The Dramatic Works of J. S. K. With a Memoir by R. Shelton Mackenzie James Sheridan KNOWLES,1838

Fury's Kiss Nicola R. White,2015-08-01 Tara Walker dreams of more excitement than slinging plates of seafood for Cape Cod tourists, but as she learns when she is attacked and forced to fight for her life, fate sometimes has a funny way of giving you exactly what you wish for. Faced with strange new powers and embroiled in a murder investigation, Tara must now race to uncover the secrets of the ancient Fury that has woken inside of her – and of the evil that stalks her. As if Tara’s life hasn’t gotten complicated enough, she is forced to ally herself with Jackson Byrne, witness to her assault and uncle to a pint-sized oracle whose fate is intertwined with hers. Skeptical, stubborn, and oh-so-sexy, Jackson wrestles with demons of his own. He is determined to ignore the attraction rising between them even faster than the body count, but like it or not, he and Tara need each other if they are to unravel the mysteries that surround them.

Self Hypnosis Tame Your Inner Dragons Noel Eastwood,2016-09-17 Psychotherapist, Noel Eastwood, takes you on an inner journey of self-discovery and healing. He draws upon numerous case studies to demonstrate how ordinary people can overcome limiting beliefs and traumatic experiences using self-hypnosis. The author illustrates how to use exercises from NLP, Inner Child, Gestalt therapy, Arnold Mindell's process therapy, Jungian psychotherapy and traditional Taoist meditation techniques. Journey into your deep unconscious using simple self-hypnosis techniques to uncover the dragons feeding on your sadness, loneliness, anxiety, anger, and fear. Learn how to tame your dragons and release yourself from limiting beliefs. Embedded in this book are a multitude of simple tools and techniques of self-hypnosis that can change your life, develop undiscovered talents and allow you to live fearlessly. The author's message is that we are empowered by choice and never limited by fate. The book is loaded with a wealth of true stories from elite athletes, age regression, past lives, children's problems, imagery and remote viewing, working with archetypes, stress reduction and many spiritual and psychic growth exercises. Combining 30 years of experience with self-hypnosis, psychodynamic psychotherapy, guided imagery, and meditation - this book is fast becoming a classic in the field of mind control and spiritual growth. It includes chapters for elite sports, martial arts, guided imagery for your child's nightmares, anxiety and weight loss scripts, how to heal your inner child of trauma, astral travel and how to develop your kundalini - to name just a few. Reviews An incredible book, utterly riveting, absolutely magical!” SP I really liked this book and thought it was a good read. If you are someone that meditates I'm sure you will also find it interesting. It's not that long and not very expensive so for me it's like, why not? I'm a big fan of self hypnosis as I used it to achieve a beautiful birth several years ago. Since then I have been kind of doing my own thing meditating but this book really helped me expand my mental exercises. It essentially gives a ton of different ways to explore your own psyche. I find it to be a very helpful guide to self hypnosis. The chapter on scary dreams tremendously helped me navigate this problem with my 5 year old daughter. Now each night before bed she gets so excited to go to her personal Fanstasyland, where we often deal with the things that are troubling her in a safe and self-empowered way. For this reason alone it was worth it to me.Also I'm a lifelong student of astrology and I loved his combination of these two worlds, astrological archetypes and deep meditation. Good stuff. AT This a fun book to read. Noel's writing style is informative and flows nicely. I have the Kindle version. Buy it you'll like it!! MK Digs deep into the issues of life, be it struggles or challenges. noel not only explains the roots of inner dragons, but also describes how to identify them. Living with Dragons is an insightful and practical look at the negative thoughts and emotions that can impede our lives on a daily basis. This book will not only help you shed light on things you may have tried to hide, but it will also guide you towards practical steps to slay your Dragons. No matter what negativity fills your inner World, Living with Dragons will help you move towards it, face it head on, and squash it. C This work is a vital and necessary tool for anyone wishing to understand and confront their 'inner demons'...or 'dragons' as Noel so aptly names them. His prodigious experience as a clinical psychologist is clearly apparent here, yet it is not couched in confusing medical terminology but instead with mythologies we all know, and instructions on 'how to' that are so very easy to read and to understand. In fact he makes it hard not to want to attempt this journey inward, and to meet those inner dragons that we all have somewhere within. Herein he gives invaluable directions on ways in which to make this inward journey via trance and self-hypnosis methods, both safely and productively. The examples he gives are not only fascinating but intensely engaging in every way. This work is inspiring, exciting and riveting, and I strongly recommend it. S

Fury in Trance Ahamed Ali Khan,2016-06-09 During a strange spiritual rite for those seeking enlightenment, Leevon loses sight of his pregnant wife. The rite becomes chaotic. People pour into the small space of worship, and insanity ensues. Eventually, amidst the anarchy, Leevon finds his wife. Although she is dead, she has given birth to a childa child who weeps in the darkness of a new world. The loss of his wife catapults Leevon into a mysterious state of fury. His eyes turn red, and he actually injures his own offspring. His strange behavior lands him in a mental institution, where he cries out to God for answers. Good and bad guards surround him, aware of his strange behavioral changes and become good at keeping their distance. However, as Leevon slips in and out of madness, it seems he is pulling the guards into whatever is happening to his mind. The world becomes confusing, dark, and frightening, and Leevon yearns for his lost child. Meanwhile, his captors yearn for the anecdote to his illness, which seems to creep around them like an air-born disease. Guided by the Light Philip Solomon,2011-06-21 Described by Professor Hans Holzer, a leading authority in America on the paranormal, as the greatest medium of our time, Philip Solomon shares his amazing story, from his childhood psychic experiences of been born into a mediumistically gifted family with show business connections, through his many strands of spiritual and psychical development, to the finely honed, highly attuned state of awareness he has achieved. For those of you who think that mediumship is merely passing on messages from beyond the grave to members of a Spiritualist church or theatre audience, then your eyes are about to be opened, as this book covers predictions, meditation, hypnotism, sports psychology, guides and angels, ghosts and the paranormal, healing, astrology, leylines and UFOs, with an emphasis on the innate ability in each and every one of us to develop psychic awareness. With a fitting foreword by respected fellow-medium, Derek Acorah, this book will definitely challenge your perceptions and broaden your outlook on life, both on the earth plane and in the spirit world beyond. In this and his many previous books, Philip Solomon's intentions and convictions are clear. He has been chosen by Spirit to walk a sometimes difficult pathway on a mission to prove beyond doubt the existence of life after death and other-worldliness and to assure those that have lost loved ones that death is not the end.

The Guardian A.L. Hawke,2022-12-05 Medusa vacays on the Italian Riviera to stop her best friend from destroying the world. I’m staying off the coast on the Italian Riviera in Portofino. Have you ever been? It’s this gorgeous bay surrounded by rectangular red and yellow pastel buildings with swanky shops, restaurants and gorge trails. Well, I don’t want to be here. And I really didn’t want my lover to join me. See, I came to protect my friend. The ancient Greek gods of Olympus claim Arachne holds the Scepter of Azure. The Scepter is a weapon that can freeze an entire city. Well, I don’t really care about the Scepter, I care about my friend. Of course, Arachne can hold her own. Don’t ever underestimate animals like spiders—or snakes, like me, for that matter. The Guardian is a short story. Medusa returns from My Evil Eye in this vacation urban fantasy novella. Although The Guardian is chronologically Book II in the Furies series, this book is a distinctive stand-alone that was written to be enjoyed without having read the first novel, My Evil Eye. Content Warning: The Guardian contains a sample from My Evil Eye. There are sexual scenes, including one with violence that might be triggering to some readers. Expect profanity, violence, and adult situations.

My Evil Eye A.L. Hawke,2022-10-17 Don’t look at me. Just don’t. My name’s Gorgiana. For decades, I’ve lived a happy, simple life, shelving books at Sunland University’s library in Florida. But my peace ended when I witnessed an assault, bringing back horrors from my past. Or course, I took care of him. His body’s no longer whole. But that revealed my location. I asked for help from my best friend, Cora, the goddess Persephone, and everything turned out just peachy. More than peachy. I met this real hot guy named Ash that same night. Later he took me out to a nightclub by the beach—next, a movie. All was well, until some thug stuck a gun in my boyfriend’s back. But I took care of him. He’s in pieces now too. But it all puts Medusa in a heap of trouble. See, my name’s Medusa. Yeah, I’m that monster with the snakes in my hair. I warned you not to look. Content warning: My Evil Eye is a paranormal romantic urban fantasy about a Greek mythical monster living in the twenty-first century. There are sexual scenes, including one with violence that might be triggering to some readers. Expect profanity, violence, and adult situations.

The Blood Princess Willow Sears,2022-04 If her Viking family are to escape annihilation, Sassa must venture through ice-wastes haunted by ravening tribesmen and blood-famished revenants, just to fulfil her arranged marriage to the depraved prince they call The Werewolf. And she must arrive chaste. But the sleep demons are out there, armed with all their powers to lure and seduce. Legend knows these demons feed off your soul. They come in your dreams; they draw out your darkest desires and make them come true. There never can be any escaping them. Sassa yearns for a warrior-life: the fighting, the feasting, and the carnal pleasures she’s denied being a princess who must remain pure for marriage. And now she’s off the leash, how can she fight off the seductions and ravishments? The warrior Aleks arrives as an unlikely ally. He needs her alive and free of the sleep demons. But he wants her too, for they share one of her deepest yearnings: to see her over his knee and her bare behind roasted by his open palm. The question remains: is he after her heart, her body, or her blood?

She-Wolf K L Jones,2019-08-29 The first thing you should know about me is that I am dead ... Death. It comes to us all, even to you, one day. When death slips its hand around your tired hand, you will welcome the cold touch, I promise you. It is the leveller, the constant ... the one thing none of us can avoid. The rich, the poor, the gifted and the lame; we are all alike in death. Death is equal. Death is pure. Three tales wind through She-Wolf, each following the path of a different character. Ryder De Winter, the illegitimate son of Rafael De Winter, born with too much to prove. Tabitha Larch, a child forced into marriage with the cold and callous chieftain, Ares Wolfsnare, her innocence sacrificed to unify the two most powerful elven tribes on the Isle. And the She-Wolf, whose tale is as strange as she is ... Three strands, seemingly unconnected, finally join together to become one, in this, the seventh book in the Isle of Dreams series.

Blues for Cannibals Charles Bowden,2018-09-19 Cultivated from the fierce ideas seeded in Blood Orchid, Blues for Cannibals is an elegiac reflection on death, pain, and a wavering confidence in humanity’s own abilities for self-preservation. After years of reporting on border violence, sex crimes, and the devastation of the land, Bowden struggles to make sense of the many ways in which we destroy ourselves and whether there is any way to survive. Here he confronts a murderer facing execution, sex offenders of the most heinous crimes, a suicidal artist, a prisoner obsessed with painting portraits of presidents, and other people and places that constitute our worst impulses and our worst truths. Painful, heartbreaking, and forewarning, Bowden at once tears us apart and yearns for us to find ourselves back together again.
