early twentieth century, Louisiana helped lead the nation in conservation policy, instituting some of the first programs to sustain its vast wealth of natural resources. But with the proliferation of oil output, government agencies splintered between those promoting production and others committed to preventing pollution. As oil's economic and political strength grew, regulations commonly went unobserved and unenforced. Over the decades, oil, saltwater, and chemicals flowed

across the ground, through natural drainages, and down waterways. Fish and wildlife fled their habitats, and drinking-water supplies were ruined. In the wetlands, drilling facilities sat like factories in the midst of a maze of interconnected canals dredged to support exploration, manufacture, and transportation of oil and gas. In later years, debates raged over the contribution of these activities to coastal land loss. Oil is an inseparable part of Louisiana's culture and politics, Arnold asserts, but the state's original vision for safeguarding its natural resources has become compromised. He urges a return to those foundational conservation principles. Otherwise, Louisiana risks the loss of viable uses of its land and, in some places, its very way of life.

Thanks A Thousand A. J. Jacobs, 2018-11-13 The idea was deceptively simple: New York Times bestselling author A.J. Jacobs decided to thank every single person involved in producing his morning cup of coffee. The resulting journey takes him across the globe, transforms his life, and reveals secrets about how gratitude can make us all happier, more generous, and more connected. Author A.J. Jacobs discovers that his coffee—and every other item in our lives—would not be possible without hundreds of people we usually take for granted: farmers, chemists, artists, presidents, truckers, mechanics, biologists, miners, smugglers, and goatherds. By thanking these people face to face, Jacobs finds some much-needed brightness in his life. Gratitude does not come naturally to Jacobs—his disposition is more Larry David than Tom Hanks—but he sets off on the journey on a dare from his son. And by the end, it's clear to him that scientific research on gratitude is true. Gratitude's benefits are legion: It improves compassion, heals your body, and helps battle depression. Jacobs gleans wisdom from vivid characters all over the globe, including the Minnesota miners who extract the iron that makes the steel used in coffee roasters, to the Madison Avenue marketers who captured his wandering attention for a moment, to the farmers in Colombia. Along the way, Jacobs provides wonderful insights and useful tips, from how to focus on the hundreds of things that go right every day instead of the few that go wrong. And how our culture overemphasizes the individual over the team. And how to practice the art of “savoring meditation” and fall asleep at night. Thanks a Thousand is a reminder of the amazing interconnectedness of our world. It shows us how much we take for granted. It teaches us how gratitude can make our lives happier, kinder, and more impactful. And it will inspire us to follow our own “Gratitude Trails.”

Two Thousand Zhuang Proverbs from China with Annotations and Chinese and English Translation Zhou Yanxian, 2016-11-24 China is home to one of the largest and oldest societies in the world, and presently contains fifty-six ethnic groups. Among them is the Zhuang, the largest of the minority populations, which partakes in a very long history of preliterate oral traditions. This volume presents an introduction to Zhuang language and culture in Zhuang proverbs. The two thousand proverbs explored in this text bear the weight of Zhuang history and culture, and embody the wisdom collected from publications, manuscripts, and the speeches of the people who live in Zhuang villages. These proverbs are grouped into nine sections: Truths; Morality; Family; Everyday Life; Social Life; Labor; Nature; Customs; and Politics. Together, they form an essential distillation of the Zhuang history, tradition, philosophy, and most importantly, its legacy. This accessible introduction – which includes translations in Zhuang Pinyin letters, Mandarin, and American English for each proverb – provides an important corpus for the study of the Zhuang ethnic group by scholars, students, and others who are interested in Zhuang language, culture, folklore and oral traditions, and proverbs.

The Thousand-Year Flood David Welky, 2011-08-19 In the early days of 1937, the Ohio River, swollen by heavy winter rains, began rising. And rising. And rising. By the time the waters crested, the Ohio and Mississippi had climbed to record heights. Nearly four hundred people had died, while a million more had run from their homes. The deluge caused more than half a billion dollars of damage at a time when the Great Depression still battered the nation. Timed to coincide with the flood's seventy-fifth anniversary, *The Thousand-Year Flood* is the first comprehensive history of one of the most destructive disasters in American history. David Welky first shows how decades of settlement put Ohio valley farms and towns at risk and how politicians and planners repeatedly ignored the dangers. Then he tells the gripping story of the river's inexorable rise: residents fled to refugee camps and higher ground, towns imposed martial law, prisoners rioted, Red Cross nurses endured terrifying conditions, and FDR dispatched thousands of relief workers. In a landscape fraught with dangers—from unmoored gas tanks that became floating bombs to powerful currents of filthy floodwaters that swept away whole towns—people hastily raised sandbag barricades, piled into overloaded rowboats, and marveled at water that stretched as far as the eye could see. In the flood's aftermath, Welky explains, New Deal reformers, utopian dreamers, and hard-pressed locals restructured not only the flood-stricken valleys, but also the nation's relationship with its waterways, changes that continue to affect life along the rivers to this day. A striking narrative of danger and adventure—and the mix of heroism and generosity, greed and pettiness that always accompany disaster—*The Thousand-Year Flood* breathes new life into a fascinating yet little-remembered American story.

Valerian and the City of a Thousand Planets: The Official Movie Novelization Christie Golden, 2017-07-25 In the 28th century, Valerian (Dane DeHaan) and Laureline (Cara Delevingne) are a team of special operatives charged with maintaining order throughout the human territories. Under

assignment from the Minister of Defense, the two embark on a mission to the astonishing city of Alpha—an ever-expanding metropolis where species from all over the universe have converged over centuries to share knowledge, intelligence and cultures with each other. There is a mystery at the center of Alpha, a dark force which threatens the peaceful existence of the City of a Thousand Planets, and Valerian and Laureline must race to identify the marauding menace and safeguard not just Alpha, but the future of the universe.

*Book of a Thousand Days* Shannon Hale,2010-05-03 When a beautiful princess refuses to marry the prince her father has chosen, her father is furious and locks her in a tower. She has seven long years of solitude to think about her insolence. But the princess is not entirely alone - she has her maid, Dashti. Petulant and spoilt, the princess eats the food in their meagre store as if she were still at court, and Dashti soon realises they must either escape or slowly starve. But during their captivity, resourceful Dashti discovers that there is something far more sinister behind her princess's fears of marrying the prince, and when they do break free from the tower, they find a land laid to waste and the kingdom destroyed. They were safe in the tower, now they are at the mercy of the evil prince with a terrible secret. Thrilling, captivating, and a masterful example of storytelling at its best. The princess's maid is a feisty and thoroughly modern heroine, in this wonderfully timeless story.

*Sentence* Daniel Genis,2022-02-22 A memoir of a decade in prison by a well-educated young addict known as the Apologetic Bandit In 2003 Daniel Genis, the son of a famous Soviet émigré writer, broadcaster, and culture critic, was fresh out of NYU when he faced a serious heroin addiction that led him into debt and ultimately crime. After he was arrested for robbing people at knifepoint, he was nicknamed the “Apologetic Bandit” in the press, given his habit of expressing regret to his victims as he took their cash. He was sentenced to twelve years—ten with good behavior, a decade he survived by reading 1,046 books, taking up weightlifting, having philosophical discussions with his fellow inmates, working at a series of prison jobs, and in general observing an existence for which nothing in his life had prepared him. Genis describes in unsparing and vivid detail the realities of daily life in the New York penal system. In his journey from Rikers Island and through a series of upstate institutions, he encounters violence on an almost daily basis, while learning about the social strata of gangs, the “court” system that sets geographic boundaries in prison yards, how sex was obtained, the workings of the black market in drugs and more practical goods, the inventiveness required for everyday tasks such as cooking, and how debilitating solitary confinement actually is—all while trying to preserve his relationship with his wife, whom he recently married. Written with empathy and wit, *Sentence* is a strikingly powerful memoir of the brutalities of prison and how one man survived them, leaving its walls with this book inside him, “one made of pain and fear and laughter and lots of other books.”

*A Thousand Moons* Sebastian Barry,2021 A dazzling new novel about memory and identity set in Paris, Tennessee in the aftermath of the American civil war from the Booker Prize shortlisted author Winona Cole, an orphaned child of the Lakota Indians, finds herself growing up in an unconventional household on a farm in West Tennessee. Raised by her adoptive father John Cole and his brother-in-arms Thomas McNulty, this odd little family scrapes a living on Lige Magan's farm with the help two freed slaves, the Bougereau siblings. They try to keep the brutal outside world at bay, along with their memories of the past. But Tennessee is a state still riven by the bitter legacy of the civil war and when first Winona and then

Tennyson Bouguereau are violently attacked by forces unknown, Colonel Purton raises the Militia to quell the rebels and night-riders who are massing on the outskirts of town. Armed with a knife, Tennyson's borrowed gun and the courage of her famous warrior mother Winona decides to take matters into her own hands and embarks on a quest for justice which will uncover the dark secrets of her past and finally reveal to her who she really is. Exquisitely written and thrumming with the irrepressible spirit of a young girl on the brink of adulthood, A Thousand Moons is a glorious story of love and redemption.
