Keeper of the Mountains Bernadette McDonald, 2012-10-15 Beginning in 1946, Elizabeth Hawley worked for Fortune magazine as a researcher. Shortly thereafter, she left both her job and the United States itself to travel the world, and thus began her lifelong attraction to the exotic and remote sovereign state of Nepal. In the years that followed, she began reporting on the political and cultural events taking place in her adopted homeland for the likes of Reuters and Time Inc., letting the world in on the strange community of mountaineers, pilgrims and politicians who were descending on Kathmandu, whether in search of adventure, enlightenment or prestige. Despite the fact that Elizabeth Hawley has never climbed a mountain or visited the hallowed grounds of Everest base camp, she has become the most important record keeper and inspirational authority figure regarding the expeditions, stories, feats, scandals and disasters in the Nepal Himalaya. Now 90 years of age, she has commanded the respect of such legendary personalities as Edmund Hillary, Reinhold Messner, Chris Bonington, Tomaž Humar and Ed Viesturs. With production under way on a film examining her life and legacy, it is likely that Hawley will continue to hold a special place in the hearts and minds of all visitors looking to experience the legend and grandeur of the world's most celebrated mountain landscape.

**Economics in One Lesson** Henry Hazlitt, 2010-08-11 With over a million copies sold, Economics in One Lesson is an essential guide to the basics of economic theory. A fundamental influence on modern libertarianism, Hazlitt defends capitalism and the free market from economic myths that persist to this day. Considered among the leading economic thinkers of the "Austrian School," which includes Carl Menger, Ludwig von Mises, Friedrich (F.A.) Hayek, and others, Henry Hazlitt (1894-1993), was a libertarian philosopher, an economist, and a journalist. He was the founding vice-president of the Foundation for Economic Education and an early editor of The Freeman magazine, an influential libertarian publication. Hazlitt wrote Economics in One Lesson, his seminal work, in 1946. Concise and instructive, it is also deceptively prescient and far-reaching in its efforts to dissemble economic fallacies that are so prevalent they have almost become a new orthodoxy. Economic commentators across the political spectrum have credited Hazlitt with foreseeing the collapse of the global economy which occurred more than 50 years after the initial publication of Economics in One Lesson. Hazlitt's focus on non-governmental solutions, strong – and strongly reasoned – anti-deficit position, and general emphasis on free markets, economic liberty of individuals, and the dangers of government intervention make Economics in One Lesson every bit as relevant and valuable today as it has been since publication.

**Encounters with the Archdruid** John McPhee, 1977-10-01 The narratives in this book are of journeys made in three wildernesses - on a coastal island, in a Western mountain range, and on the Colorado River in the Grand Canyon. The four men portrayed here have different relationships to their environment, and they encounter each other on mountain trails, in forests and rapids, sometimes with reserve, sometimes with friendliness, sometimes fighting hard across a philosophical divide.

Howard's Gift Eric Sinoway, Merrill Meadow, 2012-10-02 This work offers wonderful wisdom for navigating the inflection points in our lives. -- Mehmet Oz, MD An iconic teacher. A warm friend. A generous mentor. For more than 40 years, Howard Stevenson has been a towering figure at Harvard Business School: the man who literally defined entrepreneurship and taught thousands of the world's most successful professionals. Now - spurred by Stevenson's heart-stopping brush with death - his student, colleague, and dear friend Eric Sinoway shares the man's wisdom and inspiration. Through warm and engaging conversations, we hear Howard's timeless and practical lessons on pursuing both success and fulfillment, beginning with: - Create a vision of your own legacy through a process called business planning for life. - Be entrepreneurial in driving your career ahead (even if you're not an entrepreneur). - Exploit the inflection points in your life - whether friend, foe, or silent. - Cut risk in tough career and life decisions by shining the light of predictability on them. - Plan for the ripples, not just the splash from your actions and choices. Reading Howard's Gift is like having a wise, caring friend sit down and say, Let's figure all this out together. And the deeply personal perspectives from guest contributors - such as CNN correspondent Soledad O'Brien, Teach for America Founder Wendy Kopp, two-time Super Bowl Champion Carl Banks, and legendary MTV Founder Bob Pittman - reinforce the practical lessons in this clear-sighted book that will help readers define success in their own terms, and live a life with no regrets.

**Fobbit** David Abrams, 2012-09-04 An Iraq war comedy that "is everything that terrible conflict was not: beautifully planned and perfectly executed; funny and smart and lyrical; a triumph" (Darin Strauss, author of Half a Life). Fobbit 'fä-bit, noun. Definition: A US soldier stationed at a Forward Operating Base who avoids combat by remaining at the base, esp. during Operation Iraqi Freedom (2003–2011). Pejorative. In the satirical tradition of Catch-22 and M\*A\*S\*H, Fobbit, a New York Times Notable Book, takes us into the chaotic world of Baghdad's Forward Operating Base Triumph. The Forward Operating base, or FOB, is like the back-office of the battlefield—where people eat and sleep, and where a lot of soldiers have what looks suspiciously like a desk job. Male and female soldiers are trying to find an empty Porta Potty in which to get acquainted, grunts are playing Xbox and watching NASCAR between missions, and a lot of the senior staff are more concerned about getting to the chow hall in time for the Friday night all-you-can-eat seafood special than worrying about little things like military strategy. Darkly humorous and based on the author's own experiences in Iraq, Fobbit is a fantastic debut that shows us a behind-the-scenes portrait of the real Iraq war. "This novel nails the comedy and the pathos, the boredom and the dread, crafting the Iraq War's answer to Catch-22." —Publishers Weekly, starred review

**Istanbul** Orhan Pamuk, 2006-12-05 From the Nobel Prize winner and acclaimed author of My Name is Red comes a portrait of Istanbul by its foremost writer, revealing the melancholy that comes of living amid the ruins of a lost empire. Delightful, profound, marvelously original.... Pamuk tells the story of the city through the eyes of memory. —The Washington Post Book World A shimmering evocation, by turns intimate and panoramic, of one of the world's great cities, by its foremost writer. Orhan Pamuk was born in Istanbul and still lives in the family apartment building where his mother first held him in her arms. His portrait of his city is thus also a self-portrait, refracted by memory and the melancholy—or hüzün—that all Istanbulis share. With cinematic fluidity, Pamuk moves from his glamorous, unhappy parents to the gorgeous, decrepit mansions overlooking the Bosphorus; from the dawning of his self-consciousness to the writers and painters—both Turkish and foreign—who would shape his consciousness of his city. Like Joyce's Dublin and Borges' Buenos Aires, Pamuk's Istanbul is a triumphant encounter of place and sensibility, beautifully written and immensely moving.

**Paradise City** Archer Mayor, 2012-10-02 Now a New York Times bestselling series, Even in beautiful Vermont, Archer

Mayor finds shadows . . . and his detective, Joe Gunther, finds a way to beat them back. –NPR Joe Gunther and his team at the Vermont Bureau of Investigation are alerted to a string of unrelated burglaries across Vermont. Someone, in addition to flatscreens, computers, and stereos, has also been stealing antiques and jewelry. Meanwhile, in Boston, an elderly woman surprises some thieves in her Beacon Hill home and is viciously murdered. The Boston police find that not only is the loot similar to what's being stolen in Vermont, but it may have the same destination. Word is out that someone powerful is purchasing these particular kinds of items in the Paradise City of Northampton, Mass. Gunther, the Boston Police, and the vengeful granddaughter of the murdered old lady convene on Northampton, eager to get to the bottom of the mystery and find the responsible parties—although each is motivated to mete out some very different penalties.

**Girl In Room 105** Chetan Bhagat, 2024-02-23 Hi, I'm Keshav, and my life is screwed. I hate my job and my girlfriend left me. Ah, the beautiful Zara. Zara is from Kashmir. She is a Muslim. And did I tell you my family is a bit, well, traditional? Anyway, leave that. Zara and I broke up four years ago. She moved on in life. I didn't. I drank every night to forget her. I called, messaged, and stalked her on social media. She just ignored me. However, that night, on the eve of her birthday, Zara messaged me. She called me over, like old times, to her hostel room 105. I shouldn't have gone, but I did... and my life changed forever. This is not a love story. It is an unlove story. From the author of *Five Point Someone* and *2 States*, comes a fast-paced, funny and unputdownable thriller about obsessive love and finding purpose in life against the backdrop of contemporary India.

**The Friendly Orange Glow** Brian Dear, 2018-10-02 At a time when Steve Jobs was only a teenager and Mark Zuckerberg wasn't even born, a group of visionary engineers and designers—some of them only high school students—in the late 1960s and 1970s created a computer system called PLATO, which was light-years ahead in experimenting with how people would learn, engage, communicate, and play through connected computers. Not only did PLATO engineers make significant hardware breakthroughs with plasma displays and touch screens but PLATO programmers also came up with a long list of software innovations: chat rooms, instant messaging, message boards, screen savers, multiplayer games, online newspapers, interactive fiction, and emoticons. Together, the PLATO community pioneered what we now collectively engage in as cyberculture. They were among the first to identify and also realize the potential and scope of the social interconnectivity of computers, well before the creation of the internet. PLATO was the foundational model for every online community that was to follow in its footsteps. *The Friendly Orange Glow* is the first history to recount in fascinating detail the remarkable accomplishments and inspiring personal stories of the PLATO community. The addictive nature of PLATO both ruined many a college career and launched pathbreaking multimillion-dollar software products. Its development, impact, and eventual disappearance provides an instructive case study of technological innovation and disruption, project management, and missed opportunities. Above all, *The Friendly Orange Glow* at last reveals new perspectives on the origins of social computing and our internet-infatuated world.

Ranger Confidential Andrea Lankford, 2010-04-02 For twelve years, Andrea Lankford lived in the biggest, most impressive national parks in the world, working a job she loved. She chaperoned baby sea turtles on their journey to sea. She pursued bad guys on her galloping patrol horse. She jumped into rescue helicopters bound for the heart of the Grand Canyon. She won arguments with bears. She slept with a few too many rattlesnakes. Hell yeah, it was the best job in the world! Fortunately, Andrea survived it. In this graphic and yet surprisingly funny account of her and others' extraordinary careers, Lankford unveils a world in which park rangers struggle to maintain their idealism in the face of death, disillusionment, and the loss of a comrade killed while holding that thin green line between protecting the park from the people, the people from the park, and the people from each other. *Ranger Confidential* is the story behind the scenery of the nation's crown jewels—Yosemite, Grand Canyon, Yellowstone, Great Smokies, Denali. In these iconic landscapes, where nature and humanity constantly collide, scenery can be as cruel as it is redemptive.

**Reality Is Broken** Jane McGonigal, 2011-01-20 "McGonigal is a clear, methodical writer, and her ideas are well argued. Assertions are backed by countless psychological studies." –The Boston Globe "Powerful and provocative . . . McGonigal makes a persuasive case that games have a lot to teach us about how to make our lives, and the world, better." –San Jose Mercury News "Jane McGonigal's insights have the elegant, compact, deadly simplicity of

plutonium, and the same explosive force.” –Cory Doctorow, author of Little Brother A visionary game designer reveals how we can harness the power of games to boost global happiness. With 174 million gamers in the United States alone, we now live in a world where every generation will be a gamer generation. But why, Jane McGonigal asks, should games be used for escapist entertainment alone? In this groundbreaking book, she shows how we can leverage the power of games to fix what is wrong with the real world-from social problems like depression and obesity to global issues like poverty and climate change-and introduces us to cutting-edge games that are already changing the business, education, and nonprofit worlds. Written for gamers and non-gamers alike, Reality Is Broken shows that the future will belong to those who can understand, design, and play games. Jane McGonigal is also the author of SuperBetter: A Revolutionary Approach to Getting Stronger, Happier, Braver and More Resilient.

*Like It Happened Yesterday* Ravinder Singh,2013-06-15 Has anyone ever asked you–What were the best days of your life? That one period of your life you always wanted to go back to? And live that life . . . one more time? When asked this, I closed my eyes and went back in my own past. And I thought . . . . . of the days, when life's most complex choices had a simple solution of Akkad Bakkad Bambey Bo! . . . of the seasons when rains were celebrated by making paper boats. . . . of the times when waiting at the railway crossing meant counting the bogies of the train passing by. When I opened my eyes, it seems Like it Happened Yesterday! Like it was yesterday that I broke my first tooth and fell in love for the first time. Like it was yesterday, when I was about to lose my friend, and suddenly he became my best friend. I look back and it becomes a journey full of adventure. It makes me laugh, it makes me cry and I know I’m here because I was . . . Come, hold my hand, and take this trip with me. It will be yesterday for you, once again!

*Green Swans* John Elkington,2020-04-07 Even leading capitalists admit that capitalism is broken. Green Swans is a manifesto for system change designed to serve people, planet, and prosperity. In his twentieth book, John Elkington–dubbed the “Godfather of Sustainability”–explores new forms of capitalism fit for the twenty-first century. If Nassim Nicholas Taleb’s “Black Swans” are problems that can take us exponentially toward breakdown, then “Green Swans” are solutions that take us exponentially toward breakthrough. The success–and survival–of humanity now depends on how we rein in the first and accelerate the second. Green Swans draws on Elkington’s firsthand experience in some of the world’s best-known boardrooms and C-suites. Using case studies, real-world examples, and profiles on emergent technologies, Elkington shows how the weirdest “Ugly Ducklings” of today’s world may turn into tomorrow’s world-saving Green Swans. This book is a must-read for business leaders in corporations great and small who want to help their businesses survive the coming shift in global priorities over the next decade and expand their horizons from responsibility, through resilience, and onto regeneration.
