Men Under the Sea Edward Ellsberg, 2014-06-24

"Ellsberg's writings chronicled his experiences and attitudes on the topic of marine salvage in a manner which has no equal in naval literature." —War History Online
Commander Edward Ellsberg rose to fame after leading the harrowing effort to raise the sunken submarine S-51 just off Long Island. That is where he begins *Men Under the Sea*, his tribute to and history of the men who risk everything to plunge into the blackness of the deep sea. Ellsberg holds an expert's knowledge of deep-sea salvage, and that knowledge has put him repeatedly on the front lines of some of the world's worst wrecks. After the S-51, Ellsberg goes on to the heartrending tale of the sinking of the submarine S-4, which sank after a collision with forty sailors aboard. Commander Ellsberg races to the scene

through land, air, and sea to search for potential survivors trapped aboard the sunken sub. Ellsberg also regales readers with stories of some of the most famous underwater missions in history, such as men submerging deep to recover £5 million worth of gold from the wreck of the *Laurentic*, bringing vast treasures from the ocean bottom, and diving to rescue thirty-three survivors from the stricken submarine *Squalus*. Ellsberg's passion, experience, and natural narrative talent turn *Men Under the Sea* into an unforgettable voyage.

Adapted Games & Activities Pattie Rouse, 2004 Nothing sparks a child's or adolescent's interest like a new game! *Adapted Games & Activities: From Tag to Team Building* provides a wealth of games to get your students and participants moving and having fun, regardless of their cognitive or physical ability levels. By offering exciting activities that entice your students to participate, you'll not only help them reap the enormous physical benefits of exercise, but you'll also provide opportunities for them to learn to share, express feelings, set goals, and function independently. The activities in this book have been proven

to work in the real world of school and recreation settings. Author Pattie Rouse, an experienced adapted physical educator and recreation and sport leader, has designed and pilot-tested these games to enhance success while challenging participants to think and use their physical abilities. The games and activities range from low to high organization, from teacher directed to community based. You'll find the following in *Adapted Games & Activities*: - Teacher-directed games and activities provide you with a way to work on specific skills and movements with your students and participants--and have fun at the same time. - Success-oriented tag, chase, and dodge games use a nonthreatening, interactive approach to give participants a sense of belonging and self-confidence, regardless of their physical abilities. -Team-building and cooperative games and activities teach group dynamics, self-esteem, respect, and trust. -Higher-organization games are for those students and participants who need a greater challenge. - Lead-up sport and leisure activities help your students and participants work toward playing sports in a school or community setting by developing sport-specific skills and tactics. Except for the higher-organization games, all games are simple, with few rules, so they're easy for students to comprehend. And since little or no equipment is required, your prep time is kept to a minimum. Better yet, you'll find variations for each game, as well as modifications and teaching tips, so that you can easily tailor each game to your participants' cognitive and physical abilities. And all the activities emphasize cooperation and team building to encourage social interactions, develop self-esteem, and build community spirit. Participants who enjoy and feel successful in physical activities are more likely to want to participate in the future, both in and outside of your program. Using

Adapted Games & Activities will help you provide a foundation of success so that your students may experience a lifetime of physical fitness--and the sense of accomplishment that goes along with it.

Personal Salvation and Filial Piety, 2008-02-20 The Bodhisattva Avalokitesvara was a handsome prince when he entered China. As Guanyin, the bodhisattva was venerated from the eleventh century onward in the shape of a beautiful woman who became a universal savior. Throughout the last millennium, the female Guanyin has enjoyed wide and fervid veneration throughout East Asia and has appeared as a major character in literature and legend. In one tale, Guanyin (as the princess Miaoshan) returns from the dead after being executed by the king, her father, for refusing to marry. The most popular version of this legend is *The Precious Scroll of Incense Mountain* (Xiangshan baojuan), a long narrative in prose and verse and a work of considerable literary merit. It emphasizes the conflict between father and daughter, in the course of which all conventional arguments against a religious lifestyle are paraded and rebutted. A lengthy description of Guanyin's visit to the underworld, which focuses on the conflict between grace and justice, is also included. *Personal Salvation and Filial Piety* offers a complete and fully annotated translation of *The Precious Scroll*, based on a nineteenth-century edition. The translation is preceded by a substantial introduction that discusses the origin of the text and the genre to which it belongs and highlights the similarities and differences between the scroll and female saints' lives from medieval Europe. There follows a translation of the much-shorter *Precious Scroll of Good-in-Talent and Dragon Daughter*, which provides a humorous account of how Guanyin acquired the three acolytes—Sudhana, Nagakanya, and a white parrot—who

are often shown surrounding her in popular prints. As the first English-language translation of major precious scrolls, *Personal Salvation and Filial Piety* will appeal to a wide range of readers—from scholars of Chinese literature to students of Buddhism. Beyond the field of East Asian studies, it will interest specialists in comparative religion and literature and feminist theologians. Because of its lively and moving narratives, the text is suitable for courses on popular Buddhist religiosity (particularly female religiosity) in Chinese society.
