Chinese Astrology and Fortune Telling U.C. Mahajan, 2009-09-03 The Yi Jing, I Ching, or Book of Change or Fortune Telling, is an ancient Chinese oracle that has been consulted in times of trouble for thousands of years. It was used as a guide and source of wisdom by the emperors, helping them decide the difficult issues of statecraft; and later on by Sages and Philosophers. It was both a source and repository of philosophical insight for the Chinese, even as a part of Chinese Astrology or Zi Wei Dou Shu. Both of the major Chinese philosophical traditions, Taoist and Confucians alike, have contributed to its development. A few centuries ago, it became popular among the mass and its popularity is growing fast in many countries. Future is always dark and unknown, and man has always been eager to know the future beforehand. “Chinese Astrology and Fortune Telling” is a great and unique way of knowing and predicting future. This book fulfills the need and demand. It will make simple: both the subject and knowledge of the future, that look complex and uncommon.

We may now hear good news from far away not by post but by e-mail. There is nothing dated about the advice to pay attention, have a sense of humor, and find a suitable career. The White Magic Book is simple to use: pick a question, let your finger fall to a symbol on the Table of Jupiter, and find the corresponding answer.

Consult the Oracle Gabriel Nostradamus, 2013-09-10 “If you sing before breakfast you will cry before supper...” In their own words, what it meant for Victorians to dream of actors, April Fools, herrings or a railway ticket - why it was advised to throw a black snail by its horns over the left shoulder for good luck - and why it is essential to inform bees of a death in the family. “If one drops a knife, a woman is coming; a fork, a man is coming; a spoon, a fool.” Tappings on tables, questionable curatives, old wives' tales and whispers from beyond the grave - Victorians were fascinated by the supernatural. Consult the Oracle was where they might have turned when they needed to identify a witch, interpret an omen or dream, required a natural cure or wanted to divine their future with a pack of cards - or simply wished to understand what the supernatural meant to them and their ancestors. First published in 1899, it offered a layman's guide to 'matters magical and mysterious', and today is a quirky glimpse of a supernatural age now lost, by turns haunting and hilarious.

THE TAROT GUIDE [From Beginners to Professionals] Pailong,2021-12-12 First of all, I have to apologize to everyone for my incomplete English grammar. I started studying tarot card reading at 16 years old. I am fond of the Rider Waite series of cards because of the pictures that convey the full meaning. The first book that i learned was written in my native language. I am very fond of how to make predictions using tarot cards. Often, I use tarot card prediction to earn income after school. Until I worked in a travel company, I had extra income from fortune telling. Now i am currently 41 years old. Over time, I studied how to read more cards from English books. Until I had enough experience to pass it on to people in my country. I am currently a recognized tarot card reading instructor. For the various techniques I wrote in this book, I use them regularly. It is suitable for beginners up to the level of professional fortune tellers. The highlight of my book is that - Can use tarot cards in all questions. - The ability of tarot cards that ordinary people may never experience. - Use tarot cards as a consultant for everyday life. - Use tarot cards to answer suspicions about business. - Tarot card reading in various meanings. - Examples of fortune telling and card reading in various questions For this book, I will use the word instead of those who do tarot card reading with Fortune tellers and I will use the word instead of the fortune owner or the answer recipient with Predictors. Let's all get a new experience from my book. Thank you all for your support.
