TRICARE Around the World John Letaw,2021-04-09 TRICARE Around the World is the first-ever definitive users guide to TRICARE, the health plan of the U.S. military which covers nearly 10 million members: Active duty, reservists, National Guard, military retirees, and their eligible family members. Despite being one of the nation's largest health plans, no comprehensive, user-friendly guide has ever been published - until now. With meticulous research, attention to detail, and engaging narrative style, John Letaw walks the reader through the labyrinth of TRICARE step-by-step. Topics include: - Who is covered - Description of each plan - How to select and enroll in a plan - What medical conditions are covered or excluded by TRICARE - The cost of each plan: Premiums, deductibles, copayments, annual caps - How to find a doctor in any country of the world - Special rules that govern the use of TRICARE in the Philippines - How to pay and how to submit a claim - What if something goes wrong; who can you turn to for help? By the end of the book, readers will understand how to take care of the health needs of their family; potentially saving thousands of dollars each year by getting their claims approved, sidestepping common mistakes, and avoiding costly & unnecessary third-party insurance. TRICARE Around the World is for every active duty family, military retirees, all reservists, including Gray Area Reservists who have unique TRICARE coverage of their own, National Guard, family members of all these sponsors and surviving family of deceased sponsors. All will benefit from this best-in-class book.

Combating Tobacco Use in Military and Veteran Populations Institute of Medicine, Board on Population Health and Public Health Practice, Committee on Smoking Cessation in Military and Veteran Populations, 2009-11-21 The health and economic costs of tobacco use in military and veteran populations are high. In 2007, the Department of Veterans Affairs (VA) and the Department of Defense (DoD) requested that the Institute of Medicine (IOM) make recommendations on how to reduce tobacco initiation and encourage cessation in both military and veteran populations. In its 2009 report, *Combating Tobacco in Military and Veteran Populations*, the authoring committee concludes that to prevent tobacco initiation and encourage cessation, both DoD and VA should implement comprehensive tobacco-control programs.

TRICARE: Betrayal in the Philippines James Houtsma, 2014-09-23 The Tricare program in the Philippines has been a failure of epic proportion among the first 3 and most important of the following stakeholders: (1) Tricare beneficiaries; (2) Tricare healthcare providers; (3) American taxpayers; (4) Oversight of the Tricare program: U.S. Congress; (5) Administrator of the Tricare program: Defense Health Agency/TRICARE Management Activity (DHA/TMA); and, (6) Tricare contractor: International SOS (ISOS) in the Philippines. Putting it another way, the DHA/TMA and ISOS took an imperfect but partially working model in the Philippines, and made it progressively worse to the point where nothing works, unnecessarily spawning thousands of tragedies, where Tricare beneficiaries and providers are up in arms anytime the word Tricare is mentioned, and where DHA/TMA and ISOS are the only 2 parties congratulating each other on the dysfunctions and tragedies they facilitated, exacerbated and perpetrated.

Delivering the Tricare Promise at Fort Carson John Garrity,2000 Delivering the TRICARE Promise involves compliance with specific standards especially in the area of access. The TRICARE pamphlets that are given to beneficiaries state that they should get an acute appointment within 24 hours and for routine care an appointment within one week. Prevention/wellness appointments are scheduled within a month. Patients should have to wait no longer than 30 minutes to see a provider during an appointment. The pamphlets also state that the beneficiary gets to choose their own individual primary care manager. At Fort Carson a conscious decision was made to enroll to teams or clinics not individual primary care managers based on medical need. Active duty patients on sick call are exempt from the standard of waiting no longer than 30 minutes to see a provider. The Surgeon General's directive in July of 1999 for all beneficiaries to be assigned to an individual primary care manager was an opportunity to review the implementation of the TRICARE Promise at Fort Carson. This project evaluates the Promise beginning with inprocessing to the post through assignment of a primary care manager to what actions are taken when a beneficiary who is an active duty soldier, a family member, or a retiree requires medical care. This project led to a revision of the Welcome Center TRICARE briefing making it more focused towards care at Fort Carson versus a TRICARE overview.
