*Hunter of Dreams* Steven Duff,2002 Hunter of Dreams is the story of the so-called Underground Railroad, the escape route to Canada of American slaves in the 1850s and early '60s. The driving force behind Canadian involvement was Dr. Alexander Milton Ross of Belleville, Ontario, an extraordinary character, but one relatively unknown except to historians specializing in his era. Alexander Ross travelled in the Deep South, using his background in ornithology as a pretense at doing research. In reality, he was alerting slaves to the existence of the Underground Railroad and in the process, faced a number of dangerous situations. As well, he was involved on the fringes of John Brown's famous raid on Harpers Ferry. His work brought him to the attention of Abraham Lincoln, who commissioned him as a special agent to monitor the Confederate activities in Canada during the Civil War. Ross's work, declared Lincoln, shortened the Civil War by the better part of a year. Hunter of Dreams reveals the story of the relatively unknown Alexander Ross, based on his own memoirs and contemporary magazine and newspaper articles; it is cast as a novel, told through James Ramsay, an imaginary friend of Dr. Ross's.

The Time Tunnel Anthony Koontz,2021-08-10 Tony and Doug arrive on an alien spacecraft in space above the Americas. Two aliens soon appear, pull a gun, and force Tony and Doug into an area that translates between their different languages. The aliens tell Tony and Doug that they are going to take all of the protein (food) from Earth and that there will be no life left when they leave, just as they have done with other planets. The aliens also tell them that there are three kinds of people: those who cooperate, those who can be made to cooperate, and those whom they must kill. Resistance is impossible, they say. - This work is an artistic experimentation, a comic book fanzine version of *The Time Tunnel*, an American science fiction TV series starring James Darren and Robert Colbert. The series was inspired by the 1964 film *The Time Travelers* (AIP / Dobil), and was the third science fiction television series by producer-creator Irwin Allen, released by 20th Century Fox Television and broadcast on ABC.
