My First 100 Words Spanish English Vocabulary Flashcards for Baby Professional Schoolprep,2019-06-17 Research shows that learning a second language boosts problem-solving, critical thinking, and listening skills, in addition to improving memory, concentration, and the ability to multitask. Children proficient in other languages also show signs of enhanced creativity and mental flexibility. There is a critical period or window of opportunity when children learn languages best. Studies have shown that this is when children are between birth and six years old. The younger children are, the easier they will learn a second language. As they get older that ability diminishes. These easy and fun flashcards aim to help parents as a useful educational tool for kids to learn a new language.

100 Words to Learn in Spanish Children's Learn Spanish Books Professor Gusto,2016-08-06 So why should your child learn a foreign language? Perfecting English is hard enough, why add another language? The reason to this is because it is good for brain development. Studies show that bilingualism is thought to prevent the cognitive decline that comes with aging. It is recommended that kids learn a foreign language as early as possible.
