*The SHROUDED SATANISM in FEUDAL LANGUAGES!* VED from VICTORIA INSTITUTIONS,2013-12-10 This book can be downloaded as a PDF file from here. This book I wrote, I presume, in 2013. It is a huge book of epic parameters. The basic underlying theme is the essential difference, planar-languages has with feudal-languages. Feudal languages are quite powerful, in that, the moment they are spoken, the social structure and human relationships change powerfully into a custom-design hierarchy, depending on the language. When planar-languages are spoken, the social system and human relationship shift towards a planar arrangement. For a planar-language social system to experience feudal-language communication is a very creepy experience. Individuals can go berserk. Mental trauma and emotional terrors, which cannot be understood by the native-English, will effect individuals selectively; with the others having no idea that some individuals among them have been effected. This is a very vital piece of information which all native-English nations should understand. For, youngsters, persons engaged in professions which are defined in pejorative usages in feudal-languages, and various others can literally go mentally ill, when accosted or connected with feudal-language speakers. The issue of Gun violence in the US in which innately decent and peaceful persons go homicidal can be directly or indirectly connected to the affliction caused by feudal languages. I very specifically mention the name of Adam Purinton in this connection. It is dangerous to allow bilingualism to run riot in native-English nations, if the other language is a feudal-language. For, feudal languages do have carnivorous codes. Inside feudal-language nations, people do keep a distance from lower-positioned persons and groups of persons, who can, if they want, bite them verbally, without the use of any abusive word, profanity or expletive. Simply change the indicant-word level of certain key words. The terrific damage is done. Modern psychology and psychiatry can be utter nonsense. They do not know about these things. Verbal signals can trigger various kinds of switch-on and switch-off effects in others. Instead of focusing on the person who has been affected, it would be more intelligent and effective to find out who is sending the switch-on and switch-off signals. And send them home to their home-lands. Feudal languages can create mutation in physical features, emotional balance, human relationships, national economy, and stature of professions, and in many more things about which native-English nations have no information on. It is dangerous for the native-English to learn feudal-languages, when living in the midst of feudal-language speakers. It would only have the effect of allowing the feudal-language speakers to place a powerful grip on them, physically and mentally. In fact, the feudal languages speakers would literally be able to control the emotional stability of the native-English speakers, if they can be made to understand feudal languages. It would be like string-puppetry. The native-English who have learned feudal languages can literally be made to dance, yell and jump as per the pull and push that can be conveyed by means of the holding strings of the verbal codes in feudal-languages. At the same time, for feudal language speakers, knowing English is a great advantage. It would give a very powerful pathway and bridge for them to crossover the various gorges in their own communication code and enter into the placid native-English locations. As of now, almost all native-English nations are simply getting dismantled and disarrayed by the spread of feudal-language speakers inside their vital areas. Things are

going into various errors. Much worse is in the offing, unless effective steps are taken to forestall them. I wrote this book some five years back. In this book, a bit of the personal experiments I have done many years ago on certain individuals has been mentioned. This book is not focused on the internal codes in feudal-languages. This book moves through the peripheral areas of many other items, including the English colonial rule in the subcontinent.

**Durban Dialogues, Indian Voice** Ashwin Singh, 2017-07-05 *Durban Dialogues, Indian Voice* is an anthology of five engaging and eclectic South African plays by award-winning playwright Ashwin Singh. The plays selected, namely *To House*, *Duped*, *Spice 'n Stuff*, *Reoca Light* and *Beyond the Big Bangs* represent the complete array of Singh's storytelling skills in drama as well as satire. Each play reflects, in different ways, on the complexities and contradictions of life in post-Apartheid South Africa, and focuses particularly on people of Indian origin and their relationship with other South African communities. The plays present a moving portrait of a unique array of characters and are also punctuated by Singh's trademark humour. Each one is set in Durban, South Africa's third largest and most diverse city, and they are described by renowned academic and critic Betty Govinden as 'undressing Durban, as they take us away from the neon lights and "candy floss" to the reality of the underbelly of post-Apartheid urban and suburban existence'.

A Vocabulary of the Scindee Language Edward Backhouse Eastwick, 1843

After Auschwitz Enrico Heitzer, Anetta Kahane, Martin Jander, Patrice G. Pouturus, 2021-01-14 From the moment of its inception, the East German state sought to cast itself as a clean break from the horrors of National Socialism. Nonetheless, the precipitous rise of xenophobic, far-right parties across the present-day German East is only the latest evidence that the GDR's legacy cannot be understood in isolation from the Nazi era nor the political upheavals of today. This provocative collection reflects on the heretofore ignored or repressed aspects of German mainstream society—including right-wing extremism, anti-Semitism and racism—to call for an ambitious renewal of historical research and political education to place East Germany in its proper historical context.

**Uhambo – the Journey** Kripa Devar, 2020-01-10 In 1880, eight-year-old Raju and his family board a ship from India to work on the sugar cane plantations

in South Africa. Little does Raju realise how this new journey to the 'Dark Continent' of Africa will change his life forever. Trapped by poverty and forced to grow up quickly, Raju works under a tyrannical hostile environment, facing the harsh realities of what it means to be an 'indentured labourer'. One summer, Raju meets eight-year-old Sipho, an African child who works as the kitchen boy for the white farmer. This unique yet clandestine friendship brings new joy to Raju. However, things suddenly change... Sipho's father is killed, the police close in to stop innocent protesters and in all of the mayhem, Sipho disappears. Will Raju have time to save his family or go searching for his friend in the dark, forbidden forest? Seen through the eyes of Raju, Uhambo – The Journey narrates a compelling story of an indenture child forced to survive the cruelties of slavery and injustices during colonialism.

*Beyond Bollywood and Broadway* Neilesh Bose,2009-03-26 This collection of 11 plays, from North America, the U.K., and South Africa—many published here for the first time—delves into the vibrant, cosmopolitan theatre of the South Asian diaspora. These original and provocative works explore the experience of diaspora by drawing on cultural references as diverse as classical Indian texts, adaptations of Shakespeare and Homer, current events, and world music, film, and dance. Neilesh Bose provides historical background on South Asian migration and performance traditions in each region, along with critical introductions and biographical background on each playwright. Includes works by Anuvab Pal, Aasif Mandvi, Shishir Kurup, Rahul Varma, Rana Bose, Rukhsana Ahmad, Jatinder Verma, Sudha Bhuchar and Kristine Landon-Smith, Ronnie Govender, Kessie Govender, and Kriben Pillay.
