**American Junkie** Tom Hansen, 2017-03-14 A non-stop trip into one man's land of desperate addicts, failed punk bands, and brushes with sad fame, as he sells drugs during the Seattle grunge years. In American Junkie, Tom Hansen maps his heroin addiction, from the promise of a young life to the prison of a mattress, from budding musician to broken down junkie, drowning in syringes and cigarette butts, shooting heroin into wounds the size of softballs, and ultimately, a ride to a hospital for a six-month stay and a painful self-discovery that cuts down to the bone. Through it all he never really loses his step, never lets go of his smarts, and always projects quintessential American reason, humor, and hope to make a story not only about drugs, but a compelling study of vulnerability and toughness.

**High Society** Ben Elton, 2012-11-08 The war on drugs has been lost but for want of the courage to face the fact that the whole world is rapidly becoming one vast criminal network. From pop stars and princes to crack whores and street kids. From the Groucho Club toilets to the poppy fields of Afghanistan, we are all partners in crime. HIGH SOCIETY is a story or rather a collection of interconnected stories that takes the reader on a hilarious, heart breaking and terrifying journey

through the kaleidoscope world that the law has created and from which the law offers no protection.

It Takes a Lady Joan Smith,2016-09-26 Lizzie Warwick was now a do-gooder who had mistaken Lord Carbury's flirtation for the real thing five years ago. Now she solicited his help for his cousin Tommy, who had been accused of stealing a ruby necklace. Lizzie knew he hadn't done it and knew who had. But Carbury was confused by the change in her, and her newly adventurous, if dumbfounding, spirit. Regency Romance by Joan Smith; originally published by Belgrave House/Regency Reads

The Case for Trump Victor Davis

Hanson,2024-08-06 A New York Times bestseller and a brilliant and bracing analysis (Mark R. Levin) of Donald Trump, his presidency, and his vision of America's future--now updated for 2024 In The Case for Trump, award-winning historian and political commentator Victor Davis Hanson explains how a celebrity businessman with no political or military experience triumphed over sixteen well-qualified Republican rivals, a Democrat with a quarter-billion-dollar war chest, and a hostile media and Washington establishment to become an extremely successful president. Trump alone saw a political opportunity in defending the working people of America's interior whom the coastal elite of both parties had come to scorn, Hanson argues. And Trump alone had the instincts and energy to pursue this opening to victory, dismantle a corrupt old order, and bring long-overdue policy changes at home and abroad. After decades of drift, America needed the outsider Trump to do what normal politicians would not and

could not do. Now updated for the 2024 election with a comprehensive new introduction, this is the essential book on what Donald Trump means for America.

*Far-Right Political Parties in Australia* Jordan McSwiney,2024-02-13 This book examines how Australian far-right parties organise and operate to better understand their limited electoral success. Australian far-right parties have yet to see results comparable to far-right parties in other contexts. Unlike many of their European counterparts that have made significant electoral gains up to and including participation in national governments, the Australian far-right parties of the 'fourth wave' have experienced relatively poor electoral results. But this does not necessarily mean that Australia is uniquely hostile to far-right politics. Focusing particularly on the 2019 Australian federal election, this book takes an organisational approach to better understand why Australian far-right parties struggle electorally. Through the novel lens of disorganised parties, the author argues that the failure to develop a functioning party organisation has resulted in Australian far-right parties being unable to effectively navigate their political environment. By focusing on disorganisation, this book provides a new perspective for understanding the limited electoral impact of the far right in Australia today, despite favourable conditions like normalised Islamophobia and growing dissatisfaction with mainstream parties. This book will be of interest to scholars and students of party politics, the far right, populism, and Australian politics.

*The First Hollywood Musicals* Edwin M.

Bradley,2004-08-25 As Hollywood entered the sound era, it was rightly determined that the same public fascinated by the novelty of the talkie would be dazzled by the spectacle of a song and dance film. In 1929 and 1930, film musicals became the industry's most lucrative genre--until the greedy studios almost killed the genre by glutting the market with too many films that looked and sounded like clones of each other. From the classy movies such as Sunnyside Up and Hallelujah! to failures such as The Lottery Bride and Howdy Broadway, this filmography details 171 early Hollywood musicals. Arranged by subgenre (backstagers, operettas, college films, and stage-derived musical comedies), the entries include studio, release date, cast and credits, running time, a complete song list, any recordings spawned by the film, Academy Award nominations and winners, and availability on video or laserdisc. These data are followed by a plot synopsis, including analysis of the film's place in the genre's history. Includes over 90 photographs.

To Catch a Predator Chris Hansen,2007-03-15 An urgently needed primer on how to protect kids from the increasing threat of online predators Over 40 million Americans have seen Dateline's ongoing popular series To Catch a Predator, which has caught over two hundred potential child predators. Here, Hansen shares the true stories of families who have been targeted by predators, revealing the tactics predators use to manipulate their victims and why even cautious families can be vulnerable to their attacks. He also offers suggestions from police officers, therapists, and child predators on the best approaches for preventing these crimes. Most critically, he provides parents with concrete steps they can take to protect their kids today, including how to initiate meaningful conversations with their children. To Catch a

Predator teaches parents and children what they need to know before the next predator strikes.

**Smokescreen** Chad T. Hanson, 2021-05-25  
Smokescreen cuts through years of misunderstanding and misdirection to make an impassioned, evidence-based argument for a new era of forest management for the sake of the planet and the human race. Natural fires are as essential as sun and rain in fire-adapted forests, but as humans encroach on wild spaces, fear, arrogance, and greed have shaped the way that people view these regenerative events and given rise to misinformation that threatens whole ecosystems as well as humanity's chances of overcoming the climate crisis. Scientist and activist Chad T. Hanson explains how natural alarm over wildfire has been marshaled to advance corporate and political agendas, notably those of the logging industry. He also shows that, in stark contrast to the fear-driven narrative around these events, contemporary research has demonstrated that forests in the United States, North America, and around the world have a significant deficit of fire. Forest fires, including the largest ones, can create extraordinarily important and rich wildlife habitats as long as they are not subjected to postfire logging. Smokescreen confronts the devastating cost of current policies and practices head-on and ultimately offers a hopeful vision and practical suggestions for the future -- one in which both communities and the climate are protected and fires are understood as a natural and necessary force.

**The Triple Agent** Joby Warrick, 2012-05-01

NATIONAL BESTSELLER • From the Pulitzer-Prize winning reporter, a stunning narrative account of the mysterious Jordanian who penetrated both the inner circle of al-Qaeda and the highest reaches of the CIA, with a devastating impact on the war on terror. Warwick is a brilliant reporter...A gripping true-life spy saga.—Los Angeles Times In December 2009, a group of the CIA's top terrorist hunters gathered at a secret base in Khost, Afghanistan, to greet a rising superspy: Humam Khalil al-Balawi, a Jordanian double-agent who infiltrated the upper ranks of al-Qaeda. For months, he had sent shocking revelations from inside the terrorist network and now promised to help the CIA assassinate Osama bin Laden's top deputy. Instead, as he stepped from his car, he detonated a thirty-pound bomb strapped to his chest, instantly killing seven CIA operatives, the agency's worst loss of life in decades. In *The Triple Agent*, Pulitzer Prize-winning reporter Joby Warrick takes us deep inside the CIA's secret war against al-Qaeda, a war that pits robotic planes and laser-guided missiles against a cunning enemy intent on unleashing carnage in American cities. Flitting precariously between the two sides was Balawi, a young man with extraordinary gifts who managed to win the confidence of hardened terrorists as well as veteran spymasters. With his breathtaking accounts from inside al-Qaeda's lair, Balawi appeared poised to become America's greatest double-agent in half a century—but he was not at all what he seemed. Combining the powerful momentum of *Black Hawk Down* with the institutional insight of Jane Mayer's *The Dark Side*, Warrick takes the readers on a harrowing journey from the slums of Amman to the inner chambers of the White House in an untold true story of miscalculation, deception, and revenge.
