Children of Time Adrian Tchaikovsky,2018-09-18 Winner of the 2023 Hugo Award for Best Series! Adrian Tchaikovsky's award-winning novel Children of Time, is the epic story of humanity's battle for survival on a terraformed planet. Who will inherit this new Earth? The last remnants of the human race left a dying Earth, desperate to find a new home among the stars. Following in the footsteps of their ancestors, they discover the greatest treasure of the past age—a world terraformed and prepared for human life. But all is not right in this new Eden. In the long years since the planet was abandoned, the work of its architects has borne disastrous fruit. The planet is not waiting for them, pristine and unoccupied. New masters have turned it from a refuge into mankind's worst nightmare. Now two civilizations are on a collision course, both testing the boundaries of what they will do to survive. As the fate of humanity hangs in the balance, who are the true heirs of this new Earth?

The Child in Time Ian McEwan,2011-02-08 A child's abduction sends a father reeling in this Whitbread Award-winning novel that explores time and loss with "narrative daring and imaginative genius" (Kirkus Reviews, starred review). Stephen Lewis, a successful author of children's books, is on a routine trip to the supermarket with his three-year-old daughter. In a brief moment of distraction, she suddenly vanishes—and is irretrievably lost. From that moment, Lewis spirals into bereavement that effects his marriage, his psyche, and his relationship with time itself: "It was a wonder that there could be so much movement, so much purpose, all the time. He himself had none at all." In The Child in Time, acclaimed author Ian McEwan "sets a story of domestic horror against a disorienting exploration in time" producing "a work of remarkable intellectual and political sophistication" that has been adapted into a PBS Masterpiece movie starring Benedict Cumberbatch (Kirkus Reviews, starred review). "A beautifully rendered, very disturbing novel." —Publishers Weekly

Stories I Tell Myself Juan F. Thompson,2016-01-05 Hunter S. Thompson, "smart hillbilly," boy of the South, born and bred in Louisville, Kentucky, son of an insurance salesman and a stay-at-home mom, public school-educated, jailed at seventeen on a bogus petty robbery charge, member of the U.S. Air Force (Airmen Second Class), copy boy for Time, writer for The National Observer, et cetera. From the outset he was the Wild Man of American journalism with a journalistic appetite that touched on subjects that drove his sense of justice and intrigue, from biker gangs and 1960s counterculture to presidential campaigns and psychedelic drugs. He lived larger than life and pulled it up around him in a mad effort to make it as electric, anger-ridden, and drug-fueled as possible. Now Juan Thompson tells the story of his father and of their getting to know each other during their forty-one fraught years together. He writes of the many dark times, of how far they ricocheted away from each other, and of how they found their way back before it was too late. He writes of growing up in an old farmhouse in a narrow mountain valley outside of Aspen—Woody Creek, Colorado, a ranching community with Hereford cattle and clover fields . . . of the presence of guns in the house, the boxes of ammo on the kitchen shelves behind the glass doors of the country cabinets, where others might have placed china and knickknacks . . . of climbing on the back of Hunter's Bultaco Matador trail motorcycle as a young boy, and father and son roaring up the dirt road, trailing a cloud of dust . . . of being taken to bars in town as a small boy, Hunter holding court while Juan crawled around under the bar stools, picking up change and taking his found loot to Carl's Pharmacy to buy Archie comic books . . . of going with his parents as a baby to a Ken Kesey/Hells Angels party with dozens of people wandering around the forest in various stages of undress, stoned on pot, tripping on LSD . . . He writes of his growing fear of his father; of the arguments between his parents reaching frightening levels; and of his finally fighting back, trying to protect his mother as the state troopers are called in to separate father and son. And of the inevitable—of mother and son driving west in their Datsun to make a new home, a new life, away from Hunter; of Juan's first taste of what "normal" could feel like . . . We see Juan going to Concord Academy, a stranger in a strange land, coming from a school that was a log cabin in the middle of hay fields, Juan without manners or socialization . . . going on to college at Tufts; spending a crucial week with his father; Hunter asking for Juan's opinion of his writing; and he writes of their dirt biking on a hilltop overlooking Woody Creek Valley, acting as if all the horrible things that had happened between them had never taken place, and of being there, together, side by side . . . And finally, movingly, he writes of their long, slow pull toward reconciliation . . . of Juan's marriage and the birth of his own son; of watching Hunter love his grandson and Juan's coming to understand how Hunter loved him; of Hunter's growing illness, and Juan's becoming both son and father to his father . . .

Time to Hunt Stephen Hunter,2010-08-18 "Stephen Hunter is in a class by himself. Time to Hunt is as vivid and haunting as a moving target in the crosshairs of a sniper scope."—Nelson DeMille, author of Mayday He is the most dangerous man alive. He only wants to live in peace with his family, and forget the war that nearly killed him. . . . It's not going to happen. Stephen Hunter's epic national bestsellers, Point of Impact and Black Light, introduced millions of readers to Bob Lee Swagger, called "Bob the Nailer," a heroic but flawed Vietnam War veteran forced twice to use his skills as a master sniper to defend his life and his honor. Now, in his grandest, most intensely thrilling adventure yet, Bob the Nailer must face his deadliest foe from Vietnam—and his own demons—to save his wife and daughter. During

the latter days of the Vietnam War, deep in-country, a young idealistic Marine named Donny Fenn was cut down by a sniper's bullet as he set out on patrol with Swagger, who himself received a grievous wound. Years later Swagger married Donny's widow, Julie, and together they raise their daughter, Nikki, on a ranch in the isolated Sawtooth Mountains in Idaho. Although he struggles with the painful legacy of Vietnam, Swagger's greatest wish—to leave his violent past behind and live quietly with his family—seems to have come true. Then one idyllic day, a man, a woman, and a girl set out from the ranch on horseback. High on a ridge above a mountain pass, a thousand yards distant, a calm, cold-eyed shooter, one of the world's greatest marksmen, peers through a telescopic sight at the three approaching figures. Out of his tortured past, a mortal enemy has once again found Bob the Nailer. Time to Hunt proves anew why so many consider Stephen Hunter to be our best living thriller writer. With a plot that sweeps from the killing fields of Vietnam to the corridors of power in Washington to the shadowy plots of the new world order, Hunter delivers all the complex, stay-up-all-night action his fans demand in a masterful tale of family heartbreak and international intrigue—and shows why, for Bob Lee Swagger, it's once again time to hunt. Praise for Time to Hunt “Stephen Hunter is simply the best writer of action fiction in the world and Time to Hunt proves it.”—Phillip Margolin, author of The Burning Man “The best straight-up thriller writer at work today.”—Rocky Mountain News
