A Continuous Revolution Barbara Mittler, 2020-03-17 Cultural Revolution Culture, often denigrated as nothing but propaganda, was liked not only in its heyday but continues to be enjoyed today. A Continuous Revolution sets out to explain its legacy. By considering Cultural Revolution propaganda art—music, stage works, prints and posters, comics, and literature—from the point of view of its *longue durée*, Barbara Mittler suggests it was able to build on a tradition of earlier art works, and this allowed for its sedimentation in cultural memory and its proliferation in contemporary China. Taking the aesthetic experience of the Cultural Revolution (1966–1976) as her base, Mittler juxtaposes close readings and analyses of cultural products from the period with impressions given in a series of personal interviews conducted in the early 2000s with Chinese from diverse class and generational backgrounds. By including much testimony from these original voices, Mittler illustrates the extremely multifaceted and contradictory nature of the Cultural Revolution, both in terms of artistic production and of its cultural experience.

Chinese Primer Ta-tuan Ch'en, Perry Link, Yih-jian Tai, Hai-tao Tang, 2020-05-05 Four experienced teachers of beginning Chinese have developed this introductory textbook. A pilot edition has been tested widely in classrooms and refined over a period of years. Among its salient features are lessons that are lively, amusing, and relevant to everyday life: concentrated training of ear and tongue in the sound system of Chinese; extensive grammar notes, clearly presented, with attention to mistakes English-speakers are likely to make; a carefully sequenced character workbook embodying a new and effective approach to the learning of Chinese characters; and audiovisual reinforcement via a complete set of audiotapes and two videotapes, one of which offers entertaining dramatizations of the lesson dialogues. The Chinese Primer is available in two versions, one using the GR system of romanization, which employs different spellings instead of diacritical marks for different tones, the other using Pinyin romanization. The contents of the four volumes are as follows: (1) Blue Book [Lessons]: Introduction; foundation work on pronunciation; lesson dialogues in romanized Chinese and English; appendices; glossary-index. (2) Red Book [Notes and Exercises]: Vocabularies; grammar notes and culture notes keyed to the lessons; exercises. (3) Yellow Book [Character Workbook]: workbook. (4) Green Book [Pinyin Character Text]: Texts of the lessons in both traditional and simplified Chinese characters, and a Chinese introduction for teachers. The first three volumes: Blue Book, Red Book, and Yellow Book are sold as a set (GR Set or Pinyin Set). In addition, the GR Blue Book [Lessons], GR Red Book [Notes and Exercises], and GR Yellow Book [Character Workbook], along with the Pinyin Green Book [Pinyin Character Text] are sold separately. The GR Audio and video materials are available from the Chinese Linguistics Project at Princeton University for use with this text. These supplementary materials are not published by Princeton University Press. For further information and prices, contact the Chinese Linguistics Project, 231 Palmer Hall, Princeton University, Princeton, N.J. 08544. (609-258-4269).

Chinese Primer, Volumes 1-3 (Pinyin) Ta-tuan Ch'en, Perry Link, Yih-jian Tai, Hai-tao Tang, 2020-03-31 This revised and updated edition of the Chinese Primer—an introductory textbook in wide use for more than a decade—uses proven techniques to put beginning learners of Mandarin Chinese on the path toward true mastery. The goal of the book is internalization—to lead students to adopt Chinese as one of their own languages and not to regard it merely as an object of study and translation. Features include: Use of *hànyǔ pīnyīn* romanization Rigorous foundation work in pronunciation, including tones and the other special phonemes that are crucial to mastery Lesson texts that combine authentic, natural Chinese expression with lively everyday topics that allow students to immediately begin using Chinese themselves Carefully designed incremental introduction of grammar, accompanied by thorough and precise notes Completely revised notes that link Chinese language to Chinese culture—such as names, modes of address, and conventions of politeness Additional lessons for self-study during the summer following a first-year course A completely revised character workbook that introduces both traditional and simplified characters and that simulates the way native speakers learn characters as children: in small doses that eventually catch up with speaking ability Like its earlier edition, The Chinese Primer: Revised Edition is composed of three integrated volumes: (1) the Blue Book [Lessons]: introduction; foundation work on pronunciation; lesson dialogues in romanized Chinese and English; appendices; glossary-index; (2) the Red Book [Notes and Exercises]: vocabularies; grammar notes and culture notes keyed to the lessons; exercises; and (3) the Yellow Book [Character Workbook]. (There is also a fourth volume, the Green Book [Pinyin Character Text], which is sold separately.) Texts of the lessons are in both traditional and simplified Chinese characters, and there is a Chinese introduction for teachers.

A Chinese Jesuit Catechism Anthony E. Clark, 2021-01-09 This book is the first scholarly study of the famous Jesuit Chinese children's primer, the Four Character Classic, written by Giulio Aleni (1582–1649) while living in Fujian, China. This book also includes masterful translations of both Wang Yinglin's (1551–1602) hallowed Confucian Three Character Classic and Aleni's Chinese catechism that was published during the Qing (1644–1911). Clark's careful reading of the Four Character Classic provides new insights into an area of the Jesuit mission in early modern China that has so far been given little attention, the education of children. This book underscores how Aleni's published work functions as a good example of the Jesuit use of normative Chinese print culture to serve the catechetical exigencies of the Catholic mission in East Asia, particularly his meticulous imitation of Confucian children's primers to promote decidedly Christian content.

Developmental Fairy Tales Andrew F. Jones, 2011-05-02 Jones revises our understanding of modern China by tracing the ways that evolutionary works developed into a form of vernacular knowledge in modern Chinese literature. From children's primers to print culture, from fairy tales to filmmaking, his analysis offers an innovative and interdisciplinary angle of vision on China's cultural evolution.

Chinese Lexicography Heming Yong, Jing Peng, 2008-08-14 The first account in English of the history of Chinese lexicography traces its development from 1046 BC to AD 1911. Languages, Scripts, and Chinese Texts in East Asia Peter Francis Kornicki, 2018 This is a wide-ranging study of vernacularization in East Asia, examining Chinese script of the early common era, the spread of Chinese Buddhist, Confucian, and medical texts throughout East Asia, all the way to the end of the nineteenth century when nationalism created new roles for vernacular languages and vernacular scripts.

The Oxford Handbook of the History of Education John L. Rury, Eileen H. Tamura, 2019-06-17 This handbook offers a global view of the historical development of educational institutions, systems of schooling, ideas about education, and educational experiences. Its 36 chapters consider changing scholarship in the field, examine nationally-oriented works by comparing themes and approaches, lend international perspective on a range of issues in education, and provide suggestions for further research and analysis. Like many other subfields of historical analysis, the history of education has been deeply affected by global processes of social and political change, especially since the 1960s. The handbook weighs the influence of various

interpretive perspectives, including revisionist viewpoints, taking particular note of changes in the past half century. Contributors consider how schooling and other educational experiences have been shaped by the larger social and political context, and how these influences have affected the experiences of students, their families and the educators who have worked with them. The Handbook provides insight and perspective on a wide range of topics, including pre-modern education, colonialism and anti-colonial struggles, indigenous education, minority issues in education, comparative, international, and transnational education, childhood education, non-formal and informal education, and a range of other issues. Each contribution includes endnotes and a bibliography for readers interested in further study.

Fusion of East and West Limin Bai,2019-08-05 In Fusion of East and West, Limin Bai presents a major work in the English language that focuses on Chinese textbooks and the education of children for a new China in a critical transitional period, 1902–1915. This study examines the life and work of Wang Hengtong (1868–1928), a Chinese Christian educator, and other Christian and secular writings through a historical and comparative lens and against the backdrop of the socio-political, ideological, and intellectual frameworks of the time. By doing so, it offers a fresh perspective on the significant connection between Christian education, Chinese Christian educators and the birth of a modern educational system. It unravels a cross-cultural process whereby missionary education and the Chinese education system were mutually re-shaped.

A New Practical Primer of Literary Chinese Paul Rouzer,2020-03-23 Forty lessons designed to introduce beginning students to the basic patterns and structures of Classical Chinese are taken from a number of pre-Han and Han texts selected to give students a grounding in exemplary Classical Chinese style. Two additional lessons use texts from later periods to help students appreciate the changes in written Chinese over the centuries.Each lesson consists of a text, a vocabulary list featuring discussions of meaning and usage, explanations of grammar, and explications of difficult passages. The standard modern Chinese, Japanese, and Korean pronunciations are indicated for each character, making this a learning tool for native speakers of those languages as well.Appendices give suggestions for further readings, review common and significant words, explain the radical system, and provide Japanese kanbun readings for all the selections. Glossaries of all vocabulary items and pronunciation indexes for modern Chinese and Korean are also included.
