Time Bomb Joelle Charbonneau,2018 Seven students trapped in their school after a bomb goes off must fight to survive while also discovering who among them is the bomber in this provocative new thriller from the author of the New York Times bestselling Testing Trilogy. Perfect for fans of This Is Where It Ends. A congressman's daughter who has to be perfect. A star quarterback with a secret. A guy who's tired of being ignored. A clarinet player who's done trying to fit in. An orphaned rebel who wants to teach someone a lesson. A guy who wants people to see him, not his religion. They couldn't be more different, but before the morning's over, they'll all be trapped in a school that's been rocked by a bombing. When they hear that someone inside is the bomber, they'll also be looking to one another for answers. Told from multiple perspectives, Time Bomb will keep readers guessing about who the bomber could be--and what motivated such drastic action.

Time Bomb Nigel Hinton,2006 Now grown, Andy tells the story of the summer of 1949 when, embittered after enduring injustice at their English school and disappointed by the adults in their lives, he and his friends wrestle with thoughts of revenge and deal with several life-changing secrets.

Ticking Time Bomb Joseph I. Lieberman,2011-05 The Fort Hood massacre, on Nov. 5, 2009, which left 13 dead and 32 wounded, could have been prevented. Evidence of accused killer Nidal Hasan's growing drift toward violent Islamist extremism was on full display during his military medical training, although his superiors took no punitive action. He suggested Muslim Americans in the U.S. military might be prone to commit fratricide. But, a slipshod FBI invest. into Hasan, coupled with internal disagreements and flaws in the agency's intelligence operations also contributed to the government's failure to prevent the attack. This report tracks Hasan's growing radicalization in the years before the attack and the numerous failures of the military to take action against him. A print on demand report.

Liturgical Time Bombs In Vatican II Michael Davies,2009-05 Michael Davies shows how Fr. Annibale Bugnini--before his dismissal by Pope Paul VI under suspicion of being a Freemason--was able to reform the Catholic Mass into the constantly evolving liturgy. Quoting Bishops and Cardinals as well as liberal experts and Protestant observers, he exposes the time bombs which were built into the Second Vatican Council's document on the liturgy by a few revolutionaries in order to be exploited later--and which have been detonating ever since. I am convinced that the crisis in the Church that we are experiencing is to a large extent due to the disintegration of the liturgy.--Cardinal Ratzinger (now Pope Benedict XVI), 1998.

Terrorism, Ticking Time-Bombs, and Torture Fritz Allhoff,2012-07-24 A provocative philosophical investigation into the ethics of torture, The War on Terror, and making tough choices in exceptional circumstances. The general consensus among philosophers is that the use of torture is never justified. In Terrorism, Ticking Time-Bombs, and Torture, Fritz Allhoff demonstrates the weakness of the case against torture; while allowing that torture constitutes a moral wrong, he nevertheless argues that, in exceptional cases, it represents the lesser of two evils. Allhoff does not take this position lightly. He begins by examining the way terrorism challenges traditional norms, discussing the morality of various practices of torture, and critically exploring the infamous ticking time-bomb scenario. After carefully considering these issues from a purely philosophical perspective, he turns to the empirical ramifications of his arguments, addressing criticisms of torture and analyzing the impact its adoption could have on democracy, institutional structures, and foreign policy. The crucial questions of how to justly authorize torture and how to set limits on its use make up the final section of this timely, provocative, and carefully argued book.

Time bomb Joëlle Charbonneau,2019-08-28 En ce samedi précédant la rentrée, le lycée devrait être vide. Pourtant, six ados y sont : Diana, la fille du sénateur, qui veut s'occuper de l'annuaire des élèves ; Rachid, qui cherche à se fabriquer une nouvelle carte de lycéen qui ne le stigmatiserait pas ; Z, parce qu'il est à la rue suite au décès de sa mère quelques semaines auparavant ; Tad, qui entend remettre à leur place ses coéquipiers de l'équipe de foot ; Cassandra, victime de bullying et bien déterminée à faire bouger les choses. Chacun a une bonne raison d'être là ; chacun a quelque chose à cacher. Soudain, deux bombes explosent, et les ados se retrouvent confinés dans le lycée. Chacun jauge l'autre, se méfie. Les peurs et les vieux démons redoublent lorsque les lycéens comprennent que le poseur de bombes est parmi eux, et qu'une troisième bombe menace d'exploser. Aussitôt, les soupçons se tournent vers Rachid, parce qu'il est musulman. Mais le véritable poseur de bombes, bien sûr, a un tout autre motif pour agir...

Time Bomb Don Pendleton,2005 A madman is kidnapping young women and brainwashing them to be suicide bombers to wage war on America's elite. It's Mack Bolan's mission to find the mastermind before he attacks his prime target: the President of the United States. Original.

Earthquake Time Bombs Robert Yeats,2015-11-05 In a media interview in January 2010, scientist Robert Yeats sounded the alarm on Port-au-Prince, Haiti, as an 'earthquake time bomb', a region at critical risk of major seismic activity. One week later, a catastrophic earthquake struck the city, leaving over 100,000 dead and triggering a humanitarian crisis. In this timely study, Yeats sheds new light on other earthquake hotspots around the world and the communities at risk. He examines these seismic threats in the context of recent cultural history, including economic development, national politics and international conflicts. Descriptions of emerging seismic resilience plans from some cities provide a more hopeful picture. Essential reading for policy-makers, infrastructure

and emergency planners, scientists, students and anyone living in the shadow of an earthquake, this book raises the alarm so that we can protect our vulnerable cities before it's too late.

Bomb Shelter Mary Laura Philpott,2023-04-04 A ... memoir-in-essays that tackles the big questions of life, death, and existential fear with humor and hope--

Caribbean Time Bomb Robert Coram,1993 The story of Antigua, its ruling family, and the corruption that has swept over the island since 1978 provides the core of this penetrating investigation of the Caribbean's dirtiest little secret. But surrounding that core is the equally disturbing account of the United States indifference to, and deep involvement with, that corruption. First brought to public light in author Robert Coram's lengthy New Yorker article about Antigua and Barbuda, these shocking truths about a presumed island paradise are now fully revealed for the first time: Despite its tourist-based economy, Antigua presents the greatest large-scale health hazard of any Caribbean island. Raw sewage from more than a dozen hotels and restaurants is pumped into the sea in the middle of the island's two most popular beaches. Since 1978, the United States has spent nearly \$200 million in Antigua to maintain and expand virtually useless air force and naval bases to support a friendly but bloodsucking regime. On at least three occasions the United States Navy smuggled arms to South Africa by transshipment through Antigua, in defiance of the United Nations embargo. The United States Embassy in Antigua, its smallest in the world, has been presided over by a charge d'affaires who has twice been investigated by the State Department. Among the many notorious, celebrated, and shady personages who appear in the book are Robert Vesco, the fugitive capitalist who cheated investors out of more than \$200 million and who is still wanted in this country for an illegal campaign contribution to Richard Nixon; Gerald Bull, the mysterious arms-building genius who was assassinated in Brussels; Rodriguez Gacha of the Medellin drug cartel; Donald and Ivana Trump; Saddam Hussein; and Rosanno Brazzi, the 1950s movie star of South Pacific, who was indicted for gunrunning. And overriding them all are the members of Antigua's ruling family, the Birds, most particularly Prime Minister Vere Cornwall Bird and two of his sons, Lester and Vere, Jr. V. C. Bird has held power longer than any other ruler in the world; and the unfolding of his descent into ruthlessness, greed, and venality is especially dismaying. For it was he who led his people's movement for freedom from the yoke of colonialism, only to destroy the dream he helped create.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
