*Game Engine Design and Implementation* Alan Thorn,2011-08-24 Part of the new Foundations of Game Development Series! Almost every video game on the market today is powered by a game engine. But, what is a game engine? What does it do? How are they useful to both developers and the game? And how are they made? These, and other important engine related questions, are explored and discussed in this book. In clear and concise language, this book examines through examples and exercises both the design and implementation of a video game engine. Specifically, it focuses on the core components of a game engine, audio and sound systems, file and resource management, graphics and optimization techniques, scripting and physics, and much more. Suitable for students, hobbyists, and independent developers, this no-nonsense book helps fine-tune an understanding of solid engine design and implementation for creating games that sell.

**Autumn's Come Undone** Shag,2010 Shag is an internationally acclaimed modern artist whose expertly rendered paintings are visual celebrations of life's pleasures and indulgences. His work is instantly recognizable for its trademark combination of sly humor and vibrant colors. Until now... Something's come undone. The intimate moments that have made Shag famous have been replaced by epic tableaux. Richly hued designer environments have given way to subtly desaturated expanses. Characters who were once grounded in mid-century formality are teetering on the brink of chaos. This collection of new work showcases the largest, darkest and most thought provoking images Shag has ever created. The art is distinctly Shag, but it's painted in shades of black humor.

**Beached 102: Low Tide** Cherilyn Korber,2021-11-18 Not welcome . . . Stacy Storm has hit rock bottom. Once a world-renowned psychic with a top-rated television show, he’s lost both his credibility and his career after he was exposed as a fraud. And once a New Yorker with a plush Manhattan apartment to showcase his success, he’s taken refuge in a notorious “murder mansion” in the genteel village of Bonfire Beach, South Carolina. No one wants him out in the world. And no one wants him in Bonfire Beach, either. All he has left is his own determination to prove that he’s not a fake, and thus reclaim the life he once had - but in doing so, he’ll lose the few people who think he’s worth more without it. Now he has to choose between those he loves . . . and those he hates. It should be an easy decision, but nothing has ever been easy for Stacy - especially when it comes to them. They are the only ones who can give him what he wants. And yet the price they demand is way too high: his very soul. All Stacy has ever yearned for is a place to belong. He figures he’s been around enough to decide for himself where that is, and he resents anyone who tries to change his mind. But then he discovers that nothing - and no one - is nearly as black and white as it seems. And everything he thought he knew isn’t quite so clear after all. Sometimes that’s a good thing. Sometimes it’s bad. Sometimes only time will tell. And sometimes only they will.
