Children of Time Adrian Tchaikovsky, 2018-09-18 Winner of the 2023 Hugo Award for Best Series! Adrian Tchaikovsky's award-winning novel *Children of Time*, is the epic story of humanity's battle for survival on a terraformed planet. Who will inherit this new Earth? The last remnants of the human race left a dying Earth, desperate to find a new home among the stars. Following in the footsteps of their ancestors, they discover the greatest treasure of the past age—a world terraformed and prepared for human life. But all is not right in this new Eden. In the long years since the planet was abandoned, the work of its architects has borne disastrous fruit. The planet is not waiting for them, pristine and unoccupied. New masters have turned it from a refuge into mankind's worst nightmare. Now two civilizations are on a collision course, both testing the boundaries of what they will do to survive. As the fate of humanity hangs in the balance, who are the true heirs of this new Earth?

The Child in Time Ian McEwan, 2011-02-08 A child's abduction sends a father reeling in this Whitbread Award-winning novel that explores time and loss with "narrative daring and imaginative genius" (Kirkus Reviews, starred review). Stephen Lewis, a successful author of children's books, is on a routine trip to the supermarket with his three-year-old daughter. In a brief moment of distraction, she suddenly vanishes—and is irretrievably lost. From

that moment, Lewis spirals into bereavement that effects his marriage, his psyche, and his relationship with time itself: "It was a wonder that there could be so much movement, so much purpose, all the time. He himself had none at all." In *The Child in Time*, acclaimed author Ian McEwan "sets a story of domestic horror against a disorienting exploration in time" producing "a work of remarkable intellectual and political sophistication" that has been adapted into a PBS Masterpiece movie starring Benedict Cumberbatch (Kirkus Reviews, starred review). "A beautifully rendered, very disturbing novel."

Time to Hunt Stephen Hunter, 2010-08-18 "Stephen Hunter is in a class by himself. *Time to Hunt* is as vivid and haunting as a moving target in the crosshairs of a sniper scope."—Nelson DeMille, author of *Mayday* He is the most dangerous man alive. He only wants to live in peace with his family, and forget the war that nearly killed him. . . . It's not going to happen. Stephen Hunter's epic national bestsellers, *Point of Impact* and *Black Light*, introduced millions of readers to Bob Lee Swagger, called "Bob the Nailer," a heroic but flawed Vietnam War veteran forced twice to use his skills as a master sniper to defend his life and his honor. Now, in his grandest, most intensely thrilling adventure yet, Bob the Nailer must face his deadliest foe from Vietnam—and his own demons—to save his wife and daughter. During the latter days of the Vietnam War, deep in-country, a young idealistic Marine named Donny Fenn was cut down by a sniper's bullet as he set out on patrol

with Swagger, who himself received a grievous wound. Years later Swagger married Donny's widow, Julie, and together they raise their daughter, Nikki, on a ranch in the isolated Sawtooth Mountains in Idaho. Although he struggles with the painful legacy of Vietnam, Swagger's greatest wish—to leave his violent past behind and live quietly with his family—seems to have come true. Then one idyllic day, a man, a woman, and a girl set out from the ranch on horseback. High on a ridge above a mountain pass, a thousand yards distant, a calm, cold-eyed shooter, one of the world's greatest marksmen, peers through a telescopic sight at the three approaching figures. Out of his tortured past, a mortal enemy has once again found Bob the Nailer. Time to Hunt proves anew why so many consider Stephen Hunter to be our best living thriller writer. With a plot that sweeps from the killing fields of Vietnam to the corridors of power in Washington to the shadowy plots of the new world order, Hunter delivers all the complex, stay-up-all-night action his fans demand in a masterful tale of family heartbreak and international intrigue—and shows why, for Bob Lee Swagger, it's once again time to hunt. Praise for Time to Hunt “Stephen Hunter is simply the best writer of action fiction in the world and Time to Hunt proves it.”—Phillip Margolin, author of The Burning Man “The best straight-up thriller writer at work today.”—Rocky Mountain News

Stories I Tell Myself Juan F. Thompson, 2016-01-05 Hunter S. Thompson, "smart hillbilly," boy of the South, born and bred in Louisville, Kentucky, son of an insurance salesman and a stay-at-home mom, public school-educated, jailed at seventeen on a bogus petty robbery charge, member of the U.S. Air Force (Airmen Second Class), copy boy for Time, writer for The National Observer, et cetera. From the outset he was the Wild Man of American journalism with a journalistic appetite that touched on subjects that drove his sense of justice and intrigue, from biker gangs and 1960s counterculture to presidential campaigns and psychedelic drugs. He lived larger than life and pulled it up around him in a mad effort to make it as electric, anger-ridden, and drug-fueled as possible. Now Juan Thompson tells the story of his father and of their getting to know each other during their forty-one fraught years together. He writes of the many dark times, of how far they ricocheted away from each other, and of how they found their way back before it was too late. He writes of growing up in an old farmhouse in a narrow mountain valley

outside of Aspen—Woody Creek, Colorado, a ranching community with Hereford cattle and clover fields . . . of the presence of guns in the house, the boxes of ammo on the kitchen shelves behind the glass doors of the country cabinets, where others might have placed china and knickknacks . . . of climbing on the back of Hunter's Bultaco Matador trail motorcycle as a young boy, and father and son roaring up the dirt road, trailing a cloud of dust . . . of being taken to bars in town as a small boy, Hunter holding court while Juan crawled around under the bar stools, picking up change and taking his found loot to Carl's Pharmacy to buy Archie comic books . . . of going with his parents as a baby to a Ken Kesey/Hells Angels party with dozens of people wandering around the forest in various stages of undress, stoned on pot, tripping on LSD . . . He writes of his growing fear of his father; of the arguments between his parents reaching frightening levels; and of his finally fighting back, trying to protect his mother as the state troopers are called in to separate father and son. And of the inevitable—of mother and son driving west in their Datsun to make a new home, a new life, away from Hunter; of Juan's first taste of what "normal" could feel like . . . We see Juan going to Concord Academy, a stranger in a strange land, coming from a school that was a log cabin in the middle of hay fields, Juan without manners or socialization . . . going on to college at Tufts; spending a crucial week with his father; Hunter asking for Juan's opinion of his writing; and he writes of their dirt biking on a hilltop overlooking Woody Creek Valley,

acting as if all the horrible things that had happened between them had never taken place, and of being there, together, side by side . . . And finally, movingly, he writes of their long, slow pull toward reconciliation . . . of Juan's marriage and the birth of his own son; of watching Hunter love his grandson and Juan's coming to understand how Hunter loved him; of Hunter's growing illness, and Juan's becoming both son and father to his father . . .

The Child In Time ,2018 The life of a children's book author is turned upside down when his daughter goes missing.

Children of Ruin Adrian Tchaikovsky,2019-05-14 The astonishing sequel to Children of Time, the award-winning novel of humanity's battle for survival on a terraformed planet. Thousands of years ago, Earth's terraforming program took to the stars. On the world they called Nod, scientists discovered alien life -- but it was their mission to overwrite it with the memory of Earth. Then humanity's great empire fell, and the program's decisions were lost to time. Aeons later, humanity and its new spider allies detected fragmentary radio signals between the stars. They dispatched an exploration vessel, hoping to find cousins from old Earth. But those ancient terraformers woke something on Nod better left undisturbed.

Echoes Iain McLaughlin,Claire Bartlett,2005-04 Echoes of the past ... echoes of the future. Honore Lechasseur can see the threads that bind the two together, however when he and Emily Blandish find themselves outside the imposing tower-block headquarters of Dragon Industry, both can sense

something is wrong. There are ghosts in the building, and images and echoes of all times pervade the structure. But what is behind this massive contradiction in time, and can Honore and Emily figure it out before they become trapped themselves? Part mystery, part detective story, part dark fantasy, part science fiction... original adventures in time and space.

Hunters in the Dark Lawrence Osborne, 2016-01-12 From the novelist the New York Times compares to Paul Bowles, Evelyn Waugh and Ian McEwan, an evocative new work of literary suspense Adrift in Cambodia and eager to side-step a life of quiet desperation as a small-town teacher, 28-year-old Englishman Robert Grieve decides to go missing. As he crosses the border from Thailand, he tests the threshold of a new future. And on that first night, a small windfall precipitates a chain of events-- involving a bag of "jinxed" money, a suave American, a trunk full of heroin, a hustler taxi driver, and a rich doctor's daughter-- that changes Robert's life forever. *Hunters in the Dark* is a sophisticated game of cat and mouse redolent of the nightmares of Patricia Highsmith, where identities are blurred, greed trumps kindness, and karma is ruthless. Filled with Hitchcockian twists and turns, suffused with the steamy heat and pervasive superstition of the Cambodian jungle, and unafraid to confront difficult questions about the machinations of fate, this is a masterful novel that confirms Lawrence Osborne's reputation as one of our finest contemporary writers.

The Cabinet of Light Daniel O'Mahony, 2003 Where is the Doctor? Everyone is

hunting him. Honore Lechasseur, a time sensitive 'fixer, ' is hired by mystery woman Emily Blandish to find him. Lechasseur discovers that the Doctor is, in fact, a semi-mythical figure who has appeared off and on throughout Earth's history. But what is his connection with London in 1949? And why is a mysterious group seeking 'the cabinet of light' -- a device somehow connected with the Doctor.
