Katy Perry Anne K. Brown, 2011-05-23 Katheryn Elizabeth Hudson, known professionally as Katy Perry, was born in Santa

Barbara, California, and was raised by Christian pastor parents. Perry grew up listening to only gospel music and sang in her local church as a child. After earning a GED, she began to pursue a career in pop music and signed a contract with Capitol Records in 2007. Since then, Katy Perry has become a wildly successful solo artist. She has sold over one hundred million albums and earned an estimated forty-one million dollars in 2016 alone, according to Forbes magazine. This fascinating volume provides readers with biographical information about singer Katy Perry and discusses her early life, budding career, and successful albums and concerts.

Katy Perry Jo Berry, 2011-03-31 Lifting the lid on the chart-topping, girl-kissing, trend-setting princess of pop In 2006, Katy Perry was on the brink of packing it all in and giving up - Hollywood had almost got the better of her. Two hit albums later and she practically owns the place. The gorgeous singer, best known for her flirty hit 'I Kissed a Girl', likes to flaunt her feminine side with inch-long eyelashes, maraschino-cherry lips, and playful retro outfits like polka-dotted hot pants and tube dresses, but Katy's path to fame was far bumpier than her glamtastic image lets on. Raised in Santa Barbara, California, she started her musical career in the church, her parents were both born-again Christian

pastors. Her first album, released in 2001, was Christian gospel and the rules for her early years were 'no pop, no snacks, no boys'. At 16 she dropped out of high school and made the move to L.A., and her life was forever changed. It took more than eight years of false starts, winning and losing three record contracts, before she scored the million-selling album *One of the Boys*. But once 'Ur So Gay' was declared by Madonna as her song of the year, 'I Kissed a Girl' ignited all that controversy, and Katy met her husband-to-be Russell Brand and so became one half of one of the most exciting and endearing Hollywood couples, Katy Perry was propelled to the top of the Hollywood A list. Jo Berry's insightful and honest biography reveals the incredible story of the life and loves of the artist and performer Katy Perry.

Celebrity Biographies - The Amazing Life Of Katy Perry and Miley Cyrus - Famous Stars Matt Green, Ever wondered how Katy Perry and Miley Cyrus rose to stardom? Before she became the new queen of female-empowering pop anthems, Katy Perry began her career as a struggling singer-songwriter in the competitive world of the Hollywood music industry. A quick career reinvention transformed Katy Hudson into Katy Perry and launched a methodical and thorough domination of the music charts. As an

outspoken and ostentatious pop sensation, Katy Perry swooped in to take the music industry by storm, setting sales and radio performance records with her upbeat and soaring pop choruses. Though she has barely reached adulthood, Miley Cyrus has grown up in the media spotlight. The child star of a country music legend has been performing for her entire life, but her recent career transformation is what makes the young artist so fascinating. First famous for becoming a Disney starlet, the actress chose to desert her pristine and family-friendly image for a racier and more controversial public profile. For more interesting facts you must read the biographies. Grab your biography books now!

Katy Perry Alice Montgomery,2011-09-15 The fascinating account of a girl-next-door turned pop princess Ever since the international chart-topping hit, I Kissed a Girl, Katy Perry hasn't stopped making headlines. From reaching number one in charts worldwide to selling out concerts around the globe, her phenomenal success has propelled her to the A-list. But it didn't always seem like she was destined for stardom. Brought up in a deeply religious community, Katy was allowed to listen only to church music. However, with her astounding musical gift, along with plenty of willpower, Katy was determined to follow her dream.

Her rise to the top was cemented in 2010, when after a flurry of media gossip, she married the most controversial figure on British TV - Russell Brand. Bestselling biographer Alice Montgomery traces Katy's steps to stardom from her choir girl beginnings to her breakthrough in the music business and her secret wedding ceremony in India, to reveal the intimate story behind the most exciting and unpredictable pop star around.

Katy Perry Elise O.,2012-03-02 This book is part of Hyperink's best little books series. This best little book is 3,900+ words of fast, entertaining information on a highly demanded topic. ABOUT THE BOOK She's quirky, she's talented, she's Katy Perry! Katy Perry has dominated the pop music scene since 2008 with hit after hit from her albums, *One of the Boys* (2008) and *Teenage Dream* (2010). Katy Perry had the third highest grossing tour and was the most played artist on the radio for 2011. With her glowing white skin, dark wavy hair and bright blue eyes, it's no wonder that the world has fallen under this musical Snow White's spell. Katy Perry hasn't always been riding high on the waves of success. In fact, she was dropped multiple times by record labels before finally

finding the perfect match. Unlike some pop acts, Perry is not content to be a cog in someone else's machine. Katy is actively involved in the artistic process of her music and shows, from songwriting to conceptualizing her worldwide tours. EXCERPT FROM THE BOOK By the time Katy was fifteen years old, she had caught the attention of people in Nashville, Tennessee. Interested labels flew her out to Nashville to develop her songwriting skills. Perry eventually signed with a Christian music label, Red Hill. At the age of seventeen, in 2001, Perry released her first album, a collection of gospel songs titled Katy Hudson. The album was ultimately unsuccessful, and Katy was dropped from the Red Hill label. Looking back at that time in her life, Perry says that she says she is a different person now than she was then. As Katy has seen more of the world, her ideas are not as church-driven as they were in the past. In her interview with the Scotsman she says, When I started out in my gospel music my perspective then was a bit enclosed and very strict, and everything I had in my life at that time was very church-related. I didn't know there was another world that existed beyond that. Following her lackluster results in Nashville, Perry moved to Los Angeles. Katy's next venture in the music industry was at Island Records. When she arrived at the record

label she found her Christian background put her at a serious disadvantage. The executives at Island Records wanted to know who she wished to collaborate with, and were rather surprised when she did not know any secular artists. After working with famed songwriter-producer Glen Ballard, though, Katy quickly was schooled in the wide world of secular music. Perry cited Alanis Morissette as a particularly influential artist for her own music. Though she was supposed to release a record in 2005 with Island Records, the project was not completed and she was dropped from the label. Later some of the songs that Katie and Glen Ballard wrote together were picked up by singer Kelly Clarkson for her album *All I Ever Wanted...* Buy a copy to keep reading!

Katy Perry Lucas Diver, 2015 It may come as a surprise that with all the talent and personality, Katy Perry had quite the difficult time getting a record deal. Katy Perry Stephanie E. Dickinson, 2014-12-15 In 2008, Katy Perry  her way to singing stardom. Since then, she has become both a performing powerhouse and a business sensation. This is the story of how she achieved success both on and off the

stage.

Katy Perry Michael Heatley, 2015 When it comes to pop princesses, Katy Perry has set the standard for the current decade. In her first five years as a commercial recording artist she's won eight Grammy nominations and released a smash hit movie - not to mention a string of chart-topping singles and platinum albums - and is the only artist ever to have spent over 52 consecutive weeks in the Top 10 of the Hot 100. This was a reward for years of struggle when she couldn't afford her rent and was rejected by two major record labels after recording albums for them. Her troubled upbringing in a deeply religious family where pop music was banned, plus a failed marriage to British actor Russell Brand, also make her unique among pop females. Katy's pop videos have been hailed as works of art, taking the medium to new levels of humor and artfulness, and in 2012 she was hailed by music trade magazine Billboard as their Woman of the Year. She appeals to male and female fans from six to 60, changes her hair color and wardrobe at the drop of a hat, and is, as one critic put it, all five Spice Girls rolled into one. From Teenage Dream to California Gurl and beyond, the fact and speculation about Katy Perry's past, present, and future make for fascinating reading.
