**The Wolf of Wall Street** Jordan Belfort, 2007-09-25 NEW YORK TIMES BESTSELLER

- Now a major motion picture directed by Martin Scorsese and starring Leonardo DiCaprio By day he made thousands of dollars a minute. By night he spent it as fast as he could. From the binge that sank a 170-foot motor yacht and ran up a \$700,000 hotel tab, to the wife and kids waiting at home and the fast-talking, hard-partying young stockbrokers who called him king, here, in Jordan Belfort's own words, is the story of the ill-fated genius they called the Wolf of Wall Street. In the 1990s, Belfort became one of the most infamous kingpins in American finance: a brilliant, conniving stock-chopper who led his merry mob on a wild ride out of Wall Street and into a massive office on Long Island. It's an extraordinary story of greed, power, and excess that no one could invent: the tale of an ordinary guy who went from hustling Italian ices to making hundreds of millions—until it all came crashing down. Praise for *The Wolf of Wall Street* “Raw and frequently hilarious.”—The New York Times “A rollicking tale of [Jordan Belfort's] rise to riches as head of the infamous boiler room Stratton Oakmont . . . proof that there are indeed second acts in American lives.”—Forbes “A cross between Tom Wolfe's *The Bonfire of the Vanities* and Scorsese's *GoodFellas* . . . Belfort has the Midas touch.”—The Sunday Times (London) “Entertaining as pulp fiction, real as a federal indictment . . . a hell of a read.”—Kirkus Reviews

*Born Just Right* Jordan Reeves, Jen Lee Reeves, 2020-07-07 From tween advocate for limb difference and founder of Project Unicorn Jordan Reeves and her mom, Jen, comes an inspiring memoir about how every kid is perfect just the way they are. When Jordan Reeves was born without the bottom half of her left arm, the doctors reassured her parents that she was “born just right.” And she has been proving that doctor right ever since! With candor, humor, and heart, Jordan’s mother, Jen Lee Reeves, helps Jordan tell her story about growing up in an able-bodied world and family, where she was treated like all of her siblings and classmates—and where she never felt limited. Whether it was changing people’s minds about her capabilities, trying all kinds of sports, or mentoring other kids, Jordan has channeled any negativity into a positive, and is determined to create more innovations for people just like her. Her most famous invention, aptly called Project Unicorn, is a special prosthetic (that shoots glitter!) made with the help of a 3-D printer. A real-life superhero, Jordan is changing the world with her foundation, Born

Just Right, which advocates and celebrates kids with differences, and helps them live their best possible life—just like Jordan is today!

**Critical Path** R. Buckminster Fuller,1982-02-15 The masterwork of a brilliant career, and an important document of the crisis now facing mankind. Today we find ourselves in the midst of the greatest crisis in the history of the human race. Technology has placed in our hands almost unlimited power at the very moment when we have run up against the limits of our resources aboard Spaceship Earth, as the crises of the late twentieth century—political, economic, environmental, and ethical—determine whether or not humanity survives. In this masterful summing up of an entire lifetime's thought and concern, R. Buckminster Fuller addresses these crucial issues in his most significant, accessible, and urgent work. Critical Path traces the origins and evolution of humanity's social, political, and economic systems from the obscure mists of prehistory, through the development of the great political empires, to the vast international corporate and political systems that control our destiny today to show how we got to our present situation

and what options are available to man. With his customary brilliance, extraordinary energy, and unlimited devotion, Bucky Fuller shows how mankind can survive, and how each individual can respond to the unprecedented threat we face today. The crowning achievement of an extraordinary career, *Critical Path* offers the reader the excitement of understanding the essential dilemmas of our time and how responsible citizens can rise to meet this ultimate challenge to our future.
