Amazing Japan! Boye Lafayette De Mente, 2009-11 Japan is known worldwide for its economic prowess and such iconic symbols as geisha, karaoke, manga, Mt. Fuji, ninja, feudal-age samurai warriors and huge sumo wrestlers. What is not so well-known are its amazing historical artifacts [shrines; temples; castles; the world's largest and oldest wooden buildings; arts and crafts, hundreds of annual festivals that go back nearly two thousand years]; the incredible scenic beauty of its mountains, gorges, rivers, one of the longest and most gorgeous coastlines in the world; and a combined modern and traditional lifestyle that is so fascinating and seductive that exposure to it for just a few days is a mind-altering experience. The author identifies and describes a choice selection of things that make Japan one of the world's most unusual, most intriguing, and most enjoyable travel destinations...things that explain why so many foreigners take up permanent residence there once they have experienced life in this amazing country.

Performing Mountains Jonathan Pitches, 2020-04-02 Launching the landmark Performing Landscapes series, Performing Mountains brings together for the first time Mountain Studies and Performance Studies in order to examine an international selection of dramatic responses to mountain landscapes. Moving between different registers of writing, the book offers a critical assessment of how the cultural turn in landscape studies interacts with the practices of environmental theatre and performance. Conceived in three main parts, it begins by unpicking the layers of disciplinary complexity in both fields, before surveying the rich history and practice of rituals, playtexts and site specific works inspired by mountains. The last section moves to a unique analysis of mountains themselves using key concepts from performance: training, scenography, acting and spectatorship. Threaded throughout is a very personal tale of mountain research, offering a handrail or alternative guide through the book.

Tokyo on Foot Florent Chavouet, 2012-10-23 This prize-winning book is both an illustrated tour of a Tokyo rarely seen in Japan travel guides and an artist's warm, funny, visually rich, and always entertaining graphic memoir. Florent Chavouet, a young graphic artist, spent six months exploring Tokyo while his girlfriend interned at a company there. Each day he would set forth with a pouch full of color pencils and a sketchpad, and visit different neighborhoods. This stunning book records the city that he got to know during his adventures. It isn't the Tokyo of packaged tours and glossy guidebooks, but a grittier, vibrant place, full of ordinary people going about their daily lives and the scenes and activities that unfold on the streets of a bustling metropolis. Here you find businessmen and women, hipsters, students, grandmothers, shopkeepers, policemen, and other urban types and tribes in all manner of dress and hairstyles. A temple nestles among skyscrapers; the corner grocery anchors a diverse assortment of dwellings, cafes, and shops--often tangled in electric lines. The artist mixes styles and tags his pictures with wry comments and observations. Realistically rendered advertisements or posters of pop stars contrast with cartoon sketches of iconic objects or droll vignettes, like a housewife

walking her pet pig, a Godzilla statue in a local park, and an urban fishing pond that charges 400 yen per half hour. This very personal guide to Tokyo is organized by neighborhood with hand-drawn maps that provide an overview of each neighborhood, but what really defines them is what caught the artist's eye and attracted his formidable drawing talent. Florent Chavouet begins his introduction by observing that, Tokyo is said to be the most beautiful of ugly cities. With wit, a playful sense of humor, and the multicolor pencils of his kit, he sets aside the question of urban ugliness or beauty and captures the Japanese essence of a great city in this truly vital portrait.
