*Scanning Tunneling Microscopy II* Roland Wiesendanger,Hans-Joachim Güntherodt,2013-03-08 Scanning Tunneling Microscopy II, like its predecessor, presents detailed and comprehensive accounts of the basic principles and the broad range of applications of STM and related scanning probe

techniques. The applications discussed in this volume come predominantly from the fields of electrochemistry and biology. In contrast to those in STM I, these studies may be performed in air and in liquids. The extensions of the basic technique to map other interactions are described in chapters on scanning force microscopy, magnetic force microscopy, and scanning near-field optical microscopy, together with a survey of other related techniques. Also discussed here is the use of a scanning proximal probe for surface modification. Together, the two volumes give a comprehensive account of experimental aspects of STM and provide essential reading and reference material. In this second edition the text has been updated and new methods are discussed.

**My Life As a Professional Seat Cover** Suzanne Marsh,2012-08 My Life as a Professional Seat Cover is a memoir written to help bridge the gap between truckers and the general motoring public. The issues confronting truckers today from the changes in the Hours of Service, to the point system instituted by the FMCSA, to HR763 which if passed will affect the entire motoring public. How

will all these changes directly or indirectly affect consumers, the economy and the general public. Earl and Sue Marsh have three daughters, eleven grand children and one great grandson. When they are not on the road trucking they are at home in Temple, Texas.
