No Shortcuts to the Top Ed Viesturs, David Roberts, 2007-11-27 NATIONAL BESTSELLER • This gripping and triumphant memoir from the author of *The Mountain* follows a living legend of extreme mountaineering as he makes his assault on history, one 8,000-meter summit at a time. "From the drama of the peaks, to the struggle of making a living as a professional climber, to the basic how-tos of life at 26,000 feet, *No Shortcuts to the Top* is fascinating reading."—Aron Ralston, author of *Between a Rock and a Hard Place* and subject of the film *127 Hours* For eighteen years Ed Viesturs pursued climbing's holy grail: to stand atop the world's fourteen 8,000-meter peaks, without the aid of bottled oxygen. But *No Shortcuts to the Top* is as much about the man who would become the first American to achieve that goal as it is about his stunning quest. As Viesturs recounts the stories of his most harrowing climbs, he reveals a man torn between the flat, safe world he and his loved ones share and the majestic and deadly places where only he can go. A preternaturally cautious climber who once turned back 300 feet from the top of Everest but who would not shrink from a peak (Annapurna) known to claim the life of one climber for every two who reached its summit, Viesturs lives by an unyielding motto, "Reaching the summit is optional. Getting down is mandatory." It is with this philosophy that he vividly describes fatal errors in judgment made by his fellow climbers as well as a few of his own close calls and gallant rescues. And, for the first time, he details his own

pivotal and heroic role in the 1996 Everest disaster made famous in Jon Krakauer's *Into Thin Air*. In addition to the raw excitement of Viesturs's odyssey, *No Shortcuts to the Top* is leavened with many funny moments revealing the camaraderie between climbers. It is more than the first full account of one of the staggering accomplishments of our time; it is a portrait of a brave and devoted family man and his beliefs that shaped this most perilous and magnificent pursuit.

There Are No Shortcuts Rafe Esquith, 2004-05-11 Year after year, Rafe Esquith’s fifth-grade students excel. They read passionately, far above their

grade level; tackle algebra; and stage Shakespeare so professionally that they often wow the great Shakespearean actor himself, Sir Ian McKellen. Yet Esquith teaches at an L.A. innercity school known as the Jungle, where few of his students speak English at home, and many are from poor or troubled families. What's his winning recipe? A diet of intensive learning mixed with a lot of kindness and fun. His kids attend class from 6:30 A.M. until well after 4:00 P.M., right through most of their vacations. They take field trips to Europe and Yosemite. They play rock and roll. Mediocrity has no place in their classroom. And the results follow them for life, as they go on to colleges such as Harvard, Princeton, and Stanford. Possessed by a fierce idealism, Esquith works even harder than his students. As an outspoken maverick of public education (his heroes include Huck Finn and Atticus Finch), he admits to significant mistakes and heated fights with administrators and colleagues. We all—teachers, parents, citizens—have much to learn from his candor and uncompromising vision.
