Torch Singing Stacy Linn Holman Jones, 2007 In this innovative book, Stacy Holman Jones presents torch singing as a much more complicated phenomenon than the familiar trope of a woman lamenting her victimhood. With an ethnographer's eye, she observes the bluesy torch singers, asking if they are possibly performing critiques of the very lyrics they are singing. From this perspective, we see the singer giving expression not only to desire but also to an incipient determination to resist and change. Holman Jones also reveals points of contact in the opposition between spectators and performers, emotion and intellect, and love and power. Instead of interpreting the expression of love as a woman's violent mistake – as willing deception and passive fate – Holman Jones allows us to hear an active search for hope.--BOOK JACKET.

Torch Song Trilogy Harvey Fierstein, 2018-09-25 A new edition of the classic drama portraying gay life in New York in the 1970s and 80s—winner of the Tony Award for Best Play, now back on Broadway in a revival hailed by The New York Times as “irresistibly compelling.” What begins as a chance encounter in a New York nightclub leads drag performer Arnold Beckoff on a hilarious yet touching pursuit of love, happiness, and a life he can be proud of. From a failed affair with a reluctant lover to a committed relationship with the promise of a stable family, Arnold’s struggle for acceptance meets its greatest resistance when he faces off against the person whose approval is most important to him: his mother. This edition contains for the first time ever both the original scripts for the three one-act plays (The International Stud, Fugue in a Nursery, and Widows and Children First!) as they were performed in the 1970s, as well as the revised script for the 2017 revival that condensed all three into Torch Song. It also includes a never-before-published introduction by Harvey Fierstein, as well as photographs from both the original production and the revival starring Michael Urie and Mercedes Ruehl and directed by Moisés Kaufman. Praise for Torch Song Trilogy “Harvey Fierstein has created characters so vivid and real that they linger in the mind, talking the night away, long after the lights have been turned out and everyone has left.”—Time “Gorgeously funny . . . a devastatingly comic play with just the right resonances.”—New York Post “Sassy, sweet, and moving.”—People

Torch Song Tango Choir Julie Sophia Paegle, 2010 These fine poems are connected by—and evoke—the music of lost homelands. Paegle, the daughter of immigrants from Argentina and Latvia, takes us through the tumult of displacement and migration with a strong sense for the folk songs and tango music of her youth. Against this musical backdrop, she invests the bandoneón, an accordion-like instrument brought to Argentina in the late nineteenth century, with a special significance. Her poetic account of the instrument yields this striking tribute, which testifies to the passion of the collection: “When mission music spilled, / five octaves went new-world wild.” The poems in the first section, torch songs, hover near a heartbreaking lyricism as they reckon with political histories, landscapes, and loss. As she writes in this section, there is truly “nothing in this life like being blind in Granada.” The sonnet crown that comprises the next section, tango liso, plots a history of cultural inheritance and renewal, weaving back and forth in time and spanning Argentina, Spain, and the United States. Here the reader encounters Eva Perón alongside Katharine of Aragon and Billie Holiday. The final section, choir, commemorates sites of pilgrimage in Latvia, West Germany, and Spain, among other places. In this extended contemplation of cathedral spaces, Paegle interrogates the boundary between the sacred and the secular, silence and song. What emerges from this diverse collection is a sensual and allusive space where music and memory coincide.

Elvis Costello, Joni Mitchell, and the Torch Song Tradition Larry David Smith, 2004-04-30 The torch song has long been a vehicle for expression—perhaps American song's most sheerly visceral one. Two artists in particular have built upon this tradition to express their own unique outlooks on their lives and the world around them. Joni Mitchell, Elvis Costello, and the Torch Song Tradition combines biographical material, artist commentary, critical interpretation, and selected exemplars of the writers' work to reveal the power of authorship and the creative drive necessary to negotiate an artistic vision in the complicated mechanisms of the commercial music industry. Author Larry David Smith, as in his *Bob Dylan, Bruce Springsteen, and American Song*, considers the complicated intersection of biography, creative philosophy, artistic imperative, and stylistic tendencies in the work of both Joni Mitchell and Elvis Costello—two songwriters with seemingly nothing in common, one famously confessional and one famously confrontational. Yet, as Smith shows so incisively, they are two personalities that prove fascinatingly complementary. Mitchell and Costello both yielded bodies of work that are cohesive, coherent, and rich in meaning. Both have made historic contributions to the singer-songwriter model, two rebellious responses to the creative and commercial compromises associated with their chosen field, and two distinct thematic responses to the torch song tradition. Smith examines these responses, offering a unique and invaluable exploration of the craft of two of the last century's most towering musical figures.

The Social Life of Books Abigail Williams,2017-06-27 “A lively survey...her research and insights make us conscious of how we, today, use books.”–John Sutherland, The New York Times Book Review Two centuries before the advent of radio, television, and motion pictures, books were a cherished form of popular entertainment and an integral component of domestic social life. In this fascinating and vivid history, Abigail Williams explores the ways in which shared reading shaped the lives and literary culture of the eighteenth century, offering new perspectives on how books have been used by their readers, and the part they have played in middle-class homes and families. Drawing on marginalia, letters and diaries, library catalogues, elocution manuals, subscription lists, and more, Williams offers fresh and fascinating insights into reading, performance, and the history of middle-class home life. “Williams’s charming pageant of anecdotes...conjures a world strikingly different from our own but surprisingly similar in many ways, a time when reading was on the rise and whole worlds sprang up around it.”–TheWashington Post

"Jews, Race and Popular Music " Jon Stratton,2017-07-05 Jon Stratton provides a pioneering work on Jews as a racialized group in the popular music of America, Britain and Australia during the twentieth and early twenty-first centuries. Rather than taking a narrative, historical approach the book consists of a number of case studies, looking at the American, British and Australian music industries. Stratton's primary motivation is to uncover how the racialized positioning of Jews, which was sometimes similar but often different in each of the societies under consideration, affected the kinds of music with which Jews have become involved. Stratton explores race as a cultural construction and continues discussions undertaken in Jewish Studies concerning the racialization of the Jews and the stereotyping of Jews in order to present an in-depth and critical understanding of Jews, race and popular music.
