**500 Wedding Rings** Lark Books, Marthe Le Van, 2007  
Presents a wide range of creative wedding ring designs from the world's most innovative designers and jewelers, showcasing a collection of contemporary, handmade wedding bands and engagement rings for both men and women by Etienne Peret, James Kaya, and other artists.

*The Theory and Practice of Goldsmithing* Erhard Brepohl, 2001 Since its initial appearance in 1961, *Theorie und Praxis des Goldschmieds* has become a standard for training goldsmiths and professional workshop practice, and is here translated from the 1994 edition. It discusses materials, basic techniques and tools, and such specific techniques as joining and pl

**Young Widower** John W. Evans, 2014-03-01 John W. Evans was twenty-nine years old and his wife, Katie, was thirty. They had met in the Peace Corps in Bangladesh, taught in Chicago, studied in Miami, and were working for a year in Romania when they set off with friends to hike into the Carpathian Mountains. In an instant their life together was shattered. Katie became separated from the group. When Evans finally found her, he could only watch helplessly as she was mauled to death by a brown bear. In such a love story, such a life story, how could a person ever move forward? That is the question Evans, traumatized and restless, confronts in this book as he learns the language of grief, the rhetoric of survival, and the contrary algorithms of holding fast and letting go. His memories of Katie and their time together, and the strangeness of his life with her

family in the year after her death, create an unsentimental but deeply moving picture of loss, the brutality of nature, and the unfairness of needing to narrate a story that nothing can prepare a person to tell. Told with unyielding witness, elegance, and care, *Young Widower* is a heartbreaking account of a senseless tragedy and the persistence of grief in a young person's life.

**Design Your Dream Wedding Rings** Calla

Gold, 2019-01-25 Your wedding rings are the most important pieces of jewelry you'll ever have. As a symbol of love and a pledge of faithfulness they hold much. Making them unique is a fun and creative process. Author Calla Gold believes there is a jewelry designer in each one of us and that the jeweler's job is to ask questions and help find that design inside of you. In this book you'll find examples of textures and details that add definition to your design, that evoke a feeling or vibe. You'll see how your lifestyle effects your ring design choices. You'll read stories like the way Marlo and Ben used family diamonds in their designs, how the right shaped

center diamond helped Kaitlyn's short fingers look longer, and how a Rock and Roll drummer chose a special finish to make his fiancé's ring pop. Questions like these will be answered; what's the difference between platinum and white gold? What engraving techniques are out there and which ones would work for you? Is rose gold a safe choice with tiny prongs? What's the difference between the engagement ring and the wedding band? What are good gemstone alternatives to a diamond in the center? This book is your guide to creating your dream engagement and wedding rings.

**Jewels by JAR** Adrian Sassoon, Joel Arthur Rosenthal, 2013 Called the Fabergé of our time by Diane von Furstenberg, Joel A. Rosenthal, who works in Paris under the name JAR, is one of the most acclaimed jewellery designers of the past thirty years. JAR is known for his use of precious and semi-precious stones resplendent with myriad shades of vibrant colour and set in organic shapes: one brooch, for instance, features lifelike petals in subtly differentiated hues, made from a thousand pavé sapphires and amethysts. The New York Times has described his jewellery as belligerent, stubborn, audacious, funny, contradictory, while JAR himself has characterised his work as somewhere between geometry and a bouquet of flowers. This book, featuring nearly 70 pieces from throughout JAR's career, provides a concise, accessible, elegantly designed retrospective of the best of his jewellery creations, and is the only book of its kind on his work available in English.

*Portraits of the American Craftsman* Tadd Myers, 2013-11-12 Stunning... - Parade MagazineA rare pictorial journey across America. - Bookpage *Portraits of the American Craftsman* is a collection of portraits of the people and products made in small workshops all over the country, with lyrical descriptions of what they make, who they are, and the tradition embedded in their trade. This book is a celebration of the handmade at a time when it's being embraced by a new generation of DIY and local-focused consumers who are averse to the mass-produced. Award-winning photographer Tadd Myers is four years into a cross-country journey to capture images of the American craftsman engaged in his work. At a time when the public is growing disenchanted by the disposable items that litter the American landscape, the workers in Tadd's portraits are still using human eyes to guide human hands; the objects they make carry the souls of their makers. His beautifully

rendered photographs and profiles celebrate the thriving American culture of true craftsmanship, which is alive and well in all parts of the country: from the Steinway factory in Queens, NY to hatmakers in Tennessee; from a carousel works shop in Ohio to guitar makers in Texas; from hatmakers in Chicago to boatbuilders in Vermont. In the connected realm of photo-rich social media platforms such as Pinterest and Etsy, and in reaction to the mammoth corporations that create and sell us our wares, we're seeing a boom of Americans of all ages re-evaluating the values that actually inspire them. Away from these conglomerates, the American craftsman keeps a different, more personal kind of work alive – work that is uniquely inspirational and genuine.
