Ride Free Willie G. Davidson, 2023-08 Willie G. Davidson likes to say that he was born with gasoline in his veins and a crayon in each hand. A designer at heart, Davidson combined his passions for art and motorcycles to extend a multi-generational unbroken thread from Harley-Davidson Motorcycle Company's birth in a wooden shed in the early twentieth century to today. The grandson of one of the company's founders and the son of one of its longtime presidents, Davidson created a series of iconic designs that defined Harley-Davidson "factory custom" bikes and cemented its standing as the premier motorcycle company in the world. Davidson was instrumental in saving the company from bankruptcy and then helping it explode into a global phenomenon. For more than five decades, Davidson was more than a namesake of the founders; he was the heart and soul of Harley-Davidson and a personal connection to millions of riders around the world who knew him simply as "Willie G." Throughout his life, Davidson has embodied a close-to-the-customer relationship by attending motorcycle rallies, rides, and races with his late wife, Nancy, the "First Lady of Motorcycling," and son and daughter Bill and Karen Davidson who recently joined their famous parents by being inducted into the Sturgis Motorcycle Hall of Fame and play key roles in the Motor Company today. In *Ride Free*, Davidson recounts design, his memories of family, relationships, and events that defined his extraordinary life and legacy of power, passion, and purpose. Davidson gives readers a behind-the-scenes look at the planning, design, and conception of legendary bikes that inspired millions of riders over the past half-century; stories of his unforgettable rides around the world; the people he encountered while navigating thousands of miles on the roads; and the legacy that he and his family have created which will carry on the most famous name in motorcycles.

Waiting for My Ride Willie Simon, 2015-10-02 Each day I wake to see the light of day. Be it a good day or a not-so-good day or a bad day, I realize it is the best day of my life, and I will rejoice in that day. I will not worry about yesterday or tomorrow. Yesterday will never come again, and tomorrow will be twenty hours, fifty-nine minutes, and fifty-nine seconds away. The closest I will ever get to tomorrow is twenty three hours, fifty-nine minutes, and fifty-nine seconds. With life, all things are possible. If I have life, I must LIVE.

Yikes, You Can See My Underpants! Francis Treate Hogg, 2011-10-24 There was nothing special about Frank. He thought he was an ordinary guy, living an ordinary life until one day he discovered that wasn't true. This book relates some of his early adventures and stories that show just how unordinary Frank is. From the nonchalant kid's habit of hopping trains to get to the park, through losing his virginity in a most hilarious way, to almost dealing drugs in his beatnik year. Frank has led a most extraordinary life. A very pleasant, humorous, insightful and thoroughly enjoyable read.

The Great Wall of Popat Melisa Mel, 2013-07-31 At a time when most women my age are planning for retirement and maybe taking up hobbies that are a little less aggressive, I decided to go into law enforcement. Okay . . . so doing what is expected of me is not my pattern of life. I enjoy adventures and the more impossible that they seem, the harder I will tackle them. Basically, it boiled down to the fact that years before, I had missed my window of opportunity to join the military. I had been a military brat and so joining the service would have been my wish but I had been a young mother and had to start work at a young age. I would never change the life I had with my four wonderful children. However now I was 42 years old and they were all grown up. I had just found out, through a turn of events, that there was no age limit for joining the police department. As long as one could keep up with the physical and academic requirements, then they were welcome to join. Additionally, I had felt that I was living on borrowed time since I was 15 years old when I came as close to facing the vulnerability of being human as one

can do without passing over to the non-living side. Soon after surviving, I had to face my own decision of moving on or finishing myself off. I made a choice and it was to live and to be happy. I wanted my days to count. I wanted to serve others who had gone through similar experiences. I wanted to lead a life with my head up. At the time that I applied for the academy, I was a special education teacher working with young adults who had aggressive and severe disabilities. I was running an after school Gay, Straight Alliance diversity club and was a mentor to many students. I had devoted all my life to children and youth. I had been a troubled child for a variety of reasons. I knew the pains that could come with childhood many pains to which children should never have to be exposed. I had always felt that I had to give back and try to be there for kids and others who could not speak up for themselves. Doing this was a priority to me. In addition to my full time teaching job with my school district, I was volunteering in a couple of capacities with the local Police department. I had first become a Victim Services Volunteer with them. Victim Services Volunteers are called at any time of day or night to go out and provide assistance to those who have been p a g e | 14 M e l i s a M e l victimized in some way. I never knew to what kind of call I would be going. It could be anything from a family member who had woken up to find their loved one had died during the night, a parent whose young adult child had overdosed on drugs, or a family whose home had burnt down. Regardless of the situation, the victim or victims needed support and resources. As a supplement to our 32 hour training, it was suggested that we do ride-alongs. I had never heard of a ride-along. A ride-along is literally when you ride along with an officer to get a taste of what it is like to be out on patrol. You have to sign a waiver indicating that you understand that there is a certain amount of danger involved but that you do not hold the police department responsible. For a mix of reasons, I was rather nervous about riding along in a police car with an officer. What made me most uncomfortable was the thought that I would have to sit in close proximity with a stranger. I did not even know if we could talk as I did not know if it was allowed. I feared it might distract the officers from their duties. Ever so much into training and wanting to learn all that I could about my new position, I scheduled a ride-along. I figured that just like with everything else in life, I would get the hang of it once I was there. I am very straightforward and like things to be clearly understood. I would have no problem simply asking the officer what was and was not ok. The officer with whom I was assigned to ride-along with was Officer Gabriel. I started out our ride-a

This Is the Story of My Life Ernst O. Krause, 2015-05-01 For many people, stories of life behind the Iron Curtain during the Cold War may now appear as strange curiosities amid the Internet age. Equally for many, though, those “strange curiosities” were harsh, only too real realities of a mode of existence whose daily concern is how to survive yet another day. Ernst O. Krause’s life is one such story. Amid the turmoil of German defeat in World War II and the division of the country into communist and democratic zones of influence, Ernst Krause depicts how the resulting division has affected lives throughout the nation, vividly recounting the loss of social status, modes of living, and the general tragedy among the populace, along with the political apathy that met it across the western zone. Surrounded by the often grim upheavals in his country, Ernst trudges on with his passion to make a life for himself, at the same time chronicling his deep observations for posterity in this, his story. Always, Krause endeavors to follow the advice of his Prussian grandfather: “When you are asked to perform a task, execute

it the best way possible. Be doubly careful when no one is watching, because that is the time when most people get sloppy."

Walk Good Roland Thomas Reimer, 2002 'Walk Good' is an adventure travel story chronicling the experiences of the author in Negril, Jamaica. It's an escape to the sunny beaches, the seas and the mountain back roads of the island. The culture of the island, including the food, the music, a smattering of history and the character of the people form the backdrop of the story. Walk Good, a Jamaican colloquialism, means 'have a safe and comfortable trip'. Come on along!

The Bootleg Guide Garry Freeman, 2003 The Bootleg Guide is the ultimate in reference works for the 1960s and the 1970s bootleg recordings. Within these pages lies a history of rock at its best, as performed on stage or in the studio. Each entry is catalogued by title, date, featured tracks, and contains a quality rating and comments on the nature and origin of the recording. Cross-references are provided to other titles and extensive information is available on alternate titles of bootlegs. In many cases, quirky facts about a particular title are given—something that in itself may make a title a highly desirable and sought-after 'rarity' amongst collectors. Limited editions are listed to help the reader and collector develop a clearer picture of just how obtainable a bootleg may be. Bootlegs are unofficial 'live' and studio recordings of artists and bands that are released onto vinyl, tape or CD. By definition, most are so rare that they change hands only for vastly inflated sums or are traded by networks of dedicated collectors worldwide. Serious fans and collectors have been known to spend as much as \$225 for an original, scratchy vinyl recording of bands like Deep Purple and the Grateful Dead dating back to the early seventies. The rarest of all are akin to valuable paintings as far as collectors and traders are concerned.

A Life Without Limits Chrissie Wellington, 2012-05-15 In 2007, Chrissie Wellington shocked the triathlon world by winning the Ironman World Championships in Hawaii. As a newcomer to the sport and a complete unknown to the press, Chrissie's win shook up the sport. A LIFE WITHOUT LIMITS is the story of her rise to the top, a journey that has taken her around the world, from a childhood in England, to the mountains of Nepal, to the oceans of New Zealand, and the trails of Argentina, and first across the finish line. Behind the Dumpster David Cooke, 2013-04-11 Once upon a time I was just another normal every day kind of Dad. Besides being a typical Dad I was also an accomplished author, an inspirational speaker, and a trusted, successful business adviser. Every day I would engage groups of people - large and small - working with them to help them manage the challenges most organizations typically deal with - increasing revenues, developing leaders, and improving teamwork. One day I found out that my youngest son's life had taken a serious detour - he was in trouble with the law, homeless, and living on the street. The poison in his life was a heroin addiction that caused his life to completely spiral out of control. Because of this I completely interrupted every activity in my life to help my son deal with this adversity. I committed every ounce of physical and emotional energy to help my son get his life straightened out and back on track. Because of this commitment my life became very complicated and entangled with my son's addiction driven problems. The more he struggled with his addiction, the more it adversely affected every aspect of my life, including my business, my health, my personal relationships and my physical and emotional stability. Until I finally broke free and started riding my bicycle. And, I rode. I rode every single day, for one hundred consecutive days, at least one hour on every ride. While on these bike rides I discovered the clarity and the control I needed most at that time. The meditative experiences of these bikes rides completely transformed my life and provided me with powerful insights for dealing with life's adversities, including the one that was causing me the most pain -- my son's addiction. *Behind the Dumpster* is a story of adversity, love, and the gift of clarity. It reveals the pain of my real life encounter with addiction and how I somehow managed to discover a gift that changed my life forever. *Behind the Dumpster* is honest, revealing, and inspiring. It is a story that hurts while bringing harsh reality to the painful experiences and lessons of addiction in the lives of those we love. It is also a celebration as I share the joy that comes with finding opportunity in the midst of life's worst experiences. It is my story. I am here to share it, hoping that you will find inspiration and guidance from it.
