**Dermatology Made Easy** Amanda Oakley,2017-05-06 A concise overview of the common dermatological conditions most likely to present in general medicine From reviews: ... a perfect solution to the constant struggle that dermatology diagnosis presents to primary care physicians and other providers... This well-formatted book covers a vast array of topics ranging from common to rare skin disorders. The pictures are immensely helpful in the understanding of various skin rashes.... Fam Med 2019;51(5):451-452. "... easy to read and informative. One cannot emphasise enough the quality and comprehensive nature of the photographic content.... As someone who was interested in dermatology even as a medical student my only regret is that this book was not around when I was a student as it would have very adequately guided me into my beloved subspecialty." Ulster Med J 2017;86(3):1-1. "The introduction outlines dermatological conditions by symptom, morphology and body site, providing an excellent index prior to delving into greater detail in the following chapters. The logical approach and level of detail make this text perfect for medical students, interns/residents, primary care physicians and other specialists who wish to quickly identify differential diagnoses or refresh their knowledge of dermatological conditions." A Lecturer in Dermatology Dermatology Made Easy is based on the hugely popular DermNet New Zealand website and is designed to help GPs, medical students and dermatologists diagnose skin conditions with confidence. The book starts by providing a series of comprehensive tables, complete with over 500 thumbnail photos, to aid diagnosis according to symptoms, morphology, or body site. Once you have narrowed down the diagnosis, cross-references then guide you to more detailed descriptions, and another 700 photographs, covering: common infections inflammatory rashes non-inflammatory conditions skin lesions Every section provides consistent information on the disorder: who gets it and what causes it? what are the clinical features and does it cause any complications? how do you diagnose it? how do you treat it and how long does it take to resolve? The book concludes with a comprehensive section on further investigations and treatment options. Dermatology Made Easy combines the essential focus of the Made Easy book series with the authority and knowledge base of DermNet New Zealand's unparalleled resources. *From Obscurity to Light* Devika Rangachari,2020-03-10 This book attempts to reintegrate women into the socio-political milieu of early medieval Orissa. Its sources are inscriptions, mostly Sanskrit, that date from the seventh century to the end of the reign of the Imperial Ganga ruler, Anantavarman Codagangadeva (CE 1078-1147). The evidence indicates that royal and non-royal women had varying but undeniably important roles to play in the socio-political fabric of this prominent regional entity. The Bhauma-Kara dynasty (c. mid-eighth/ninth-late tenth century) that witnessed the rule of six women, four of them in succession, is a case in point. In addition, the palpable presence of several other royal and non-royal women is consistently documented in the epigraphic record. This is an aspect that has received very little attention in secondary works, thereby rendering this study a pioneering one. The work follows on from Rangachari's earlier Invisible Women, Visible Histories: Gender, Polity and Society in North India (7th to 12th century ad), which had focused on important gendered aspects of early medieval north India through an analysis of literary and epigraphic sources of Kashmir, Kanauj, Bengal and Bihar. The invisibilization of women, whereby their presence is routinely ignored or trivialized, was, similarly, its underlying essence. Please note: This title is co-published with Manohar Publishers, New Delhi. Taylor & Francis does not sell or distribute the Hardback in India, Pakistan, Nepal, Bhutan, Bangladesh and Sri Lanka

**Black and Blue** Paul Canoville,2012-12-18 Paul Canovilles story is one of extreme racist bigotry, shattering career-ending injury, a decline into drug abuse, battles against cancer, family tragedy and a determination to beat the odds. Canoville was Chelsea's first black first-team player, making his debut in 1982. But as he warmed up on the touchline, his own supporters began chanting 'We don't want the nigger!' The racist bile continued whenever he played, but within a year he had won over the terraces with his explosive pace and skill. Canoville fell out with the Chelsea board and moved to Reading in 1986, where injury suddenly ended his career at the age of 24. This started a downward spiral including the death of his baby in his arms, two bouts of life-threatening lymph cancer, drug abuse and homelessness. But Canoville fought back. In this explosive and shocking story, Paul finally explains why, despite everything, he is more positive than ever and has remained a fervent Chelsea fan all his life. This is a story of hope - eventually - overcoming adversity.
