*A Touch of Color* Sloane Kennedy,2018-05-28 When Nate signs up with a matchmaking app, the sparkly, colorful, always-fashionable florist is hoping to find the guy who will finally see him as more than just a one-night stand. In fact, he's hoping he'll find the one who wants the same things he does - white picket fence, kids, minivan, dog - and doesn't mind having them with a man others might think shines just a little too bright sometimes. Enter Harrison Garrison. The uptight lawyer is all wrong for Nate. He's rigid, distant, controlling, emotionally closed off, and content to live his life in black and white...with maybe a little gray thrown in here and there. But when a misunderstanding leads to an encounter that is all kinds of white-hot, Nate starts to think maybe the matchmaking app got it right after all. Until he finds out the real reason Harrison signed up for the app... Will Nate be the one to finally add a touch of color to the staid Harrison's life, or did the app completely miss the mark?

**Mastering Color Mixing with Watercolors** Isabelle Roelofs,Fabien Petillion,2021-04-01

## Learn to create any color from a basic palette of just 11 colors!

What if you could create any color you wanted, from a basic palette of just 11 colors? That is what the art of color mixing is all about. And once you master it, you will be able to create a broad range of all the colors you might need. Your options will be limited only by your imagination.

In this color mixing book, Isabelle Roelofs and Fabien Petillion first walk you step by step through the basics of watercolor pigments, paper, and color mixing techniques. Using just 11 colors, you'll learn to bring more variety to your primary colors, create basic colors (such as Payne's Gray and Van Dyke Brown), and create your own secondary colors. This approach works no matter what brand of paints you use, as each of the 11 colors is identified by its universal pigment color (such as PY154).

Once you're underway color mixing, you'll see how four artists interpret that basic palette to create thematic color palettes tailored to different subject matter, such as flowers, landscapes, portraits, and animals. Finally, you'll solidify your understanding of color mixing by analyzing five watercolor paintings to see how the color was achieved and how the painting was developed, layer by layer, to achieve the final result.
