Night Trains Andrew Martin,2017-02-09 Night trains have long fascinated us with the possibilities of their private sleeping compartments, gilded dining cars, champagne bars and wealthy travellers. Authors from Agatha Christie to Graham Greene have used night trains to tell tales of romance, intrigue and decadence against a rolling background of dramatic landscapes. The reality could often be as thrilling: early British travellers on the Orient Express were advised to carry a revolver (as well as a teapot). In Night Trains, Andrew Martin attempts to relive the golden age of the great European sleeper trains by using their modern-day equivalents. This is no simple matter. The night trains have fallen on hard times, and the services are disappearing one by one. But if the Orient Express experience can only be recreated by taking three separate sleepers, the intriguing characters and exotic atmospheres have survived. Whether the backdrop is 3am at a Turkish customs post, the sun rising over the Riviera, or the constant twilight of a Norwegian summer night, Martin rediscovers the pleasures of a continent connected by rail. By tracing the history of the sleeper trains, he reveals much of the recent history of Europe itself. The original sleepers helped break down national barriers and unify the continent. Martin uncovers modern instances of European unity - and otherwise - as he traverses the continent during 'interesting times', with Brexit looming. Against this tumultuous backdrop, he experiences his own smaller dramas, as he fails to find crucial connecting stations, ponders the mystery of the compartment dog, and becomes embroiled in his very own night train whodunit.

The Mountains of Romania Janneke Klop,2020-02-15 This guide describes 27 short treks of 2-6 days and 10 day walks in the mountains of Romania. Although there is a slight focus on Transylvania, most of the main massifs are included, with chapters covering the Mountains of Maramures, the Eastern Carpathians, the mountains around Brasov, the Fagara?, the region between the Olt and the Jiu, the Retezat, the mountains of Banat and the Apuseni. Also included is an ascent of Moldoveanu, Romania's highest peak at 2544m. There is a wealth of advice to help you plan your trip and organise the logistics of your walk or trek. Some routes avail of the network of mountain huts; others offer opportunities to camp in attractive wild locations. Overviews and a route summary table make it easy to choose an appropriate excursion. Each route includes clear description and mapping, as well as notes on accommodation and access (some can be accessed by public transport, although others require either pre-arranged pick-up or hitchhiking). There are fascinating insights into Romania's colourful culture and history and appendices containing hut listings, useful contacts and a helpful glossary. The graded routes are as varied as Romania's diverse landscapes. They take in rolling hills, craggy karst peaks, glacial lakes and Europe's last virgin forests, with other highlights including Transylvanian castles, wooden churches, the Piatra Craiului ridge and the spectacular Sapte Scari (Seven Ladders) and Turda Gorges. Historic towns such as the medieval towns of Brasov and Sibiu and the spa resort of Vatra Dornei offer easy access to the mountains; other routes visit remote villages that have changed little over the centuries, where self-sufficiency is still very much the way of life. All in all, the guide is a perfect companion to discovering the unspoilt beauty of Romania's enchanting mountain regions.
