Developing Materials for Language Teaching Brian Tomlinson, 2013-12-19 There have been a number of books published on various aspects of materials development for language teaching but Developing Materials for Language Teaching is the only one which provides a comprehensive coverage of the main

aspects and issues in the field. This second edition brings it completely up to date and expands on the original book. It deals with advances in IT and an increasingly globalized world. It is the only publication which views current developments in materials development through the eyes of developers and users of materials from all over the world. In doing so it applies principles to practice in ways demonstrated to facilitate the effectiveness of language learning materials. The chapters are written so that the book provides critical overviews of recent developments in materials development and at the same time acts as a stimulus for development and innovation in the field. It is intended both for use as a course book on postgraduate and teacher training courses and as a resource for the stimulus and refreshment of teachers, publishers and applied linguists in the field. The book contains updated versions of many of the chapters in the 2003 edition plus new chapters on corpus-informed materials development, materials development for blended learning, materials development for EAP, materials development for ESOL and materials development for young learners.

My Journey of Faith, Hope & Health Ann Keefe, 2009-06-15 This book is a journal made up of 111 articles that were published in our local paper. The woman who wrote the journal was diagnosed with Lung Cancer in December of

2006 and her goal was to help people understand what it was like living and coping with the disease on a daily basis. She wrote about her everyday life, her Chemo and Radiation treatments, her trip to Seattle for Cyber Knife treatment. She wanted people to know that it was possible to lead a somewhat normal life even though the prognosis wasn't good. She tried to give people an insight into thought process that a person with Lung Cancer goes through. The author bared her soul in these articles in order help others with cancer or who had loved ones with the disease. Ann Keefe was my wife, she passed away on April 15th 2009 and I had her Journey of Faith, Hope & Health published in her memory.

Aftermath John Gerlach, 2016-12-28 Aftermath is the story of Tom Bergmann, beginning with his experiences in Vietnam as an Australian Infantry soldier, through his return home to Australia and onto his determination to help his fellow Vietnam Veterans rehabilitate back into a society that by-and-large rejected them because of the anti-Vietnam War sentiment prevalent during the late Sixties and early Seventies. A community is formed and grows until they purchase a disused hobby farm on the outskirts of Sydney and build a permanent rest and recreation center for veterans and their families which they call The Funny Farm, the nickname given to Vietnam by Australian soldiers having served there. Once the Funny Farm is up and running, Tom and Van, his Vietnamese partner, spread their outreach to other parts of Australia searching for veterans who have left home and family to live by themselves away from civilization.
