**Fruit of the Drunken Tree** Ingrid Rojas Contreras, 2019-06-04 "One of the most dazzling and devastating novels I've read in a long time...Readers of Fruit of the Drunken Tree will surely be transformed." --San Francisco Chronicle "Simultaneously propulsive and poetic, reminiscent of Isabel Allende...Listen to this new author's voice — she has something powerful to say." --Entertainment Weekly Seven-year-old Chula lives a carefree life in her gated community in Bogotá, but the threat of kidnappings, car bombs, and assassinations hover just outside her walls, where the godlike drug lord Pablo Escobar reigns, capturing the attention of the nation. When her mother hires Petrona, a live-in-maid from the city's guerrilla-occupied slum, Chula makes it her mission to understand Petrona's mysterious ways. Petrona is a young woman crumbling under the burden of providing for her family as the rip tide of first love pulls her in the opposite direction. As both girls' families scramble to maintain stability amidst the rapidly escalating conflict, Petrona and Chula find themselves entangled in a web of secrecy. Inspired by the author's own life, Fruit of the Drunken Tree is a powerful testament to the impossible choices women are often forced to make in the face of violence and the unexpected connections that can blossom out of desperation.

*Translate this Darkness* Claire Douglas, 2021-09-14 Christiana Morgan was an erotic muse who influenced twentieth-century psychology and inspired its male creators, including C. G. Jung, who saw in her the quintessential anima woman. Here Claire Douglas offers the first biography of this remarkable woman, exploring how Morgan yearned to express her genius yet sublimated it to spark not only Jung but also her own lover Henry A. Murray, a psychologist who with her help invented the thematic apperception test (TAT). Douglas recounts Morgan's own contributions to the study of emotions and feelings at the Harvard Psychological Clinic and vividly describes the analyst's turbulent life: her girlhood in a prominent Boston family; her difficult marriage; her intellectual awakening in postwar New York; her impassioned analysis with Jung, including her visions of a woman's heroic quest, many of which furthered his work on archetypes; her love affairs and experiences with sexual experimentation; her alcoholism; and, finally, her tragic death.

**On Self-Translation** Ilan Stavans, 2018-09-10 A fascinating collection of essays and conversations on the changing nature of language. From award-winning, internationally known scholar and translator Ilan Stavans comes *On Self-Translation*, a collection of essays and conversations on language in its multifaceted forms. Stavans discusses the way syntax is being restructured by texting and other technologies. He examines how the alphabet itself is being forgotten by the young, how finger snapping has taken on a new meaning, how the use of ellipses has lapsed, and how autocorrect is shaping the way we communicate. In an incisive meditation, he shows how translating one's own work reinvents oneself in another tongue. The volume includes tête-à-têtes with Pulitzer Prize-winner Richard Wilbur and short-fiction master Lydia Davis, as well as dialogues on silence, multilingualism, poetry, and the durability of the classics. Stavans's explorations cover Spanish, English, Hebrew, Yiddish, and the hybrid lexicon of Spanglish. He muses on the meaning of foreignness and on living and dying in different languages. Among his primary concerns are the role and history of dictionaries and the extent to which the authority of language academies is less a reality than a delusion. He concludes with renditions into Spanglish of portions of Hamlet, Don Quixote, and The Little Prince. The wide range of themes and engaging yet informed style confirm Stavans's status, in the words of the Washington Post, as "Latin America's liveliest and boldest critic and most innovative cultural enthusiast." "On Self-Translation is a beautiful and often profound work. Stavans, a superb stylist, offers erudite

meditations on translation, and gives us new ways to think about language itself. □ □ Jack Lynch, author of *The Lexicographer's Dilemma: The Evolution of 'Proper' English, from Shakespeare to South Park* □ Stavans carries his learning light, and has the gift of communicating the profoundest of insights in the simplest of ways. The book is delightfully free of unnecessary jargon and ponderous discourse, allowing the reader time and space for her own reflections without having to slow down in the reading of it. This is work born out of the deep confidence that complete and dedicated immersion in a chosen field of knowledge (and practice) can bring; it is further infused with original wisdom accrued from self-reflexive, lived experiences of multilinguality. □ □ Kavita Panjabi, Jadavpur University

Translating Truth (Foreword by J.I. Packer) C. John Collins, Wayne Grudem, Vern S. Poythress, Leland Ryken, Bruce Winter, 2005-11-08 Which translation do I choose? In an age when there is a wide choice of English Bible translations, the issues involved in Bible translating are steadily gaining interest. Consumers often wonder what separates one Bible version from another. The contributors to this book argue that there are significant differences between literal translations and the alternatives. The task of those who employ an essentially literal Bible translation philosophy is to produce a translation that remains faithful to the original languages, preserving as much of the original form and meaning as possible while still communicating effectively and clearly in the receptors' languages. *Translating Truth* advocates essentially literal Bible translation and in an attempt to foster an edifying dialogue concerning translation philosophy. It addresses what constitutes good translation, common myths about word-for-word translations, and the importance of preserving the authenticity of the Bible text. The essays in this book offer clear and enlightening insights into the foundational ideas of essentially literal Bible translation.

**How Does it Feel? Point of View in Translation** Charlotte Bosseaux, 2007-01-01 Narratology is concerned with the study of narratives; but surprisingly it does not usually distinguish between original and translated texts. This lack of distinction is regrettable. In recent years the visibility of translations and translators has become a widely discussed topic in Translation Studies; yet the issue of translating a novel's point of view has remained relatively unexplored. It seems crucial to ask how far a translator's choices affect the novel's point of view, and whether characters or narrators come across similarly in originals and translations. This book addresses exactly these questions. It proposes a method by which it becomes possible to investigate how the point of view of a work of fiction is created in an original and adapted in translation. It shows that there are potential problems involved in the translation of linguistic features that constitute point of view (deixis, modality, transitivity and free indirect discourse) and that this has an impact on the way works are translated. Traditionally, comparative analysis of originals and their translations have relied on manual examinations; this book demonstrates that corpus-based tools can greatly facilitate and sharpen the process of comparison. The method is demonstrated using Virginia Woolf's *To The Lighthouse* (1927) and *The Waves* (1931), and their French translations.

In Translation Esther Allen, Susan Bernofsky, 2013-05-28 The most comprehensive collection of perspectives on translation to date, this anthology features essays by some of the world's most skillful writers and translators, including Haruki Murakami, Alice Kaplan, Peter Cole, Eliot Weinberger, Forrest Gander, Clare Cavanagh, David Bellos, and José Manuel Prieto. Discussing the process and possibilities of their art, they cast translation as a fine balance between scholarly and creative expression. The volume provides students and professionals with much-needed guidance on technique and style, while affirming for all readers the cultural, political, and aesthetic relevance of translation. These essays focus on a diverse group of languages, including Japanese, Turkish, Arabic, and Hindi, as well as frequently encountered European languages, such as French, Spanish, Italian, German, Polish, and Russian. Contributors speak on craft, aesthetic choices, theoretical approaches, and the politics of global cultural exchange, touching on the concerns and challenges that currently affect translators working in an era of globalization. Responding to the growing popularity of translation programs, literature in translation, and the increasing need to cultivate versatile practitioners, this anthology serves as a definitive resource for those seeking a modern understanding of the craft.
