Tilt Ellen Hopkins,2012-09-11 Love—good and bad—forces three teens’ worlds to tilt in a riveting novel from New York Times bestselling author Ellen Hopkins. Three teens, three stories—all interconnected through their parents’ family relationships. As the adults pull away, caught up in their own dilemmas, the lives of the teens begin to tilt... Mikayla, almost eighteen, is over-the-top in love with Dylan, who loves her back. But what happens to that love when Mikayla gets pregnant the summer before their senior year—and decides to keep the baby? Shane turns sixteen that same summer and falls hard in love with his first boyfriend, Alex, who happens to be HIV positive. Shane has lived for four years with his little sister’s impending death. Can he accept Alex’s love, knowing that his life, too, will be shortened? Harley is fourteen—a good girl searching for new experiences, especially love from an older boy. She never expects to hurdle toward self-destructive extremes in order to define who she is and who she wants to be. Love, in all its forms, has crucial consequences in this standalone novel.

Tilt Alan Cumyn,2011-07-13 Nominated for the Ottawa Book Award Stan is an intense sixteen-year-old loner who desperately wants to make the junior varsity basketball team. And it seems that he may be about to do so, until he’s blindsided by the unexpected attentions of Janine Igwash. Suddenly Stan is no longer thinking about jump shots. Instead he is obsessed with Janine’s spiky hair, her milky white shoulders and the mysterious little tattoo at the base of her neck, not to mention the heat of her breath, her dark eyes, wide hips and ... Then Stan’s father arrives on the scene with Stan’s four-year-old half brother, and things become truly insane. Tilt is a wonderfully droll and insightful story about a sensitive, intelligent and gently funny young man living through an impossibly absurd time of life. This book is a rare achievement -- a witty, sexy compulsively readable work of high literary quality.

Full Tilt Neal Shusterman,2012-02-21 Full of roller-coaster twists and turns, Neal Shusterman's page-turner is an Orpheus-like adventure into one boy's psyche. Sixteen-year-old Blake and his younger brother, Quinn, are exact opposites. Blake is the responsible member of the family. He constantly has to keep an eye on the fearless Quinn, whose thrill-seeking sometimes goes too far. But the stakes get higher when Blake has to chase Quinn into a bizarre phantom carnival that traps its customers forever. In order to escape, Blake must survive seven deadly rides by dawn, each of which represents a deep, personal fear--from a carousel of stampeding animals to a hall of mirrors that changes people into their deformed reflections. Blake ultimately has to face up to a horrible secret from his own past to save himself and his brother--that is, if the carnival doesn't claim their souls first!

Full Tilt Emma Scott,2016-06-16 I would love you forever, if I only had the chance... Kacey Dawson has always lived life on the edge--impulsively, sometimes recklessly. And now, as lead guitarist for a hot up-and-coming band, she is poised at the brink of fame and fortune. But she is torn between wanting to be a serious musician, and the demons that lure her down the glittering, but alcohol-soaked path of rock stardom. A wrecked concert in Las Vegas threatens to ruin her career entirely. She wakes up with the hangover from hell and no memory of the night before, or how she ended up on her limo driver's couch... Jonah Fletcher is running out of time. He knows his situation is hopeless, and he's vowed to make the most of the handful of months he has left to him. His plans include seeing the opening of his glass installation at a prestigious art gallery...they do not include falling in love with a wild, tempestuous rock musician who wound up passed out on his couch. Jonah sees that Kacey is on a path to self-destruction. He lets her crash with him for a few days to dry out and get her head on straight. But neither of them expected the deep connection they felt, or how that connection could grow so fast from friendship into something more. Something deep and pure and life-changing...something as fragile as glass, that they both know will shatter in the end no matter how hard they try to hold on to it. Full Tilt is a story about what it means to love with your whole heart, to sacrifice, to experience terrible grief and soaring joy. To live life with all its beauty, and all its pain, and in the end to be able to smile through tears and know you wouldn't have changed a thing. ***FIRST BOOK IN A TWO PART DUET*** All In (Full Tilt #2) forthcoming...

Tilt Nicholas Shrady,2004 In this unconventional biography, the author recounts the tower's rich history, from its abortive beginnings in 1173 through to its ongoing stabilization today, and examines the various symbolisms that have projected on it throughout the ages.

Tilt Elizabeth Burns,2003 As a successful young urbanite, Bridget Fox experiences the typical joys and struggles of youthful New Yorkers, and she has happy expectations for her new family. But when her daughter Maeve is diagnosed with autism, Bridget's life as she knew it and her idealistic images of the perfect family are shattered. She tries to lean on her husband, her father, her best friend, but none can help her reconstruct her world as other tragic challenges begin to surface. But as she tries to choose between insanity and oblivion, Bridget discovers that matters are not nearly so simple-or so hopeless-as she once believed. Elizabeth Burns weaves the beauty and imagery of her poetic voice into a story of pain, humor, struggle and ultimate redemption. Bravely intimate, astonishing in its honesty, Tilt walks a path that most normal novels fear to tread as it follows the journey of a woman desperate enough to fall-and strong enough to survive.

Global Tilt Ram Charan,2013-02-26 New York Times bestselling author Ram Charan gives business leaders the guidance they need to succeed in a world in which economic power has shifted. The global tilt is nothing less than an irreversible shift of economic power—jobs, wealth, and market opportunities—from a small part of the world to its entirety. It is improving the lives of millions of people around the world, and while it is creating immense opportunities, it is disrupting the world as you know it with dizzying speed. If you’re an American or European, any assumptions you may have about national and managerial superiority are obsolete. Businesses in China, Singapore, India, Brazil, Malaysia, and other countries on the move have ready access to the capital and expertise they need to grow. Their leaders have just as much knowledge, talent, and drive as you do. And they are unleashing their entrepreneurial verve to scale up fast and grab once-in-a-lifetime opportunities. These businesses will soon be competing with yours, even if you’re not aware of them yet. Finding opportunities of your own requires you to consider vastly different perspectives and to see the new global landscape in its entirety and then change the content of your work to pursue them. In Global Tilt, Ram Charan will show you how to: - Gain an edge by cutting through the complexity of demographics, different forms of government, and even the global financial system, to identify “unstoppable trends” better and sooner than others - Challenge your reliance on core competence and the incremental improvement that results. Instead, look “outside-in” and “future-back,” determine the capabilities you need to build, and muster the psychological fortitude to make occasional strategic bets that can potentially alter the competitive landscape - Develop the soft skills crucial to leading a global organization, including mastering local contexts - Equip the organization to win by facing up to painful but necessary shifts in people assignments, decision-making authority, and resource allocation—even before making structural changes Those who can pursue the opportunities in a tilted world have a remarkably bright future. Ram Charan’s unparalleled experience with global leaders and companies and the unique and powerful insights he brings to this book will light the way for you and your exciting journey.

Tilt Brian C. Nixon,2020-05-19 In Tilt: Finding Christ in Culture, Brian Nixon takes the reader on a voyage of discovery, traveling the currents of God's presence in culture, summed up in four streams that define a noun: people, places, things, and ideas. In his journey, Nixon touches upon people as diverse as Andy Warhol, Cormac McCarthy, Robert Redford, and Georgia O'Keeffe; places such as Canterbury, England, and Las Vegas, Nevada; things as unique as typewriters, trains, and abstract art; and ideas as fascinating as mathematics and beauty. In these short impressionistic pieces, Nixon, with the curiosity of a journalist, elicits intelligent discussion and poetic articulations, prompting a head tilt from those who join him on a theo-cultural expedition.

Differently Wired Deborah Reber,2018-06-12 It’s time to say NO to trying to fit square-peg kids into round holes, and YES to raising them from a

place of acceptance and joy. Today millions of kids are stuck in a world that doesn't embrace who they really are. They are the one in five "differently wired" children with ADHD, dyslexia, giftedness, autism, anxiety, or other neurodifferences, and their challenges are many. And for the parents who love them, the challenges are just as numerous, as they struggle to find the right school, the right support, the right path. But now there's hope. *Differently Wired* is a revolutionary book—weaving together personal stories and a tool kit of expert advice from author Deborah Reber, it's a how-to, a manifesto, and a reassuring companion for parents who can so often feel that they have no place to turn. At the heart of *Differently Wired* are 18 paradigm-shifting ideas—what the author calls "tilts," which include how to accept and lean in to your role as a parent (#2: Get Out of Isolation and Connect). Deal with the challenges of parenting a differently wired child (#5: Parent from a Place of Possibility Instead of Fear). Support yourself (#11: Let Go of Your Impossible Expectations for Who You "Should" Be as a Parent). And seek community (#18: If It Doesn't Exist, Create It). Taken together, it's a lifesaving program to shift our thinking and actions in a way that not only improves the family dynamic, but also allows children to fully realize their best selves. "In this generous and urgent book, Deborah Reber lets the light in. She helps parents see that they're not alone, and even better, delivers a positive action plan that will change lives."—Seth Godin, author of *Linchpin* "*Differently Wired* will help parents of children who think differently to accept their child for who they are and facilitate their successful development."—Temple Grandin, author of *Thinking in Pictures* and *The Autistic Brain*

Running Full Tilt Michael Currinder, 2018-10-16 A fast-paced convincing drama of a young runner whose legs circle him back to the many conflicts he is trying to escape.—Jack Gantos, Newbery Medal-winning author of *Dead End in Norvelt* An honest and sensitive debut that memorably captures a teen runner's relationship with his brother and his brother's experience of autism Like many siblings, Leo and Caleb have a complicated relationship. But Caleb's violent outbursts literally send Leo running. When the family is forced to relocate, Leo tries to settle into a new school, joining the cross-country team and discovering his talent for racing and endurance for distance. Things begin to look up for Leo when he befriends Curtis, a potential state champion who teaches Leo strategy and introduces him to a girl named Mary. But Leo's stability is short-lived as Caleb escalates his attacks on his brother, resentful of his sports success and new friendships. Leo can't keep running away from his problems. But, with a little help from Curtis and Mary, he can appreciate his worth as a brother and his own capacity for growth, both on and off the field.

Notes From The Tilt-A-Whirl N. D. Wilson, 2013-08-06 What is this World? What kind of place is it? "The round kind. The spinning kind. The moist kind. The inhabited kind. The kind with flamingos (real and artificial). The kind where water in the sky turns into beautifully symmetrical crystal flakes sculpted by artists unable to stop themselves (in both design and quantity). The kind of place with tiny, powerfully jawed mites assigned to the carpets to eat my dead skin as it flakes off . . . The kind with people who kill and people who love and people who do both . . . This world is beautiful but badly broken. "I love it as it is, because it is a story, and it isn't stuck in one place. It is full of conflict and darkness like every good story, a world of surprises and questions to explore. And there's someone behind it; there are uncomfortable answers to the hows and whys and whats. In the beginning was the Word, and the Word was with God, and the Word was God. Through Him were all things made . . . Welcome to His poem. His play. His novel. Let the pages flick your thumbs."

Tiltwallism Jeffrey Blaine Brown, The Images Publishing Group, 2014 Written by Jeffrey Brown AIA, *Tiltwallism* is designed to be an introductory resource to architects and an inspiration to contractors, developers and structural consultants who have encountered the technology of Tilt Wall construction. The vast amount of trade and technical information available on the subject is interpreted in a formal treatment for the first time on a subject at the forefront of the architectural role in an era of lowered construction costs. Brown provides a full synthetic treatment of Tilt Wall construction by laying out the design opportunities in engaging in the architectural exploration of a low technology / low cost form of construction. He explains its history, methodology, and relationship to current architectural approaches to meaning. Brown writes in a balanced style targeted at both architects and academics that will also be accessible to non-architects and allied professionals. The title is richly illustrated in an effort to be useful to the many ancillary professions such as contractors, developers, and real estate brokers who are driving this increasingly prevalent approach to "investment" architecture.

Tilt Niraj, 2013-10-15 Shift your strategy downstream. Why do your customers buy from you rather than from your competitors? If you think the answer is your superior products, think again. Products are important, of course. For decades, businesses sought competitive advantage almost exclusively in activities related to new product creation. They won by building bigger factories, by finding cheaper raw materials or labor, or by coming up with more efficient ways to move and store inventory—and by inventing exciting new products that competitors could not replicate. But these sources of competitive advantage are being irreversibly leveled by globalization and technology. Today, competitors can rapidly decipher and deploy the recipe for your product's secret sauce and use it against you. "Upstream," product-related advantages are rapidly eroding. This does not mean that competitive advantage is a thing of the past. Rather, its center has shifted. As marketing professor Niraj Dawar compellingly argues, advantage is now found "downstream," where companies interact with customers in the marketplace. *Tilt* will help you grasp the global nature of this downstream shift and its profound implications for your strategy and your organization. With vivid examples from around the world, ranging across industries and sectors, Dawar shows how companies are reorienting their strategies around customer interactions to create and capture unique value. And he demonstrates how, unlike product-related advantage, this value is cumulative, continuously building over time. In an increasingly customer-centered world marketplace, let *Tilt* serve as your guide to shifting your strategy downstream—and achieving enduring competitive advantage.
