**Under the Golden Mists** S. G. Byrd,2023-02-07 “ Help me!” the girl' s voice sobs. It' s only a dream, Lacht tells herself. But what if it isn't? Under Wasso Lake live the Wassandra. The underwater people have abnormally long arms and fingers and aren' t to be trusted— at least that' s what Stalli guide, Crispin, tells Lacht and her family as he takes them to a village on the shores of the lake. Lacht is intrigued; especially when she hears the Wassandra want help to find a missing child. Then dreams of the frightened girl begin troubling her. When they arrive at the golden lake, Lacht thinks it' s the most beautiful place she' s ever seen— until a bizarre discovery terrifies her. “ Help me!” cries the Wassandra girl in one last dream, but can Lacht find the courage to face the horrifying creature she sees in that dream?

*The Tarth Series Boxed Set* S. G. Byrd,2023-05-02 The Brueggen Stones: When two brueggen stones are dropped Over Shagger' s dreary rock Gefcla' s evil will be stopped. Lynn' s life isn' t interesting, until she falls on a Chicago

sidewalk and sees yellow, orange, and green lights flitting past. The next time she opens her eyes, she's in a forest that has huge roots coming out of the ground. A man with tennis ball-sized eyes howls at her— and that's just the beginning. Chell and the other Stalli warriors are on a hopeless series of raids against a ruthless enemy who outnumbered them. Keshua has given them a foretelling rhyme, but they have no idea how to fulfill it, they feel deathly ill anywhere near a brueggen stone. Is Lynn the answer to saving them? And will she realize it in time to help? Under the Golden Mists: " Help me!" the girl's voice sobs. It's only a dream, Lacht tells herself. But what if it isn't? Under Wasso Lake live the Wassandra. The underwater people have abnormally long arms and fingers and aren't to be trusted— at least that's what Stalli guide, Crispin, tells Lacht and her family as he takes them to a village on the shores of the lake. Lacht is intrigued; especially when she hears the Wassandra want help to find a missing child. Then dreams of the frightened girl begin troubling her. When they arrive at the golden lake, Lacht thinks it's the most beautiful place she's ever seen— until a bizarre discovery terrifies her. " Help me!" cries the Wassandra girl in one last dream, but can Lacht find the courage to face the horrifying creature she sees in that dream? The Opal Cavern: Curl says she'd rather die than spend the rest of her life trapped under Wasso Lake. What if her wish is coming true? Nineteen-years-old and still longing to see new things, Curl plans an exploration trip with Lynn's sons, Mindik and Chera. Their goal is to find Tarth's legendary Opal Cavern. Lacht has recurrent, heavy feelings that her Wassandra friend shouldn't go, but nobody listens and the team leaves. Then Wave learns something from an old Wassandra diary that can mean life or death for Curl. A rescue team rushes off but they don't

know how long it will take to find her. They do know that if they don't find her soon, time will run out before they can get her back. The Stone Walkers: One of the boulders moved. Slowly, impossibly, it stood upright. A grating sound came from it, and the other boulder slowly moved upward. For a long time, the boulders stood next to each other, motionless. Finally, as if hearing a cue only they could hear, they moved forward out of the small chamber. The Stone Walkers were walking again.

### **Finding Your Style In Pastel** Jean Hirons, 2012-10-25

As artists, we have choices. There are very few rules that apply across the board. We can create highly realistic paintings, or perhaps more expressive paintings, or paintings that have very little basis in reality, including those that are totally non-representational. We can record color as we see it or as we'd like it to be. As pastel artists, we have even more choices. We can use a wide variety of pastels, strokes, surfaces, and techniques to create many different looks. The choices we make form the framework of our individual style, our signature as artists. Any subscriber to The Pastel Journal realizes how varied the medium of pastel can be. For the experienced artist, these articles are stimulating, offering possible ways to experiment with alternative approaches. For the beginner, the panoply of choices can be overwhelming. Painting is primarily an intuitive process. But intuition is gained through study and experience. Part of my impetus in writing this book has been to create a more structured approach to help those fairly new to the medium understand its many possibilities. The book is aimed at all levels of pastel artists. Beginners will find a wealth of helpful information and intermediate artists will gain insight into how to take their work to another level and develop a style. Many advanced artists teach pastel; the

organization of ideas and the exercises included should be of assistance. I offer a variety of suggested approaches and sometimes make up terminology to describe my experiences with the medium. The instructions in the book are based on my preferences and the guidance that I offer my students. The diversity of styles and techniques evident in the paintings of contributing artists should make it clear, however, that there are many ways to successfully work in pastel. Having acknowledged the many possibilities, I want to note a few musts. Representational paintings must be well-drawn. Poor drawing skills cannot be overcome with lovely color or great technique. Likewise, paintings must have strong compositions, regardless of whether they are realistic, abstracted, or non-representational. Values must be properly interpreted to produce strong compositions and to use pastel to its full effect. And finally, pastel paintings must sing! Whether the applications are light and airy, or rich and painterly, it should be clear that the artist is in control of the medium and is using it to produce his or her desired look. For years I have resisted suggestions that I write a book. As a landscape painter, I knew that there were more authoritative books already available. And the growing popularity of pastel has led to so many resources, including online blogs, a biennial convention, and the wonderful Pastel Journal, mentioned above. What could I add to this? My personal training in pastel has been from weeklong landscape workshops with some of the leading pastel painters in the country. As a teacher in a community college, I am not teaching a particular style nor focusing on specific subject matter. Some of my students work with the landscape, but others do portraits or figurative work, while others prefer still life, or work abstractly. In dealing with this mixture, I've realized that there are different ways to approach one's use of color, and this formed my first idea

for creating a book. Furthermore, as a teacher, I've spent time experimenting with different surfaces, pastel brands, and techniques in order to make suggestions to students to help them find the look they want to achieve. I do not teach students to paint the way I do, but instead, try to share my experience and help them develop their own individual style.

**My Vegetable Love** Carl H. Klaus, 2014-07-08 "Home gardeners, cooks and nature lovers will savor this delightful account" of a journey from first spring planting to final fall harvest (Publishers Weekly). *My Vegetable Love* is a daily record of a growing season in Iowa—but it's about much more than planting peppers, tending tomatoes, or harvesting eggplants. It's about all the things that influence this gardener: the weather, the neighborhood, his

wife's possibly recurring cancer, the changing nature of the academic community. It's about the last months of his twenty-year-old cat, about his dog, and about all the other humans and animals in his gardening world. And about his family: the aunts and uncles who cared for and fed a six-year-old orphan, and helped him understand that good food was a way of knowing that someone cared. In all the gardens he has tended, the dills he has pickled, and the dinners he has cooked, Carl H. Klaus has tried to carry on that tradition and pass it on to his own children—and in this “delectable” book, he shares it with us as well (Publishers Weekly). “Part Gilbert White, part Henry David Thoreau, this chronicle of an Iowa gardener's year has drawn from the heartland a calm, compassionate harvest.” —Roger B. Swain, host of PBS's Victory Garden  
 “Wholeheartedly celebrates friendship, love, pets, the elements of family, academia, cooking, eating—and of course, gardening . . . Bon appétit—and good reading.” —Smithsonian

*Modern Japanese Prints* Dorothy Blair, Toledo Museum of Art, 1997 This book reprints the 1930 and the 1936 exhibition catalogues based on archival copies in the Museum's Art [Toledo Museum of Art] Reference Library. The two paperbound catalogues were somewhat different in size; they have been photographically adjusted to a trim size of six by nine inches. A new title page has been added and this brief forward. A concordance of Toledo Museum accessions from these exhibitions and an index of artists' names, as transliterated in the original catalogues, have been added.—from Foreward

*All Cats Go to Heaven* Valda V. Upenieks, 2014-11-12 Minka has entered into the doors of Cat Heaven. When Minka the cat first arrives, she meets her angel buddy, Chloe. Chloe will be with her every day during the first

phase of Cat Heaven before ascending to Higher Cat Heaven. Chloe tells Minka that she can have any wish fulfilled that she thought was left unfinished on Earth, as a way of purging the past before ascending into Cat Heaven properly. Minka says all her needs were met on Earth. She was loved, had a wonderful home, and many friends. Only one wish pops into Minka's head: She wants to protect her cat friends from any harm. Chloe says such a wish has never been granted to an angel cat. One morning, Minka notices a young cat running quickly through the doors of Cat Heaven and recognizes him immediately. He is Willie, a close neighborhood friend. Minka tells him about her desire to fly down to Earth to protect their friends. She convinces Willie to join her in her wish. All Cats Go to Cat Heaven is a profound, touching story about issues facing many children, including friendship, being kind to others, keeping safe, and accepting diversity. Seen through a gentle cat's eyes, Cat heaven is a place where life is beautiful.
