**Gold** Chris Cleave, 2012-07-03 Building on the tradition of *Little Bee*, Chris Cleave again writes with elegance, humor, and passion about friendship, marriage, parenthood, tragedy, and redemption. What would you sacrifice for the people you love? KATE AND ZOE met at nineteen when they both made the cut for the national training program in track cycling—a sport that demands intense focus, blinding exertion, and unwavering commitment. They are built to exploit the barest physical and psychological edge over equally skilled rivals, all of whom are fighting for the last one tenth of a second that separates triumph from despair. Now at thirty-two, the women are facing their last and biggest race: the 2012 Olympics. Each wants desperately to win gold, and each has more than a medal to lose. Kate is the more naturally gifted, but the demands of her life have a tendency to slow her down. Her eight-year-old daughter Sophie dreams of the Death Star and of battling alongside the Rebels as evil white blood cells ravage her personal galaxy—she is fighting a recurrence of the leukemia that nearly killed her three years ago. Sophie doesn't want to stand in the way of her mum's Olympic dreams, but each day the dark forces of the universe seem to be massing against her. Devoted and self-sacrificing Kate knows her daughter is fragile, but at the height of her last frenzied months of training, might she be blind to the most terrible prognosis? Intense, aloof Zoe has always hovered on the periphery of real human companionship, and her compulsive need to win at any cost has more than once threatened her friendship with Kate—and her own sanity. Will she allow her obsession, and the advantage she has over a harried, anguished mother, to sever the bond they have shared for more than a decade? Echoing the adrenaline-fueled rush of a race around the Velodrome track, *Gold* is a triumph of superbly paced, heart-in-throat storytelling. With great humanity and glorious prose, Chris Cleave examines the values that lie at the heart of our most intimate relationships, and the choices we make when lives are at stake and everything is on the line.

The Invention of Hugo Cabret Brian Selznick, 2015-09-03 An orphan and thief, Hugo lives in the walls of a busy train station. He desperately believes a broken automaton will make his dreams come true. But when his world collides with an eccentric girl and a bitter old man, Hugo's undercover life are put in jeopardy. Turn the pages, follow the illustrations and enter an unforgettable new world!

**Under the Wide and Starry Sky** Nancy Horan, 2014-01-21 NEW YORK TIMES BESTSELLER • TODAY SHOW BOOK CLUB PICK • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND ST. LOUIS POST-DISPATCH From the New York Times bestselling author of *Loving Frank* comes a much-anticipated second novel, which tells the improbable love story of Scottish writer Robert Louis Stevenson and his tempestuous American wife, Fanny. At the age of thirty-five, Fanny Van de Grift Osbourne has left her philandering husband in San Francisco to set sail for Belgium—with her three children and nanny in tow—to study art. It is a chance for this adventurous woman to start over, to make a better life for all of them, and to pursue her own desires. Not long after her arrival, however, tragedy strikes, and Fanny and her children repair to a quiet artists' colony in France where she can recuperate. Emerging from a deep sorrow, she meets a lively Scot, Robert Louis Stevenson, ten years her junior, who falls instantly in love with the earthy, independent, and opinionated “belle Americaine.” Fanny does not immediately take to the slender young lawyer who longs to devote his life to writing—and who would eventually pen such classics as *Treasure Island* and *The Strange Case of Dr. Jekyll and Mr. Hyde*. In time, though, she succumbs to Stevenson's charms, and the two begin a fierce love affair—marked by intense joy and harrowing darkness—that spans the decades and the globe. The shared life of these two strong-willed individuals unfolds into an adventure as impassioned and unpredictable as any of Stevenson's own unforgettable tales. Praise for *Under the Wide and Starry Sky* “A richly imagined [novel] of love, laughter, pain and sacrifice . . . *Under the Wide and Starry Sky* is a dual portrait, with Louis and Fanny sharing the limelight in the best spirit of teamwork—a romantic partnership.”—USA Today “Powerful . . . flawless . . . a perfect example of what a man and a woman will do for love, and what they can accomplish when it's meant to be.”—Fort Worth Star-Telegram “Horan's prose is gorgeous enough to keep a reader transfixed, even if the story itself weren't so compelling. I kept re-reading passages just to savor the exquisite wordplay. . . . Few writers are as masterful as she is at blending carefully researched history with the novelist's art.”—The Dallas Morning News “A classic artistic bildungsroman and a retort to the genre, a novel that shows how love and marriage can simultaneously offer inspiration and encumbrance.”—The New York Times Book Review

*Elwood* Sister Lucia Treanor, FSE, 2021-09-24 Elwood Euart was born in 1914 in Pawtucket, Rhode Island, the second of seven children in a faithful Catholic family. Athletic, responsible, and likeable, Elwood was just an ordinary guy growing up in the 1920s and '30s. He had his share of victories and defeats, accomplishments and setbacks, joys and heartaches. He went to Mass, helped his family, went to college, embarked on a military career, and advanced to the rank of captain in the U.S. Army. On October 26, 1942, in the South West Pacific Theatre of World War II, he and over 5,000 troops were aboard the SS President Coolidge when it struck two American mines while approaching a naval base. Those who were able to make it safely to shore watched as Elwood risked his life by returning to the vessel to save the remaining men on board. After rescuing the men from the infirmary unit, he was unable to escape and went down with the ship. Sister Lucia Treanor, a direct relative of Elwood, tells of his extraordinary heroism in the face of danger. But Elwood: The Story of a Catholic World War II Hero is more than that — it is the story of true faith and real virtue, born of a love for God and others, which gave the young Captain Euart the fortitude to do what was needed when the time came. ABOUT THE AUTHOR Sister Lucia Treanor, FSE, earned a doctorate in comparative literature from the City University of New York. She currently teaches writing at The Catholic University of America in Washington, DC. The author of several books, articles, and academic essays in a variety of Catholic and secular publications, she is related to Captain Elwood Euart via her mother, Lucy Casey McCaffrey, who is his cousin.

*Little Soldiers* Lenora Chu, 2017-09-19 New York Times Book Review Editor's Choice; Real Simple Best of the Month; Library Journal Editors' Pick In the spirit of *Battle Hymn of the Tiger Mother*, *Bringing up Bébé*, and *The Smartest Kids in the World*, a hard-hitting exploration of China's widely acclaimed yet insular education system that raises important questions for the future of American parenting and education When students in Shanghai rose to the top of international rankings in 2009, Americans feared that they were being out-educated by the rising super power. An American journalist of Chinese descent raising a young family in Shanghai, Lenora Chu noticed how well-behaved Chinese children were compared to her boisterous toddler. How did the Chinese create their academic super-achievers? Would their little boy benefit from Chinese school? Chu and her husband decided to enroll three-year-old Rainer in China's state-run public school system. The results were positive—her son quickly settled down, became fluent in Mandarin, and enjoyed his friends—but she also began to notice troubling new behaviors. Wondering what was happening behind closed classroom doors, she embarked on an exploratory journey, interviewing Chinese parents, teachers, and education professors, and following students at all stages of their education. What she discovered is a military-like education system driven by high-stakes testing, with teachers posting rankings in public, using bribes to reward students who comply, and shaming to isolate those who do not. At the same time, she uncovered a years-long desire by government to alleviate its students' crushing academic burden and make education friendlier for all. The more she

learns, the more she wonders: Are Chinese children—and her son—paying too high a price for their obedience and the promise of future academic prowess? Is there a way to appropriate the excellence of the system but dispense with the bad? What, if anything, could Westerners learn from China's education journey? Chu's eye-opening investigation challenges our assumptions and asks us to consider the true value and purpose of education.

**Halcyon Journey** Marina Richie, 2022-05-27 More than one hundred species of kingfishers are found distributed around the world – every continent but Antarctica. All share oversized heads, dagger bills, and short flicking tails. Many have dazzling rainbow feathers. They range in size from the diminutive pygmy kingfisher of African rainforests to the kookaburra of Australia. Here, Marina Richie takes as her inspiration the belted kingfisher, found all over North America but not as well-known as other common birds. In this first book on belted kingfishers, Richie plunges headfirst – just like a kingfisher would – into their lives, following them from her backyard to archives around the world. On a small stretch of Rattlesnake Creek in Missoula, Montana, Richie spent hundreds of hours seeking and observing a skittish pair of nesting belted kingfishers. Weaving natural history, mythology, and memoir, Richie celebrates the belted kingfisher through a journey of discovery across multiple seasons. She discusses the scientific literature on kingfishers, the role of citizen scientists, the appearance of kingfishers in religions and cultures from ancient Greece to the Salish tribes, and her own observations: the staccato calls, the sharp dives, the scenes of females chasing after each other. Her quest taught her not just about kingfishers but also about stillness and the world around her. Spending long hours still on the creek bank, she reflects on the challenges and narratives of wildlife, of environmental change, and of her own life: the death of her father, himself a bird lover; balancing her passion for kingfishers with marriage, motherhood, and paid work; and finally a decision to leave Montana for a different life in Oregon.
