Sri Lanka Philip Briggs,2023-03-10 The new seventh edition of Bradt's Sri Lanka remains the most detailed and comprehensive guidebook to this alluring island nation. Written by Philip Briggs, one of the world's most

experienced and highly regarded guidebook writers, this thoroughly updated guide provides detailed coverage of every aspect of this diverse and compact country, from idyllic tropical coastlines to mist-shrouded tea plantations and time-warped colonial homesteads. Alongside in-depth sections on all major beach resorts, archaeological sites, historic towns and national parks, it introduces adventurous travellers to intriguing lesser-known sites and emergent destinations inaccessible for decades prior to 2009, when the civil war ended. Beach holidays are a year-round attraction, while fantastic Buddhist-affiliated UNESCO World Heritage Sites range from the massive dagobas of Anuradhapura, built in pre-Christian times on a scale rivalling Egyptian pyramids, to Dambulla's exquisitely painted cave temples. Wildlife-viewing opportunities abound, and this guide provides unparalleled, illustrated advice on making the most of these. Asia's densest elephant and leopard populations thrive in an extensive network of national parks, complemented by fine whale and dolphin-watching, and 450 bird species including 30 occurring in no other country. Extensive hotel and restaurant listings, covering everything from exclusive boutique hotels to shoestring homestays, have been cherry-picked based on the author's personal inspection of hundreds of properties countrywide. Sri Lanka's increasingly renowned cuisine features strongly, as does its growing focus on wellness tourism including Ayurveda therapies. This guidebook differs further from competitors by catering for truly independent travellers, providing 70-plus visitor-focused maps covering all major towns and resorts, clear directions for public transport, and off-the-beaten-track information. Following a tourist boom in the south, and the gradual opening of the north and east to independent travel, tourism jumped 15% in the two years to 2018. Following COVID-19 and a 2019 terrorism incident, Sri Lankan tourism is again welcoming visitors, with infrastructure benefitting from recent investment in trains, which provide comfortable, efficient and inexpensive public transport. Whether you're into wildlife, culture, beaches or cuisine — and whether you seek luxury or budget travel — Bradt's Sri Lanka will address your every need for an enjoyable visit to this bewitching and varied country.

  Digital Public Administration and E-Government in Developing Nations: Policy and Practice Halpin, Edward Francis,2013-03-31 In recent years, it has become apparent that there are very distinct gaps between developed and developing regions in the world, especially in regards to e-government systems, infrastructures, and processes. Digital Public Administration and E-Government in Developing Nations: Policy and Practice examines e-government from the perspective of developing nations and addresses issues and concerns of developing systems and processes. This publication is a valuable and insightful tool for researchers, practitioners, policymakers, and students in different fields who are interested in information systems, public policies, politics, and media and communication studies.

  Justice at Guantanamo Kristine Huskey,2009-06-02 As a professional model and dancer in 1990, Kristine Huskey would never have guessed that by 2006 she'd be one of America's top human rights experts—and attorney for the world's most controversial prisoners. Then again, her life had always had its unexpected turns. In Justice at Guantanamo, Huskey tells the fascinating story of how she went from a childhood in Alaska to a civil war in

Africa, the glitter (and grunge) of life in the Big Apple, backpacking overseas, and, finally, her true calling—law. Huskey was one of the first female lawyers to represent detainees of the Guantanamo Bay detention camp—including those in two cases that yielded a landmark Supreme Court decision allowing them to challenge their status in federal courts. Justice at Guantanamo delves into Huskey's visits to the camp's secretive, all-male world.

Arts and Culture in Global Development Practice Cindy Maguire,Ann Holt,2022-03-30 This book explores the role that arts and culture can play in supporting global international development. The book argues that arts and culture are fundamental to human development and can bring considerable positive results for helping to empower communities and provide new ways of looking at social transformation. Whilst most literature addresses culture in abstract terms, this book focuses on practice-based, collective, community-focused, sustainability-minded, and capacity-building examples of arts and development. The book draws on case studies from around the world, investigating the different ways practitioners are imagining or defining the role of arts and culture in Belize, Canada, China, Ethiopia, Guatemala, India, Kosovo, Malawi, Mexico, Peru, South Africa, Sri Lanka, Taiwan, Thailand, the USA, and Western Sahara refugee camps in Algeria. The book highlights the importance of situated practice, asking what questions or concerns practitioners have and inviting a dialogic sharing of resources and possibilities across different contexts. Seeking to highlight practices and conversations outside normative frameworks of understanding, this book will be a breath of fresh air to practitioners, policy makers, students, and researchers from across the fields of global development, social work, art therapy, and visual and performing arts education.

Connecting South Asia and Southeast Asia ADBI,2016-03-08 This report analyzes how closer regional connectivity and economic integration between South Asia and Southeast Asia can benefit both regions, with a focus on the role played by infrastructure and public policies in facilitating this process. It examines major developments in South Asian–Southeast Asian trade and investment, economic cooperation, the role of economic corridors, and regional cooperation initiatives. In particular, it identifies significant opportunities for strengthening these integration efforts as a result of the recent opening up of Myanmar in political, economic, and financial terms. This is particularly the case for land-based transportation—highways and railroads—and energy trading. The report's focus is on connectivity in a broad sense, covering both hardware and software, including investment in infrastructure, energy trading, trade facilitation, investment financing, and support for national and regional policies.
