The Story of the Development of NWATNA Jerry W. Jarrett,2004 When the WWE bought WCW from Turner/Time Warner, they were basically the only professional wrestling company in the US. Jerry and Jeff Jarrett knew the needed capitol to begin a traditional wrestling company was beyond their resources. the father and son team realized that a new concept would be necessary to accomplish the task of starting a national wrestling company. Against great odds, the largest time allotment contract with the pay-per-view providers, InDemand and Direct TV was negotiated. With the seed money (1,000,000.00.) and a boat load of optimism, the Jarrett's set out to form a start up International wrestling company. After bankers promised loans and then withdrew at the last minute, Health South came in as the financing partner in the venture. Health South was forced to pull out without notice because of international problems and with a window of only 30 days, a replacement for Health South was found when Panda Energy bought into the project. The road was never an easy one. From discovering that a key man who handled the PPV end of the business was on the payroll of the company that handles WWE PPV's at the same time, to receiving forged documents form InDemand, to wrestlers that had verbally committed to NWATNA suddenly getting attractive contracts with WWE, the venture has survived. Today, two years after the launch, this company that insiders gave no chance of survival, has produced 90 weeks of pay-per-view programs, and is seen around the world on international television. NWATNA has secured a deal with a major television network.

The Death of WCW R. D. Reynolds,2004-12 What went wrong with WCW? In 1997, World Championship Wrestling was on top. It was the number-one pro wrestling company in the world, and the highest-rated show on cable television. Each week, fans tuned in to Monday Nitro, flocked to sold-out arenas, and carried home truckloads of WCW merchandise. Sting, Bill Goldberg, and the New World Order were household names. Superstars like Dennis Rodman and KISS jumped on the WCW bandwagon. It seemed the company could do no wrong. But by 2001, however, everything had bottomed out. The company -- having lost a whopping 95% of its audience -- was sold for next to nothing to Vince McMahon and World Wrestling Entertainment. WCW was laid to rest. How could the company lose its audience so quickly? Who was responsible for shows so horrible that fans fled in horror? What the hell happened to cause the death of one of the largest wrestling companies in the world? The Death of World Championship Wrestling is the first book to take readers through a detailed dissection of WCW's downfall.
